NOTE

From:	General Secretariat of the Council
To:	Delegations
No. prev. doc.:	10547/23
Subject:	Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on Union guidelines for the development of the trans-European transport network, amending Regulation (EU) 2021/1153 and Regulation (EU) No 913/2010 and repealing Regulation (EU) 1315/2013 - Revised four-column document on Chapters I and II

Delegations will find attached compromises prepared by the Presidency on Chapters I and II of the above proposal. New compromises or comments have been added to the following lines: **115, 116, 125, 140, 161, 173f, 181, 199, 201c, 233, 237, 237c, 242b, 242c, 245, 248, 251, 251a and 251b.**

**Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on Union guidelines for the development of the trans-European transport network, amending Regulation (EU) 2021/1153 and Regulation (EU) No 913/2010 and repealing Regulation (EU) 1315/2013 (Text with EEA relevance)
2021/0420(COD)**

This Regulation applies to the trans-European transport network as shown on the maps set out in Annex I and in the	B, except the content of Annexes I and II.

	Commission Proposal	Amended COM Proposal	EP Mandate	Council Mandate	Draft Agreement / Presidency compromises / Comments
	European transport network comprises transport infrastructure, including infrastructure for the deployment of alternative fuels, ICT systems for transport as well as measures promoting the efficient management and use of such infrastructure and permitting the establishment and operation of sustainable and efficient transport services.		European transport network comprises transport infrastructure, including infrastructure for the deployment of alternative fuels, <i>and</i> ICT systems for transport <i>as well as measures promoting the efficient management and use of such infrastructure and permitting the establishment and operation of sustainable and efficient transport services</i> according to <i>Directive 2014/94/EU of the European Parliament and of the Council and Directive 2010/40/EU of the European Parliament and of the Council, respectively.</i>	lists in Annex III. The trans-European transport network comprises transport infrastructure, including infrastructure for the deployment of alternative fuels, ICT systems for transport as well as measures promoting the efficient management and use of such infrastructure and permitting the establishment and operation of sustainable and efficient transport services.	EP accepts Council AM.
Article 2(2)					
102	2. The infrastructure of the trans-European transport network consists of the infrastructure for railway transport, inland waterway transport, maritime			2. The infrastructure of the trans-European transport network consists of the infrastructure for railway transport, inland waterway transport, maritime	B EP accepts Council's text.

	Commission Proposal	Amended COM Proposal	EP Mandate	Council Mandate	Draft Agreement / Presidency compromises / Comments
	transport, road transport, air transport, multimodal transport and transport in urban nodes, as laid down in the relevant sections of Chapters II, III and IV.			transport, road transport, air transport, and multimodal transport and transport , including in urban nodes, as laid down in the relevant sections of Chapters II, III and IV.	
Article 3					
103	Article 3 Definitions			Article 3 Definitions	
Article 3, first paragraph					
104	For the purpose of this Regulation, the following definitions apply:			For the purpose of this Regulation, the following definitions apply:	
Article 3, first paragraph, point (a)					
105	(a) 'project of common interest' means any project carried out pursuant to this Regulation;			(a) 'project of common interest' means any project carried out pursuant to this Regulation;	
Article 3, first paragraph, point (b)					
106					

	Commission Proposal	Amended COM Proposal	EP Mandate	Council Mandate	Draft Agreement / Presidency compromises / Comments
	(b) 'neighbouring country' means a country falling within the scope of the European Neighbourhood Policy, the Enlargement Policy, and the European Economic Area, the European Free Trade Association or the EU-UK Trade and Cooperation Agreement;			(b) 'neighbouring country' means a third country falling within the scope of the European Neighbourhood Policy, the Enlargement Policy, and the European Economic Area, the European Free Trade Association or the EU-UK Trade and Cooperation Agreement;	A EP accepts Council's text.
Article 3, first paragraph, point (c)					
107	(c) 'NUTS region' means a region as defined in the Nomenclature of Territorial Units for Statistics;			(c) 'NUTS region' means a region as defined in the Nomenclature classified in Regulation (EC) No 1059/2003 on the establishment of a common classification of territorial units for statistics;	B EP accepts Council position.
Article 3, first paragraph, point (d)					
108	(d) 'cross-border section' means the section which ensures the continuity of a project of common interest			(d) 'cross-border section' means the section which ensures the continuity of a project of common interest	

	Commission Proposal	Amended COM Proposal	EP Mandate	Council Mandate	Draft Agreement / Presidency compromises / Comments
	on both sides of the border, between the closest urban nodes to the border of two Member States or between a Member State and a neighbouring country;			on both sides of the border, between the closest urban nodes to the border of two Member States or between a Member State and a neighbouring country;	
Article 3, first paragraph, point (e)					
109	(e) 'bottleneck' means a physical, technical, functional, operational or administrative barrier which leads to a system break affecting the continuity of long-distance or cross-border flows;		(e) 'bottleneck' means a physical, technical, functional, operational or administrative barrier which leads to a system break, congestion or standstills in either direction of traffic, or recurrent interruptions affecting the continuity of long-distance or cross-border flows;	(e) 'bottleneck' means a physical, technical, functional, operational or administrative barrier which leads to a system break affecting the continuity of traffic for long-distance or cross-border flows;	B Presidency compromise proposal, tentatively agreed with the EP: 'bottleneck' means a physical, technical, functional, operational or administrative barrier which leads to a system break, including systematic congestion or standstill, affecting the continuity of traffic for long-distance or cross-border flows.
Article 3, first paragraph, point (f)					
110					

	Commission Proposal	Amended COM Proposal	EP Mandate	Council Mandate	Draft Agreement / Presidency compromises / Comments
	(f) 'urban node' means an urban area where elements of the transport infrastructure of the trans-European transport network, such as ports including passenger terminals, airports, railway stations, bus terminals, logistic platforms and facilities and freight terminals, located in and around the urban area, are connected with other elements of that infrastructure and with the infrastructure for regional and local traffic;		(f) 'urban node' means an functional urban area where elements of the transport infrastructure of the trans-European transport network, such as ports including passenger terminals, airports, railway stations, bus terminals, logistic platforms infrastructure for active modes, multimodal freight hubs and facilities, train turnaround terminals and freight terminals, located in and/or around the urban area, are connected with other elements of that infrastructure and with the infrastructure for regional and local and urban of passengers and freight ;	(f) 'urban node' means an urban area where elements of the transport infrastructure of the trans-European transport network, such as ports including passenger terminals, airports, railway stations, bus terminals, logistic platforms and facilities and freight terminals, located in and around the urban area, are connected with other elements of that infrastructure and with the infrastructure for regional and local traffic, including the one related to active modes ;	B Presidency compromise proposal accepted by the EP: (f) 'urban node' means an urban area where elements of the transport infrastructure of the trans-European transport network for passengers and freight, such as ports including passenger terminals, airports, railway stations, bus terminals, multimodal freight terminals, located in and around the urban area, are connected with other elements of that infrastructure and with the infrastructure for regional and local traffic including infrastructure for active modes;
Article 3, first paragraph, point (g)					
111	(g) 'isolated network'			(g) 'isolated network'	

	Commission Proposal	Amended COM Proposal	EP Mandate	Council Mandate	Draft Agreement / Presidency compromises / Comments
	means the rail network of a Member State, or a part thereof, with a track gauge different from that of the European standard nominal track gauge (1435 mm), for which certain major infrastructure investments cannot be justified in economic cost-benefit terms by virtue of the specificities of that network arising from its geographic detachment or peripheral location;			means the rail network of a Member State, or a part thereof, with a track gauge different from that of the European standard nominal track gauge (1435 mm), for which certain major infrastructure investments cannot be justified in economic cost-benefit terms by virtue of the specificities of that network arising from its geographic detachment or peripheral location;.	C - linked to Articles 16 and 16a EP accepts Council position.
Article 3, first paragraph, point (h)					
112	(h) 'infrastructure manager' means any body or undertaking that is responsible, in particular, for establishing or maintaining transport infrastructure, including the management of infrastructure control and safety systems;			(h) 'infrastructure manager' means any body or undertaking that is responsible, in particular, for establishing or maintaining transport infrastructure, including the management of infrastructure control and safety systems;	B EP request to keep the definition. PCY proposes to agree and reinsert the definition (coherent with Directive 2012/34).
Article 3, first paragraph, point (i)					

	Commission Proposal	Amended COM Proposal	EP Mandate	Council Mandate	Draft Agreement / Presidency compromises / Comments
113	(i) 'multimodal transport' means the carriage of passengers or freight, or both, using two or more modes of transport;			(i) 'multimodal transport' means the carriage of passengers or freight, or both, using two or more modes of transport;	
Article 3, first paragraph, point (j)					
114	(j) 'multimodal digital mobility services' means services as defined in Article 4 of Directive (EU) [...] on the framework for the deployment of Intelligent Transport Systems¹; 1. Directive 2021/... revising Directive 2010/40/EU of the European Parliament and of the Council of 7 July 2010 on the framework for the deployment of Intelligent Transport Systems in the field of road transport and for interfaces with other modes of transport] (OJ L [...]).			(j) 'multimodal digital mobility services' means services as defined in Article 4[...] of Directive 2010/40 (EU) [...] on the framework for the deployment of Intelligent Transport Systems¹; 1. Directive 2021XXX (EU)/... revising Directive 2010/40/EU of the European Parliament and of the Council of 7 July 2010 on the framework for the deployment of Intelligent Transport Systems in the field of road transport and for interfaces with other modes of transport] (OJ L [...]).
