LEGISLATIVE ACTS AND OTHER INSTRUMENTS

Subject: Agreement between the European Union and the government of the Republic of
Turkey on certain aspects of Air Services

AGREEMENT
BETWEEN THE EUROPEAN UNION
AND THE GOVERNMENT OF THE REPUBLIC OF TURKEY
ON CERTAIN ASPECTS OF AIR SERVICES

THE EUROPEAN UNION, (hereinafter "the Union")

of the one part, and

THE GOVERNMENT OF THE REPUBLIC OF TURKEY (hereinafter "Turkey")

of the other part

(hereinafter "the Parties"),

HAVING REGARD to Council Decision 64/732/EEC of 23 December 1963 on the conclusion of the Agreement establishing an Association between the European Economic Community and Turkey, and Decision 1/95 of the EC-Turkey Association Council of 22 December 1995 on implementing the final phase of the Customs Union, which constitute the legal basis of Turkey's association with the EU,

HAVING REGARD to the adoption at the Luxembourg Intergovernmental Conference of 3 October 2005 of the Negotiating Framework and in particular Articles 1, 2 and 6 thereof,

HAVING REGARD to Council Decision 2008/157/EC of 18 February 2008 on the principles, priorities and conditions contained in the Accession Partnership with the Republic of Turkey and the 2008 National Programme of Turkey for the Adoption of the EU Acquis in which Turkey accepts and is prepared to implement the full "Acquis" in relation to air transport matters upon accession to the EU,

NOTING that, until such accession, this Agreement will open the way towards Turkey's participation in Union civil aviation projects, in particular the Single European Sky, in order to assist Turkey in the adoption of the "Acquis",

NOTING that the European Court of Justice has found that certain provisions of bilateral air services agreements concluded between several Member States of the Union and third countries are incompatible with Union law,

NOTING that bilateral air services agreements concluded between several Member States of the Union and Turkey contain similar provisions and that there is an obligation on Member States to take all appropriate steps to eliminate incompatibilities between such agreements and Union law,

NOTING that the Union has exclusive competence with respect to several aspects that may be included in bilateral air services agreements between Member States of the Union and third countries,

NOTING that under Union law Community air carriers established in a Member State have the right to non-discriminatory access to air routes between the Member States of the Union and third countries,

HAVING REGARD to the agreements between the Union and certain third countries providing for the possibility for the nationals of such third countries to acquire ownership in air carriers licensed in accordance with Union law,

RECOGNISING that consistency between Union law and the provisions of the bilateral air services agreements between Member States of the Union and Turkey will provide a sound legal basis for air services between the Union and Turkey and preserve the continuity of such air services,

NOTING that under Union law air carriers may not, in principle, conclude agreements which may affect trade between Member States of the Union and which have as their object or effect the prevention, restriction or distortion of competition,

RECOGNISING that provisions in bilateral air services agreements concluded between Member States of the Union and Turkey which i) require or favour the adoption of agreements between undertakings, decisions by associations of undertakings or concerted practices that prevent, distort or restrict competition between air carriers on the relevant routes; or ii) reinforce the effects of any such agreement, decision or concerted practice; or iii) delegate to air carriers or other private economic operators the responsibility for taking measures that prevent, distort or restrict competition between air carriers on the relevant routes may render ineffective the competition rules applicable to undertakings,

NOTING that it is not a purpose of the Union, as part of these negotiations, to increase the total volume of air traffic between the Union and Turkey, to affect the balance between Community air carriers and air carriers of Turkey, or to negotiate amendments to the provisions of existing bilateral air services agreements concerning traffic rights,

NOTING that nothing in this Agreement shall be deemed to confer on the air carrier of a Designating Member State the privilege of taking advantage of unused frequencies between Turkey and other Member States before the procedures regarding designation have been duly completed between the designating Member State and Turkey,

NOTING that the principle of fair and equal opportunity laid down in the relevant bilateral Air Services Agreements for Turkish and Community air carriers will be fully respected,

HAVE AGREED AS FOLLOWS:

ARTICLE 1

General provisions

1. For the purposes of this Agreement, "Member States" shall mean Member States of the Union, and "EU Treaties" shall mean the Treaty on European Union and the Treaty on the Functioning of the European Union.
2. References in each of the agreements listed in Annex 1 to nationals of the Member State that is a party to that agreement shall be understood as referring to nationals of the Member States of the Union.
3. References in each of the agreements listed in Annex 1 to air carriers or airlines of the Member State that is a party to that agreement shall be understood as referring to air carriers or airlines designated by that Member State.
4. The granting of traffic rights will continue to be carried out through bilateral agreements and arrangements on air services.

ARTICLE 2

Designation, Authorisation and Revocation

1. The provisions in paragraphs 2 and 3 of this Article shall supersede the corresponding provisions in the articles listed in Annex 2 (a) and (b) respectively, in relation to the designation of an air carrier by the Member State concerned, its authorisations and permissions granted by Turkey, and the refusal, revocation, suspension or limitation of the authorisations or permissions of the air carrier, respectively. The provisions in paragraphs 4 and 5 of this Article shall supersede the corresponding provisions in the articles listed in Annex 2 (a) and (b) respectively, in relation to the designation of an air carrier by Turkey, its authorisations and permissions granted by the Member State, and the refusal, revocation, suspension or limitation of the authorisations or permissions of the air carrier, respectively.
2. On receipt of a designation by a Member State, Turkey shall grant the appropriate authorisations and permissions with minimum procedural delay, provided that:
 - i. the air carrier is established, under the EU Treaties, in the territory of the designating Member State and has a valid Operating Licence in accordance with the Union law; and
 - ii. effective regulatory control of the air carrier is exercised and maintained by the Member State responsible for issuing its Air Operators Certificate and the relevant aeronautical authority is clearly identified in the designation; and

- iii. the air carrier is owned and shall continue to be owned directly or through majority ownership by Member States and/or nationals of Member States, or by other states listed in Annex 3 and/or nationals of such other states, and shall at all times be effectively controlled by such states and/or such nationals.
3. Turkey may refuse, revoke, suspend or limit the authorisations or permissions of an air carrier designated by a Member State where:
- i. the air carrier is not established, under the EU Treaties, in the territory of the designating Member State or does not have a valid Operating Licence in accordance with Union law; or
 - ii. effective regulatory control of the air carrier is not exercised or not maintained by the Member State responsible for issuing its Air Operators Certificate, or the relevant aeronautical authority is not clearly identified in the designation; or
 - iii. the air carrier is not owned and effectively controlled directly or through majority ownership by Member States and/or nationals of Member States, or by other states listed in Annex 3 and/or nationals of such other states; or
 - iv. the air carrier is already authorised to operate under a bilateral agreement between the Republic of Turkey and another Member State and Turkey demonstrates that, by exercising traffic rights under this Agreement on a route that includes a point in that other Member State, it would be circumventing restrictions on traffic rights imposed by a bilateral agreement between Turkey and that other Member State; or

- v. the air carrier holds an Air Operators Certificate and Operating Licence issued by a Member State with which the Republic of Turkey does not have a bilateral air services agreement, and the necessary traffic rights or related commercial opportunities to that Member State are not reciprocally available to the designated air carriers of the Republic of Turkey.

In exercising its right under this paragraph, Turkey shall not discriminate between Community air carriers on the grounds of nationality.

4. On receipt of a designation by Turkey, a Member State shall grant the appropriate authorisations and permissions with minimum procedural delay, provided that:

- i. the air carrier is established in Turkey; and
- ii. Turkey has and maintains effective regulatory control of the air carrier and is responsible for issuing its Air Operators Certificate; and
- iii. the air carrier is owned and effectively controlled directly or through majority ownership by Turkey and/or nationals of Turkey.

5. A Member State may refuse, revoke, suspend or limit the authorisation or permissions of an air carrier designated by Turkey where:

- i. the air carrier is not established in Turkey; or

- ii. effective regulatory control of the air carrier is not exercised or not maintained by Turkey or Turkey is not responsible for issuing its Air Operators Certificate; or
- iii. the air carrier is not owned and effectively controlled directly or through majority ownership by Turkey and/or nationals of Turkey.

ARTICLE 3

Safety

1. The provisions in paragraph 2 of this Article shall complement the articles listed in Annex 2 (c).
2. Where a Member State has designated an air carrier whose regulatory control is exercised and maintained by another Member State, the rights of Turkey under the safety provisions of the agreement between the Member State that has designated the air carrier and Turkey shall apply equally in respect of the adoption, exercise or maintenance of safety standards by that other Member State and in respect of the operating authorisation of that air carrier.

ARTICLE 4

Taxation of aviation fuel

1. The provisions in paragraph 2 of this Article shall complement the corresponding provisions in the articles listed in Annex 2 (d).
2. Notwithstanding any other provision to the contrary, nothing in each of the agreements listed in Annex 2 (d) shall prevent a Member State from imposing, on a non-discriminatory basis, taxes, levies, duties, fees or charges on fuel supplied in its territory for use in an aircraft of a designated air carrier of Turkey that operates between a point in the territory of that Member State and another point in the territory of that Member State or in the territory of another Member State.

ARTICLE 5

Compatibility with competition rules

1. Notwithstanding any other provision to the contrary, nothing in each of the agreements listed in Annex 1 shall (i) require or favour the adoption of agreements between undertakings, decisions by associations of undertakings or concerted practices that prevent or distort competition; (ii) reinforce the effects of any such agreement, decision or concerted practice; or (iii) delegate to private economic operators the responsibility for taking measures that prevent, distort or restrict competition.

2. The provisions contained in the agreements listed in Annex 1 that are incompatible with paragraph 1 of this Article shall not be applied.

2. Notwithstanding paragraph 1, the Parties agree to provisionally apply this Agreement from the first day of the month following the date on which the Parties have notified each other of the completion of the procedures necessary for this purpose.

ARTICLE 9

1. In the event that an agreement listed in Annex 1 is terminated, all provisions of this Agreement that relate to the agreement listed in Annex 1 concerned shall terminate at the same time.
2. In the event that all agreements listed in Annex 1 are terminated, this Agreement shall terminate at the same time.
