**on the conclusion, on behalf of the Union,
of the Agreement establishing an association
between the European Union and its Member States, of the one part,
and the Principality of Andorra and the Republic of San Marino,
each as a separate Party, of the other part**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 217, in conjunction with Article 218(6), second subparagraph, point (a)(i), Article 218(7) and Article 218(8), second subparagraph, thereof,

Having regard to the proposal from the European Commission,

Having regard to the consent of the European Parliament¹,

¹ Consent of ... (not yet published in the Official Journal).

Whereas:

- (1) In accordance with Council Decision (EU) 2026/...²⁺, Agreement establishing an association between the European Union and its Member States, of the one part, and the Principality of Andorra and the Republic of San Marino, each as a separate Party, of the other part, (the ‘Association Agreement’) was signed on ..., subject to its conclusion at a later date.
- (2) The Association Agreement provides for the participation of Andorra and San Marino in the Union’s internal market, and related horizontal and flanking policies, while also replacing the current customs unions between the Union and each of those countries. The Association Agreement also includes a framework for possible cooperation outside the four freedoms in fields of cooperation such as research and technological development, education, training and youth, social policy, environment, consumer protection, culture, and regional policy.
- (3) To ensure the effective functioning of the Union’s internal market, the Association Agreement foresees dynamic regulatory alignment. The Association Agreement also includes provisions establishing a dispute settlement mechanism with the Court of Justice of the European Union being competent in disputes concerning the interpretation or application of the Association Agreement.

² Council Decision (EU) 2026/... of ... on the signing, on behalf of the Union, and provisional application of the Agreement establishing an association between the European Union and its Member States, of the one part, and the Principality of Andorra and the Republic of San Marino, each as a separate Party, of the other part, (OJ L, ..., ELI: ...).

⁺ OJ: Please insert in the text the number and date of the Decision contained in document ST 5290/25 and complete the corresponding footnote.

- (4) The situation of Andorra and San Marino as small-sized countries is taken into account, in accordance with Declaration No 3 on Article 8 of the Treaty on European Union annexed to the Treaty on European Union ('TEU') and the Treaty on the Functioning of the European Union ('TFEU'). This is reflected in a number of adaptations to the provisions of Union legal acts listed in the annexes to the Association Agreement, as well as in several transitional periods for the implementation and application of parts of the Union's *acquis*.
- (5) The Framework Protocol 3 on financial services attached to the Association Agreement ('Framework Protocol 3') allows for a staggered access to the Union's internal market for financial services, whereby Andorra and San Marino may decide not to seek access to the entire Union's internal market for financial services. Such a possibility should not last longer than 15 years after the entry into force of the Association Agreement.

- (6) In light of the specificities of Andorra and San Marino and the related specific rules and provisions introduced to cater for orderly and sound market integration, it is necessary to subject market access in the area of financial services to specific safeguards in addition to the safeguards that govern relations between the Member States in the internal market, in particular regarding the requirements on local provision of services in Andorra and San Marino and emergency powers of the European Banking Authority (EBA) established by Regulation (EU) No 1093/2010 of the European Parliament and of the Council³, the European Insurance and Occupational Pensions Authority (EIOPA) established by Regulation (EU) No 1094/2010 of the European Parliament and of the Council⁴, European Securities and Markets Authority (ESMA) established by Regulation (EU) No 1095/2010 of the European Parliament and of the Council⁵, or the Authority for Anti-Money Laundering and Countering the Financing of Terrorism (AMLA) established by Regulation (EU) 2024/1620 of the European Parliament and of the Council⁶ (the ‘European Supervisory Authorities’).

³ Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12, ELI: <http://data.europa.eu/eli/reg/2010/1093/oj>).

⁴ Regulation (EU) No 1094/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Insurance and Occupational Pensions Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/79/EC (OJ L 331, 15.12.2010, p. 48, ELI: <http://data.europa.eu/eli/reg/2010/1094/oj>).

⁵ Regulation (EU) No 1095/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Securities and Markets Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/77/EC (OJ L 331, 15.12.2010, p. 84, ELI: <http://data.europa.eu/eli/reg/2010/1095/oj>).

⁶ Regulation (EU) 2024/1620 of the European Parliament and of the Council of 31 May 2024 establishing the Authority for Anti-Money Laundering and Countering the Financing of Terrorism and amending Regulations (EU) No 1093/2010, (EU) No 1094/2010 and (EU) No 1095/2010 (OJ L, 2024/1620, 19.6.2024, ELI: <http://data.europa.eu/eli/reg/2024/1620/oj>).

- (7) Access to the Union's internal market in financial services should therefore depend on a comprehensive evaluation of the full and effective implementation of the Union's *acquis* for the financial sector and the robustness of Andorra's and San Marino's regulatory and supervisory frameworks and will require the adoption by the Commission of a positive recommendation that all necessary conditions set out in the Association Agreement have been fulfilled, taking into account the opinions of the relevant European Supervisory Authorities and the Single Resolution Board. The relevant European Supervisory Authorities and the Single Resolution Board should conduct a comprehensive evaluation of the financial sector of Andorra and San Marino under the oversight of the Commission, in line with Framework Protocol 3 and following the procedure set out in this Decision regarding the establishment of the criteria for an assessment of the supervisory infrastructure and the methodology for conducting such an assessment.
- (8) The conclusion of the Association Agreement on behalf of the Union does not affect the allocation of competences between the Union and its Member States. This Decision should not be interpreted as making use of the possibility for the Union to exercise its external competence with regard to areas covered by the Association Agreement falling within shared competence to the extent that such competence has not yet been exercised internally by the Union.

- (9) It is appropriate to define the specific conditions of the Union's representation in the Association Committee, Joint Committees and other bodies established by the Association Agreement. The Commission, as provided for in Article 17(1) TEU, is to represent the Union and to express the Union's positions in accordance with the Treaties.
- (10) It is appropriate, pursuant to Article 218(7) TFEU, to define the specific conditions for deciding on the positions to be adopted on behalf of the Union in the Joint Committees established by the Association Agreement in order to ensure that the legal acts adopted by the Union in the fields covered by the Association Agreement are incorporated into the Association Agreement as soon as possible after their adoption and transmission to Andorra and San Marino with a view to ensuring, to the extent possible, the simultaneous application of such legal acts in the Union, Andorra and San Marino.
- (11) It is also appropriate to authorise the Commission, pursuant to Article 218(7) TFEU, to approve on the Union's behalf certain modifications to the Association Agreement that are to be adopted by a simplified procedure or by a body set up by the Association Agreement in accordance with the provisions of the Association Agreement. Other decisions to be adopted by a body set up by the Association Agreement, when that body is called upon to adopt acts having legal effects, should be approved, on behalf of the Union, in accordance with Article 218(9) TFEU.

- (12) With a view to enabling the Union to take rapid and effective action to protect its interests in accordance with the Association Agreement, the Commission should, in accordance with the conditions set out in the corresponding provisions of the Association Agreement, adopt compensatory measures for the incorrect application of the Association Agreement, safeguard measures in the event of serious economic, societal or environmental difficulties of a regional nature that are caused by the application of the Association Agreement or rebalancing measures, safeguard measures in the event of a terrorist attack or a natural or man-made disaster that affects the Union or rebalancing measures, tobacco safeguard measures, and rebalancing measures, including the suspension of the application of customs security measures. In this context, the rights of the Council should be preserved by a consultation procedure.
- (13) The Association Agreement should be approved,

HAS ADOPTED THIS DECISION:
