**NOTE**

---

From: General Secretariat of the Council

---

To: Working Party on JHA Information Exchange (IXIM)

---

No. prev. doc.: 6832/2/25 REV 2

---

Subject: Implementation of the provisions on information exchange of the “Prüm Decisions”, as covered by Decisions 2008/615/JHA and 2008/616/JHA, Agreements between the EU and Schengen Associated countries on the application of certain provisions of these Decisions, and the EU-UK Trade and Cooperation Agreement

- Overview of documents and procedures
- Overview of declarations
- State of play of implementation of automated data exchange

---

Delegations will find below the aforementioned document, incorporating updates received by the General Secretariat of the Council since 30 October 2025. Updates are marked in bold, for easy reference, unless indicated otherwise.

Any required changes to the document need to be communicated to [prum@consilium.europa.eu](mailto:prum@consilium.europa.eu), and will be included in its next revision.

## 1. Introduction and content of the document

In accordance with Article 18(2) of Decision 2008/616/JHA, this document is prepared and kept up to date by the **General Secretariat of the Council (GSC)** and sets out exclusively factual information provided by the Member States / associated States through declarations or notifications made pursuant to the ‘Prüm Decisions’<sup>1</sup>. The provisions of the ‘Prüm Decisions’ relating to information exchange<sup>2</sup> concern:

- supply of information relating to major events and in order to prevent terrorist offences;
- automated searching of DNA profiles, dactyloscopic data and vehicle registration data (VRD);
- data protection.

The current document provides:

- an overview of the declarations made by Member States pursuant to the relevant provisions of the ‘Prüm Decisions’ / Prüm agreements;
- the state of play of implementation of the automated data exchange of DNA, fingerprint and vehicle registration data (VRD). Member States should regularly check the information on the state of play set out in annex this note to ensure a reliable overview of the implementation process.

## 2. Documents and procedures

### 2.1 Declarations / notifications

Declarations and notifications set out in Annex 1 below concern:

- **National Contact Points (NCP):**

---

<sup>1</sup> Council Decision 2008/615/JHA and 2008/616/JHA, OJ L 210 of 6.8.2008, p. 1 and 12.

<sup>2</sup> The provisions apply mutatis mutandis to the Prüm Agreements with Norway, Iceland Liechtenstein and Switzerland referred to under point 4 below. As regards information exchange with the United Kingdom, relevant provisions are found in Part Three Title II of the Trade and Cooperation Agreement (see point 6 below for more details).

- for the automated searching of DNA profiles (Article 6(1) of Decision 2008/615/JHA)
- for the automated searching of dactyloscopic data (Article 11(1) of Decision 2008/615/JHA)
- for the automated searching of VRD (Article 12(2) of Decision 2008/615/JHA)
- for exchange of information on major events (Article 15 of Decision 2008/615/JHA)
- for exchange of information to prevent terrorist offences (Article 16(3) of Decision 2008/615/JHA)
- of the national data protection authorities (Article 19 of Decision 2008/616/JHA).

➤ **List of national DNA analysis files**

Pursuant to Article 2(3) of Decision 2008/615/JHA, each Member State informed, by an official letter of the Permanent Representation, the GSC of the national DNA analysis files to which Articles 2 and 6 apply, and of the conditions for automated searching as referred to in Article 3(1).

The GSC issued these letters as official Council documents. They are public documents and thus available on the Council website.

Furthermore, annex 3 bis below sets out a comparative overview of DNA analysis files to which Member States give each other access for the investigation of criminal offences.

➤ **Maximum search capacities for dactyloscopic data**

Pursuant to Article 13 of Decision 2008/616/JHA, each Member State informs regularly the GSC **by mail** ([prum@consilium.europa.eu](mailto:prum@consilium.europa.eu)) of the maximum search capacities per day for dactyloscopic data of identified persons and for dactyloscopic data of persons not yet identified. The tables in annex 4 ter below compile this information and set out the mutually agreed search capacities. The sum at the end of each vertical column indicates the maximum search capacity for each Member State.

➤ **Readiness to apply**

Pursuant to Article 36(2) of Decision 2008/615/JHA, Member States shall notify, by an official letter of the Permanent Representation, the GSC and the Commission about the legal

implementation of the 'Prüm Decisions' and their readiness to apply the Decision immediately in its relations with Member States, which have given the same notification.

The GSC issued these notifications in official Council documents. They are public documents and thus available on the Council website.

➤ **Data protection requirements**

Prior to any processing of personal data and to evaluating the implementation of chapter 2 provisions, Member States have to guarantee the level of data protection and comply with all standards and procedures required by Chapter 6 of Council Decision 2008/615/JHA. The implementation of the requirements is documented in the national replies to the questionnaire on data protection (6661/1/09 REV 1 ADD 1 REV 1 CRIMORG 25 ENFOPOL 39).

## **2.2 Implementation of the automated data exchanges**

Member States should regularly report, by mail to [prum@consilium.europa.eu](mailto:prum@consilium.europa.eu), on the national state of play of automated data exchange in order to update annex 3 on DNA, annex 4 on fingerprints and annex 5 on VRD implementation<sup>3</sup>.

## **2.3 Evaluation procedure**

Before a Member State starts the operational automated searching of any of the categories, it should pass an evaluation procedure<sup>4</sup>, the details of which are set out in 6661/2/09 REV 2 CRIMORG 25 ENFOPOL 39<sup>5</sup> as amended by 10149/10 JAI 463 CRIMORG 103 ENFOPOL 145 ENFOCUSTOM 43.

---

<sup>3</sup> Regarding questions on the VRD software, Member States should contact [secretariat@eucaris.net](mailto:secretariat@eucaris.net)

<sup>4</sup> Article 20 of Council Decision 2008/616/JHA.

<sup>5</sup> This evaluation procedure applies as from 13 October 2009 to any Member State wishing to start a data exchange pursuant to the Prüm Decisions (cf. 13919/1/09 REV 1 CRIMORG 136 ENFOPOL 233) without prejudice to Article 25(3) of Council Decision 2008/615/JHA. Until then, Member States implemented the Prüm exchange of DNA, dactyloscopic and VRD pursuant to the Prüm Treaty. The latest decision in this regard ("7th Decision of the Committee of Ministers") is of 9 October 2009.

Detailed descriptions of the evaluation procedures are set out for:

- DNA data in 11899/2/10 REV 2 DAPIX 8 CRIMORG 141 ENFOPOL 203 + COR 1
- dactyloscopic data in 11898/2/10 REV 2 DAPIX 7 CRIMORG 140 ENFOPOL 202 + COR 1
- VRD in 6661/1/09 REV 1 ADD 5 REV 2.

In summary, the procedure consists of a questionnaire, a pilot run and an evaluation visit.

The questionnaires are set out in the following documents:

- DNA: 6661/1/09 REV 1 ADD 2 REV 2
- dactyloscopic data: 6661/09 ADD 3 REV 1
- VRD: 6661/1/09 REV 1 ADD 4 REV 1

The evaluation reports were submitted to the Council so that the Council, after having consulted the European Parliament, could adopt the specific Implementing Decision on the launch of operational data exchange. Annexes 3 to 5 indicate the specific evaluation documents, including the reference to the relevant Council document(s) and to the Official Journal in which the Decision is published.

### **3. Obligations for operational Member States**

Member States shall compile statistics on automated data exchange based on the models for:

- DNA (14103/1/11 REV 1 JAI 619 DAPIX 114 CRIMORG 145 ENFOPOL 300 for DNA database statistics and 14383/12 DAPIX 118 for DNA match statistics),
- dactyloscopic data (16891/11 JAI 830 DAPIX 147 CRIMORG 202 ENFOPOL 400), and
- VRD (13837/10 JAI 755 DAPIX 18 CRIMORG 159 ENFOPOL 251 ENFOCUSTOM 77).

Member States shall forward the national statistics to [prum@consilium.europa.eu](mailto:prum@consilium.europa.eu).

#### 4. Prüm Agreements with Norway and Iceland, Switzerland, Liechtenstein

The Council Decisions<sup>6</sup> on the signing of the 'Prüm Agreements' between the EU, on the one hand, and Iceland and Norway, Switzerland, and Liechtenstein, on the other hand, provide as well for a provisional application the Agreements. In accordance with Article 8(3) of the Agreement, Article 5(1) and (2) apply on a provisional basis as from the time of the signature of the Agreement. They refer to amendments regarding the 'Prüm Decisions' and, in the case of Switzerland and Liechtenstein, the 'Forensic Framework Decision'. Where it is necessary to amend such provisions, the European Union shall inform these States at the earliest possible occasion and collect any comments they may have.

Furthermore, the contracting parties declared at the occasion of the signature of the Agreements, that in order to facilitate the setting up of bilateral connections for online access to DNA, FP and VRD databases, these States can contact at any time *a.o.* the Presidency of the Council to obtain information, clarification or any other support. Experts of these States may be invited to attend meetings where Member States' experts discuss within the Council technical aspects, which are directly relevant to the proper application and development of the 'Prüm Decisions'.

As to getting online access to the above databases, the evaluation procedure applies the same way to these States as it applies to the Member States.

In respect of Norway, and in light of Norway's successfully completing the relevant evaluations, Council Implementing Decision (EU) 2023/2915 of 11 December 2023<sup>7</sup>, has determined that Member States are authorised to exchange data with Norway as of 1 January 2024.

---

<sup>6</sup> Council Decision 2009/1023/JHA, OJ L 353/1, 31.12.2009; Council Decision (EU) 2019/1172, OJ L 184/1, 10.7.2019; Council Decision (EU) 2019/1187, OJ L 187/1, 12.7.2019.

<sup>7</sup> Council Implementing Decision (EU) 2023/2915 of 11 December 2023 on the determination of the date from which personal data relating to DNA data, dactyloscopic data and vehicle registration data may be supplied by Member States to Norway, OJ L, 2023/2915, 28.12.2023.

## **5. Accreditation of forensic service providers carrying out laboratory activities**

Pursuant to Article 7(4) of Decision 2008/616/JHA, Member States shall take the necessary measures to guarantee the integrity of DNA profiles made available or sent for comparison to other Member States and to ensure that these measures comply with international standards, such as EN ISO/IEC 17025. In accordance with the 'Forensic Decision'<sup>8</sup>, forensic service providers carrying out laboratory activities are to be accredited by a national accreditation body as complying with EN ISO/IEC 17025. Annex 3 and 4 respectively indicated the extent to which Member States have implemented the 'Forensic Decision'.

## **6. EU-UK Trade & Cooperation Agreement (TCA)**

Part Three of the TCA refers to law enforcement and judicial cooperation in criminal matters, and Title II of that part, to exchanges of DNA, fingerprints and vehicle registration data. In accordance with Article 22 of Annex 39 [Exchanges of DNA, fingerprints and VRD], the UK shall communicate declarations pursuant to Article 529(3) [Establishment of domestic DNA analysis files], and Article 12(1) [Search capacities for dactyloscopic data], as well as its designations pursuant to Articles 535(1) [National contact points], and 537(3) [Automated searching of vehicle registration data] to the Specialised Committee on Law Enforcement and Judicial Cooperation. Factual information provided by the UK through these declarations and designations, and by Member States in accordance with Article 539(3) [Implementing measures], are to be included in this Manual.

States may amend declarations and designations as to data protection, administrative and technical provisions for the implementation of Title II at any time by means of a notification submitted to the Specialised Committee on Law Enforcement and Judicial Cooperation. The Specialised Committee

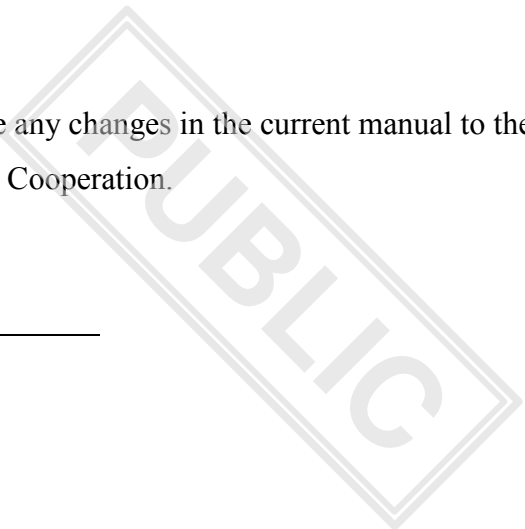

---

<sup>8</sup> Council Framework Decision 2009/905/JHA of 30 November 2009 on Accreditation of forensic service providers carrying out laboratory activities, OJ L 322/14, 9.12.2009.

on Law Enforcement and Judicial Cooperation shall forward any declarations received to the General Secretariat of the Council.

The General Secretariat of the Council shall communicate any changes in the current manual to the Specialised Committee on Law Enforcement and Judicial Cooperation.

---

<sup>61</sup> Including vehicles for special transport (huge dimensions, extremely heavy cargo, etc.). Vehicle dimensions exceed legal limits, but vehicle is (by exception) allowed on the public road). Including high speed e-bikes, i.e. two wheeled vehicles with electric pedal, offering support up to 45 km/h

<sup>62</sup> Tractors, mobile machinery and towed equipment, if used on the public road, with a construction speed of 6 km/h or more. Start license plate issue 1-1-2021, licensing mandatory per 1-1-2025.

<sup>63</sup> For NATO vehicles, issued on the NATO base in Brunssum

<sup>64</sup> Are registered as regular plates, however, license plate colour is different from regular (blue plate, black characters).

<sup>65</sup> Are registered as regular plates, with a specific syntax, e.g. plate number starts with 'DE'

<sup>66</sup> Applicable to company cars. As soon as a vehicle is approved for use on the public road, a preliminary license plate can be issued which grants permission to drive the vehicle immediately, before official registration. The vehicle holder is registered through the official registration process.

<sup>79</sup> Finland will make available all kind of license plates/vehicle types that are found in Finnish vehicle register, e.g. regular, diplomatic, export, transit/transfer mark and temporary plates. A part of military vehicles don't exist in Finnish vehicle register and they are not available in Prüm VRD inquiries. In addition, please note that Vehicle Administration don't have data concerning Åland vehicle register. Åland have its own vehicle register

<sup>80</sup> Including police and historical vehicles.

<sup>81</sup> These vehicles with both an ordinary registration number and a personal number

<sup>82</sup> These vehicles with both an ordinary registration number and a diplomatic number

<sup>83</sup> Could be available for EUCARIS if it becomes necessary in the future

<sup>84</sup> 1) For export of new vehicles: valid period is 12 month and export out of Sweden at latest in 3 months

2) For export of used vehicles: valid period is 1 month

3) For import for permanent registration in Sweden: valid period is 3 months

4) For import of test vehicles which the manufacturer will use temporarily and for a chosen test period in Sweden: valid period is 3, 6, 9 or 12 months.
