Justifications

Decreased 01 03 03

Nuclear direct actions of the Joint Research Centre

The legal basis for Euratom has been adopted only in May 2021. As this budget is implemented mainly through procurement and payments on deliverables, it is not expected that the delays can be recovered by year end. Given the time needed to finalise the procurement actions needed, the major part of the payments will take place in 2022. Therefore, an amount of EUR 0,7 million can be made available.

Decreased 01 03 99 01

Completion of previous Euratom research programmes (prior to 2021)

Several multiannual high value contracts had to be terminated or renegotiated due to the Covid-19 crisis. This led to delays in implementation and the corresponding payments will only take place in 2022. Therefore, an amount of EUR 1 million can be made available.

Decreased 02 02 99 03

Completion of previous research programmes (prior to 2021) -- Financial instruments

This budget line relates to the completion of the ELENA 2014-2020 facility managed by the European Investment Bank (EIB) and financed by Horizon 2020. The surplus is calculated based on the latest forecast sent by the EIB and is mainly due to delays in the progress of the projects financed by ELENA following the Covid-19 crisis. Therefore, an amount of EUR 14 million can be made available.

Decreased 02 02 99 06

Completion of previous Connecting Europe Facility (CEF) -- Transport programmes (prior to 2021) -- Financial instruments

This budget line relates to the Marguerite Fund, which is a pan-European equity fund that acts as a catalyst for key investments in renewables, energy and transport. It was launched in 2010 and focuses on greenfield investments within its target sectors, namely (i) Transport, in particular trans-European transport networks (TEN-T), (ii) Energy, in particular trans-European energy networks (TEN-E) and (iii) Renewable Energies. EUR 80 million were committed to the Fund since 2010, with EUR 1,6 million still to be paid. The last capital call from the Fund for the balance of EUR 1,6 million was expected in 2021. However due to delays in the preparation of some target projects, the timeline for calling the funds has shifted to 2022. EUR 1,3 million could be used via autonomous transfers. Therefore, an amount of EUR 0,3 million can be made available for the end-of-year transfer.

Decreased 02 02 99 07

Completion of previous Connecting Europe Facility (CEF) -- ICT programmes (prior to 2021) -- Financial instruments

Payments under financial instruments are depending on the capital calls. The final 2021 capital call figures are lower than expected. Therefore, an amount of EUR 4,9 million can be made available.

Decreased 02 03 03 01

Connecting Europe Facility (CEF) -- Digital

Given the late adoption of the CEF work programme in the last quarter of year 2021, no action could be launched and all payments foreseen in 2021 are postponed till 2022. Therefore, an amount of EUR 1,6 million can be made available.

Decreased 02 03 99 01

Completion of previous Connecting Europe Facility (CEF) -- Transport activities (prior to 2021)

This surplus is based on the latest payment forecast for the Connecting Europe Facility 2014-2020; many projects were delayed hence invoices that were to be received during the year have not arrived yet, mainly due to the Covid-19 crisis. Therefore, an amount of EUR 10 million can be made available.

Decreased 02 03 99 02

Completion of previous Connecting Europe Facility (CEF) -- Energy activities (prior to 2021)

This surplus is based on the latest payment forecast for the Connecting Europe Facility 2014-2020 where some projects were delayed (mainly due to the Covid-19 crisis) hence the invoices were not received as foreseen. Therefore, an amount of EUR 3,4 million can be made available.

Decreased 02 03 99 03

Completion of previous Connecting Europe Facility (CEF) -- ICT activities (prior to 2021)

The main reasons for the surplus are:

- the Covid-19 crisis has affected the beneficiaries negatively:
 - Slow response: the beneficiaries had difficulties to timely provide the requested information (ex. necessary invoices for the Commission's sampling, information on costs eligibility);
 - Shift of staff on other priorities: a substantial share of CEF beneficiaries are hospitals, NGOs and public administrations of different sizes that relocated at least temporarily their staff to other priorities. This had an impact on the foreseen date of completion of the actions;
 - High number of amendments for extension of the duration of the actions;
 - Additionally, a substantial number of costs claims were not submitted by the beneficiaries. Despite Commission reminders, and proof that the actions have been completed, the beneficiaries did not yet provide the costs claims and/or the technical reports;
- Several technical issues on the beneficiaries' side negatively impacted the technical compliance.

In addition a couple of large payments were postponed to 2022. Therefore, an amount of EUR 9,1 million can be made available.

Decreased 02 04 01 11

European Cybersecurity Industrial, Technology and Research Competence Centre

The basic act of the European Cybersecurity Industrial, Technology and Research Competence Centre was adopted on 20 May 2021. Until the Centre becomes financially autonomous, its activities will be implemented by the Commission on its behalf. To that end, the Commission adopted the "Cybersecurity" work programme 2021-2022 under the Digital Europe Programme on 10 November 2021. This late adoption has led to low payment needs this year. Therefore, an amount of EUR 1,1 million can be made available.

Decreased 02 04 02 10

High-Performance Computing

The basic act of the EuroHPC joint undertaking was adopted on 13 July 2021. The dedicated work programme for High-Performance Computing will be adopted by the Governing Board of– only in the final weeks of the year. This late adoption has led to lower payment needs this year. Therefore, an amount of EUR 0,5 million can be made available.

Decreased 02 04 03

Artificial intelligence

The Commission adopted the main work programme 2021-2022 of the Digital Europe Programme on 10 November 2021. This late adoption has led to lower payment needs this year. Therefore, an amount of EUR 6,4 million can be made available.

Decreased 02 04 04

Skills

The Commission adopted the main work programme 2021-2022 of the Digital Europe Programme on 10 November 2021. This late adoption has led to lower payment needs this year. Therefore, an amount of EUR 1,9 million can be made available.

Decreased 02 04 05 01

Deployment

The Commission adopted the main work programme 2021-2022 of the Digital Europe Programme on 10 November 2021. This late adoption has led to lower payment needs this year. Therefore, an amount of EUR 0,8 million can be made available.

Decreased 02 04 05 02

Deployment / Interoperability

The Commission adopted the main work programme 2021-2022 of the Digital Europe Programme on 10 November 2021. This late adoption has led to lower payment needs this year. Therefore, an amount of EUR 82 000 can be made available.

Decreased 02 04 99 01

Completion of previous programmes in the field of interoperability solutions for public administrations, businesses and citizens (ISA) (prior to 2021)

The identified surplus of EUR 2,1 million is due to the following factors:

- 1) Many activities performed under the ISA2 programme are continued under the Digital Europe Programme (DEP). The adoption of the Digital Europe Work Program was delayed from September to November 2021. The payment estimates have been revised to account of a slowed-down implementation of the ISA programme in order to avoid a gap in the contracts;
- 2) Due to the Covid-19 crisis, some physical meetings were postponed leading to extensions of the contracts and invoicing.

Decreased 02 20 04 03

Definition and implementation of the Union's policy in the field of electronic communications

The decrease in needs is mainly due to delays in receiving acceptable final reports for studies commissioned. Therefore, payments planned for November or December 2021 will only take place in early 2022. Other minor elements concern the reduction of translations and expenses linked to expert meetings due to the absence of physical meetings. Therefore, an amount of EUR 0,5 million can be made available.

Decreased 03 02 01 05

Competition policy for a stronger Union in the digital age

Given the late adoption of the basic act for the Single Market programme, the commitment implementation is delayed. As a result, payments relating to these commitments will take place at a later stage. Therefore, an amount of EUR 1,2 million can be made available.

Decreased 03 02 04 01

Ensuring high level of consumer protection and product safety

The late adoption of the MFF and consequently of the Single Market Programme regulation and of the Financing Decision (in May 2021) impacted on the implementation of the programme.

Additionally, the actions related to Consumer protection were impacted by the Covid-19 crisis as well as policy considerations and rethinking linked to the adoption of the New Consumer Agenda. Therefore, an amount of EUR 0,9 million can be made available.

Decreased 03 02 06

Contributing to a high level of health and welfare for humans, animals and plants

As a consequence of the delays in the reporting under Emergency Fund files, for which commitment and payment appropriations are normally needed simultaneously, an amount of EUR 8,1 million can be made available.

Decreased 03 02 99 02

Completion of previous measures in food and feed safety, animal health, animal welfare and plant health (prior to 2021)

As a consequence of significant delays in responses and in-depth controls in four large veterinary payments (i.e. Brucellosis, Salmonella, African Swine Fever, Bluetongue), as well as other delays in European Union reference laboratories and centres (EURL/EURC) and Better Training for Safer Food (BTSF) programmes, an amount of EUR 11,7 million can be made available.

Decreased 03 02 99 03

Completion of previous activities and programmes in the field of consumers (prior to 2021)

Consumer protection related actions were impacted by the Covid-19 crisis as well as policy considerations and rethinking linked to the adoption of the New Consumer Agenda. The strong negative effects of the Covid-19 crisis have led to extensions in procurement contracts which delayed the payments. Therefore, an amount of EUR 0,8 million can be made available.

Decreased 03 02 99 04

Completion of previous programmes related to standardisation, financial reporting and services, auditing and statistics (prior to 2021)

The Covid-19 crisis delayed the implementation of actions and contracts by the beneficiaries and contractors, which resulted in late submission of requests for reimbursements of costs and invoices. Therefore, an amount of EUR 5 million can be made available.

Decreased 03 03 01

Preventing and combatting fraud, corruption and any other illegal activities affecting the financial interests of the Union

The identified surplus of EUR 1 million is mainly due to the late adoption of the basic act of the Antifraud programme, but also to the effects of the Covid-19 crisis. Conferences were postponed or cancelled, grant agreements could not be signed in time and grantees could not start their operations in time.

Increased 05 02 99 01

Completion of the European Regional Development Fund (ERDF) -- Operational expenditure (prior to 2021)

Taking into account the acceleration in implementation and the latest available Member States' forecasts submitted in July 2021, the Commission considers that a reinforcement of EUR 654 million in payment appropriations is necessary in order to meet the estimated needs until the end of 2021.

Decreased 05 02 99 03

Completion of the ERDF -- Article 25 - Article 11 (prior to 2021)

Following the revised forecast for payments, requests for final payments will arrive late in December. Therefore, these payments will be processed at the beginning of 2022 and an amount of EUR 1,5 million can be made available.

Decreased 05 03 99 04

Completion of the Cohesion Fund (CF) -- Article 25 -- Article 11 (prior to 2021)

All payments scheduled for this year have been processed, therefore the remaining amount of EUR 67 688 can be made available.

Decreased 06 05 99 01

Completion of previous programmes and actions in the field of civil protection within the Union (prior to 2021)

Due to the Covid-19 crisis, contracts were extended until 31 December 2021 or beginning of 2022 to carry out the activities foreseen:

- contractors encountered delays in implementing the activities in the last quarter of 2021, still due to the evolving situation of the pandemic;
- specific items could not be procured/delivered in time as the Covid-19 crisis disrupted global supply chains;
- some trainings had to be postponed since staff could not meet in person.

The final reports were not submitted before mid-December and payments can therefore only be executed beginning of 2022. Therefore, an amount of EUR 29 million can be made available.

Decreased 06 06 01

EU4Health Programme

As a consequence of the late adoption of the 2021-2027 MFF and the EU4Health Programme, and the delay in the signature of certain grants with international organisations for which a pre-financing was planned this year, an amount of EUR 2,5 million can be made available.

Decreased 06 06 99 01

Completion of previous public health programmes (prior to 2021)

The needs for the completion of the previous health programmes are lower than initially estimated, due to significant delays in reporting and low costs reported, as well as due to the delays following quality issues in service contracts. Therefore, an amount of EUR 7,4 million can be made available.

Decreased 06 10 01

European Centre for Disease Prevention and Control

Considering the late inscription of the EFTA contribution and the fact that the Centre had to consume these appropriations as a priority, the EU contribution will not be absorbed entirely by the end of the year. Therefore, an amount of EUR 1,6 million can be made available.

Decreased 06 20 04 01

Coordination and surveillance of, and communication on, the economic and monetary union, including the euro

The surplus of EUR 0,3 million in payment appropriations is linked to delays in the implementation of projects related to the Business Consumer Survey and the postponement of an event from March to October 2022.

Decreased 07 02 99 06

Completion of the European Social Fund (ESF) -- Article 25 (prior to 2021)

Following the revised forecast for payments, requests for final payments will arrive late in December. Therefore, these requests will be processed at the beginning of 2022 and an amount of EUR 1 million can be made available.

Decreased 07 03 01 01

Promoting learning mobility of individuals, as well as cooperation, inclusion, excellence, creativity and innovation at the level of organisations and policies in the field of education and training -- Indirect management

Taking into account the late adoption of the Erasmus+ Regulation, the implementation of some activities managed by National Agencies was delayed, postponing the initially foreseen payments on this budget line. Therefore, an amount of EUR 64,8 million can be made available. The corresponding payments are expected to be made in 2022.

Decreased 07 03 01 02

Promoting learning mobility of individuals, as well as cooperation, inclusion, excellence, creativity and innovation at the level of organisations and policies in the field of education and training -- Direct management

The late adoption of the basic acts of the Erasmus+ programme has affected the budget implementation in 2021, pushing the start of the activities (calls, selection, contracts) to the second part of the year. Selection and award processes of some calls for proposals are not progressing as initially planned due to technical issues linked to the use of e-Grants tool. Under these circumstances, several agreements and related pre-financing are slightly delayed and foreseen to be processed beginning of next year instead of in December 2021. Therefore, an amount of EUR 66,4 million can be made available.

Decreased 07 03 99 01

Completion of previous Erasmus programmes (prior to 2021)

Taking into account the particular circumstances caused by the Covid-19 crisis, the implementation of some activities managed both by National Agencies and by the European Education and Culture Executive Agency (EACEA) was delayed, postponing the initially foreseen payments on this budget line. These payments are expected to be made in the upcoming years. Therefore, an amount of EUR 28,2 million can be made available.

Decreased 07 04 01

European Solidarity Corps

Taking into account the late adoption of the European Solidarity Corps Regulation, the implementation of some activities managed by National Agencies was delayed, postponing the initially foreseen payments on this budget line. These payments are expected to be made in the upcoming years. Therefore, an amount of EUR 4 million can be made available.

Decreased 07 05 01

Culture

The late adoption of the Creative Europe Regulation and the impact of the Covid-19 crisis have significantly affected the Creative Europe Programme's budget implementation for the current year. The surplus identified on the Programme's Culture Strand is mainly due to the shift of pre-financing of new projects to 2022. Therefore, an amount of EUR 4,9 million can be made available.

Decreased 07 05 02

Media

The pre-financing payments initially planned for two actions (Training and Market) are postponed to 2022 because of a delay in the selection phase. Additionally, there will be less payments on STANDS (delayed to 2022) and on the European Film Distribution action.

Furthermore, there was an internal redistribution of commitment appropriations between different actions under the 2021 work programme due to the quality of proposals received. This had an impact on the payments' sequence because payment schemes vary from one action to another. Therefore, an amount of EUR 1,7 million can be made available.

Decreased 07 05 03

Cross-sectorial strands

All 2021 payments have been executed and the small residual amount of EUR 26 795 can be made available.

Decreased 07 06 01

Promote equality and rights

The implementation was delayed due to the late adoption of the basic acts of the new funding programmes and the strong negative effects of the Covid-19 crisis. An interim payment planned for the "European Day of People with Disabilities conference" did not materialise and the final payment can only be paid in 2022 when the contract is finalised. Therefore, an amount of EUR 0,4 million can be made available.

Decreased 07 06 02

Promote citizens engagement and participation in the democratic life of the Union

An invoice related to the "Europe for Citizens initiative" will not arrive in 2021 but in 2022. Therefore, an amount of EUR 17 849 can be made available.

Decreased 07 06 03

Daphne

Although the Citizenship, Equality, Rights and Value (CERV) Work Programme 2021-2022 was adopted in due time before summer and the "Daphne" call for proposals was also launched before summer, a surplus of EUR 4,1 million has been identified on this line, mainly due to the lower reactivity by project promoters. Furthermore, the procurement activities planned under the CERV Work Programme have been delayed due to the late adoption of the basic acts and the strong negative effects of the Covid-19 crisis on activities such as communication campaigns, trainings, events and meetings that were either cancelled or postponed.

Decreased 07 06 04

Protection and promotion of Union values

Six 2021 calls for proposals were published and three of them evaluated. In particular, the calls for proposals for partnership agreements and subsequent operating grants were published and the evaluation is under finalisation. However, the complexity of this call, the novelty of the new Citizenship, Equality, Rights and Value programme (CERV) and the problems encountered with the e-Grant system and the on-boarding have made the process slower than expected. Therefore, an amount of EUR 9,4 million can be made available. These operating grants are expected to be signed and the pre-financing paid early in 2022.

Decreased 07 06 99 02

Completion of previous actions in the field of rights, citizenship and equality (prior to 2021)

The communication campaign initially planned for September was postponed to December 2021 which delayed the payments. Therefore, an amount of EUR 0,2 million can be made available.

Decreased 07 07 01

Promoting judicial cooperation

The main reason for the surplus is related to procurement activities which were delayed due to the late adoption of the basic acts of the new funding programmes and due to the negative effects of the Covid-19 crisis, in particular for activities such as communication campaigns, trainings, events, meetings, that were either cancelled or postponed. Hence, an amount of EUR 1,4 million can be made available.

Decreased 07 07 03

Promoting effective access to justice

The main reason for the surplus is related to procurement activities which were delayed due to the late adoption of the basic acts of the new funding programmes and due to the negative effects of the Covid-19 crisis, in particular for activities such as communication campaigns, trainings, events, meetings, that were either cancelled or postponed. Hence, an amount of EUR 1,4 million can be made available.

Decreased 07 07 99 01

Completion of previous programmes and actions in the field of Justice (prior to 2021)

The signature of a Grant Agreement is delayed and the related pre-financing is not expected by the end of the year. In addition, two cost claims are currently on hold. Therefore, an amount of EUR 0,2 million can be made available.

Decreased 07 10 05

European Institute for Gender Equality (EIGE)

The Covid-19 crisis leads to reduced expenses related to missions and events. Moreover, due to a revision of EIGE's translations policy in June 2021, the costs for translations have been reduced. Therefore, an amount of EUR 0,4 million can be made available.

Decreased 07 10 08

European Public Prosecutor's Office (EPPO)

The surplus of EUR 2,7 million is due to a lower than foreseen amount needed for translation of case-related documents, and to the fact that no framework is yet available for the implementation of Article 91(6) of the EPPO Regulation, which allows EPPO to partly reimburse Member States for exceptionally costly investigation measures.

Decreased 08 02 03 03

Promotion of agricultural products -- Multi-programmes and actions implemented by the Commission under direct management

The decrease in payment needs is due to the prolonged negative impact of the Covid-19 crisis on the actions financed under this item, resulting in further suspensions of some projects and to later starting dates. Therefore, an amount of EUR 1,1 million in payment appropriations can be made available.

Decreased 08 02 06 03

EAGF -- Operational technical assistance

The surplus is the result of cancelled events, delays in payment schedules for administrative arrangements, signature of planned contracts for studies and evaluations, as well as, decreased demand for imagery services for remote sensing controls from the Member States. Therefore, an amount of EUR 4 million in payment appropriations can be made available.

Decreased 08 03 01 02

Rural development types of interventions -- 2014-2022 programmes

The declarations of expenditure for the third quarter of 2021 are lower than the amounts stated in the forecasts sent by the Member States. In addition, some of the payments foreseen for the third quarter will be subject to interruption of payments given that they exceed the allocation limit foreseen (for a certain measure) in their respective Rural Development Programmes (RDPs). To lift these interruptions, Member States will have to modify their RDPs. Therefore, an amount of EUR 52,8 million can be made available.

Decreased 08 03 02

EAFRD -- Operational technical assistance

Revised payment forecasts up to year-end show a surplus of EUR 3 million. Therefore, this amount can be made available.

Decreased 10 02 99 01

Completion of previous actions in the areas of migration (prior to 2021)

The proposed decrease of EUR 5,7 million in payment appropriations is due to the lower pre-financing rates on a few projects (5% instead of 80%) and the delay in the signature of some contracts due to missing information.

Decreased 11 02 99 01

Completion of previous actions in the field of borders, visa and IT systems (prior to 2021)

The proposed decrease of EUR 1,8 million is due to the lower amount paid in the framework of the clearance of accounts following audit work.

Decreased 12 02 99 01

Completion of previous actions in the areas of security and drugs policy (prior to 2021)

The proposed decrease of EUR 4 million is due to lower amounts paid on the Anti-radicalisation network (RAN) due to lack of travel, lower pre-financing rates on a few projects (5% instead of 80%), lower accepted expenditure on projects, and the delayed signature of some contracts due to missing information.

Decreased 12 03 99 01

Completion of previous nuclear decommissioning assistance programmes in Lithuania (prior to 2021)
