- Greening  
15874/2/12 REV 2 AGRI 731 AGRIFIN 208 CODEC 2596
- *Orientation debate*

The SCA considered further Presidency suggested amendments to the greening provisions set out in doc. 15874/2/12 REV 2.

The SCA noted the Presidency's explanations on the suggested changes and on a number of minor corrections (these were incorporated in the further revised version of the text distributed with reference 15874/3/12 REV 3).

The SCA also noted the scrutiny reserves entered by delegations and the preliminary views on the text expressed by delegations and by the Commission representative, with several delegations reiterating their general position that the issue of greening was linked to ongoing discussions on the Multiannual Financial Framework 2014-2020.

Thereafter, the SCA took note of the Presidency's concluding remarks, in particular:

- that most delegations welcomed the suggested amendments as a step in the right direction, but that further technical work was needed;
- that the Presidency, following the encouragement from delegations, would take work forward on greening at the SCA meeting on 10 December 2012, on the basis of a slightly adjusted text;
- that delegations were welcome to submit written contributions.

Finally the SCA took note of the Presidency invitation to delegations to lift their scrutiny reserves or send written comments by Tuesday 4 December close of business.
