WORKING DOCUMENT

From:	General Secretariat of the Council
To:	Delegations
Subject:	Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on the use of renewable and low-carbon fuels in maritime transport and amending Directive 2009/16/EC – 4 column document

Delegations' attention is drawn to the following corrections:

- the fourth column of line 99b should read as follows:

(gg) 'reporting year' means a period of one year, starting 1 January and ending 31 December, in which the report referred to in Article 14 is to be submitted;

The EP flagged some difficulties with terms of "reporting year" and "reporting period" (line 99c) which would be too close and might create confusion.

A compromise solution could be to include the following definitions:

(gg) ‘~~reporting~~ verification year’ means the calendar year directly following the monitoring period;

(hh) ‘~~reporting~~ monitoring period’ means a period from 1 January until 31 December of the year during which information according to Article 14.1 shall be monitored and recorded;

If the above compromise solution is accepted, terminology should be consistently aligned all over the text

- in the fourth column of line 216, the word “*exemptions*” should be replaced by the word “**exceptions**”.
