NOTE

From:	General Secretariat of the Council
To:	Delegations
No. Cion doc.:	10119/23 + ADD 1
Subject:	Proposal for a DIRECTIVE OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL amending Directive 2005/35/EC on ship-source pollution and on the introduction of penalties, including criminal penalties, for pollution offences – 4 column document

In view of the Shipping Working Party meeting on 22 January 2024, delegations will find attached a four-column document.

The fourth column reflects the outcome of the second technical meeting with the Parliament on 17 January 2024 (rows 105-125), and also contains compromise proposals¹ for some of those lines and others, not yet discussed with the EP, for examination by delegations. Items marked in **green** are provisionally agreed².

¹ The changes indicated in the compromise proposals are compared with general approach text, unless otherwise indicated.

² With the caveat "nothing is agreed until everything is agreed".

Further background and explanations on the discussions and options will be presented in a separate Presidency non-paper.

**Proposal for a DIRECTIVE OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
amending Directive 2005/35/EC on ship-source pollution and on the introduction of penalties,
including criminal penalties, for pollution offences (Text with EEA relevance)

16a			<p>(6a) The “discharge waters”, as defined in both MEPC.1/Circ.899 and Resolution MEPC.340(77), could be discharged directly overboard if they are compliant with discharge water quality criteria set out in the guidelines for exhaust gas cleaning systems. However, the discharge waters from EGCS may affect the ecosystem although they are complying with MARPOL Marpol 73/78. In this case, the Member State may impose restrictions or limitations which can be based on the evaluation carried out using the methodology for risk and impact assessments contained in the guidelines developed by the IMO and recommended by</p>	<p>B</p> <p><i>Keep GA (recitals not yet discussed with EP)</i></p>

	Commission Proposal	EP Mandate	Council Mandate	PCY suggestions/comments
			MEPC. In that case, the “discharge waters” may cause pollution to the marine environment, and the administrative penalties provided under Directive 2005/35/EC should apply in case of illegal discharges with due consideration to MEPC.1/Circ.883/Rev.1.	
Recital 6b				
16b		<u>(6b) Beyond the scope of the present directive, marine pollution is broader than the specific ship-source aspects covered by Marpol 73/78 annexes, as defined in Article 3 paragraph 8 of Directive (EU) 2008/56/EC and also covered by other relevant EU legislation. It results in harming biodiversity and living resources in marine ecosystems, as well as in hazards to human health and the impairment of the quality for use of sea water and the sustainable use of marine goods and services, hence hindering other marine activities, such as fishing, tourism and recreation. Underwater noise pollution, produced by shipping, is detrimental to marine species both in the short and long term,</u>		C Keep GA (recitals not yet discussed with EP)

	Commission Proposal	EP Mandate	Council Mandate	PCY suggestions/comments
		<u>particularly to marine mammals, but also to fish, crustaceans, and invertebrates, as they use sound to find food, communicate with one another and avoid predators. Reporting by Member States of incidents involving excessive underwater noise should be encouraged. Air pollution, such as black carbon, PM or Nox, can become a public health threat, particularly in coastal areas, as well as the release of plastic microbeads and pellets from containers.</u>
