KOMISJONI TÖÖDOKUMENT

Õiguskeskkonna lihtsustamise strateegia teine arenguaruanne

1. SISSEJUHATUS

Oktoobris 2005 algatatud õiguskeskkonna lihtsustamise strateegia¹ nägi ette jooksva lihtsustamisprogrammi, milles olevad meetmed tuli vastu võtta ajavahemikus 2005–2008, et parandada *acquis*’ kvaliteeti ja tõhusust ning säilitada samal ajal poliitilised põhieesmärgid.

Käesolevas teises arenguaruandes, mis on täienduseks teatisele „Euroopa Liidu parema õigusloome teine strateegiline ülevaade“,² kirjeldatakse juba saavutatud tulemusi nii kvalitatiivselt kui kvantitatiivselt, visandatakse ELi seadusandjate edasised sammud ja seatakse sihiks anda uut hoogu lihtsustamisstrateegiale, mis on üldise parema õigusliku reguleerimise poliitika ning Euroopa Liidu majanduskasvu ja tööhõive strateegia oluline element.

Samuti näitab käesolev aruanne, et komisjon täidab oma jooksva programmi alusel võetud kohustusi ka tegelikkuses.

Kodanikud ja äriühingud on käegakatsutavaid tulemusi juba näha saanud ja neid tuleb edaspidi veelgi, kui suur hulk praegu seadusandja käes menetluses olevaid algatusi vastu võetakse. Jõupingutuste keskmes on projektid, mis toovad märkimisväärset kasu huvirühmadele, näiteks väike- ja keskmise suurusega ettevõtetele (VKE) või üksikettevõtjatele, kellele langeb liigagi tihti ebaproportsionaalselt suur bürokraatlik koormus.

Komisjon viib lõpule ühenduse *acquis*’ täieliku läbivaatamise, et kontrollida, kas olemasolevad õigusaktid on endiselt vajalikud, kas on kasutatud õiget reguleerimisstiili ja kas kehtestatud koormus on piisavalt kerge, et olla kooskõlas soovitud poliitiliste tulemustega. Selle protsessi käigus tehakse kindlaks ka uued algatused, mis tuleb lisada ajakohastatud jooksvasse lihtsustamisprogrammi, mis avalikustatakse 2009. aasta alguses. Et tegelikke tulemusi saavutada, peab see töö jätkuma ka seadusandlike organite järgmisel ametiajal.

Samas, kui vähegi suudetakse leida viise, kuidas äriühingute elu kergendada, ilma et see mõjutaks õigusaktide aluseks olevaid poliitilisi eesmärgi või nõuaks muude märkimisväärsete muudatuste tegemist reguleerivasse raamistikku, kasutab komisjon niinimetatud kiirmeetmete mehhanismi,³ mis peaks aastaks 2012 aitama vähendada halduskoormust ELis 25% võrra⁴. Lihtsustamisprogrammi täiendab ka komisjoni algatatud laiaulatuslik halduskoormuse „kaardistamine ja mõõtmine“ prioriteetsetes valdkondades.

⁴ 2006. aasta kevadise ülemkogu järeldused.

2. LIHTSUSTAMISE TÖÖKAVA HETKESEIS

2.1. Ülevaade

2005. aasta oktoobri lihtsustamisstrateegias määrati aastate 2005–2008 jooksva programmi jaoks kindlaks esimesed sadakond algatust. Novembris 2006 lisati 43 uut algatust⁵ ja oktoobris 2007 veel 16⁶; seeläbi laiendati lihtsustamise ulatust kõikidesse poliitikavaldkondadesse ja pikendati ajakava kuni 2009. aastani. Programmis kasutatakse selliseid õigusloomevõtteid nagu kehtetuks tunnistamine, kodifitseerimine ja ümbersõnastamine⁷.

Jooksva programmi rakendamine on kulgenud enam-vähem plaanipäraselt. Praeguseks on komisjon vastu võtnud üle poole 2005.–2009. aasta ajakohastatud programmist.

Kava kohaselt 2007. aastal vastuvõtmisele määratud algatustest on komisjon vastu võtnud 80%.

Seni on komisjon vastu võtnud 91 ettepanekut: siia hulka kuulub 24 komisjoni oma õigusakti, mis võeti vastu komiteemenetluse teel, seadusandja poolt vastu võetud 16 akti, 44 akti, mis on veel seadusandja käes menetluses, ning 7 akti, mille puhul on tegemist kas läbivaatamisega, kus ei olnud vajadust võtta seadusandlikke meetmeid, või ühendatud algatustega.

Kokku on komisjon 2005. aasta oktoobrist saadik esitanud umbes 400 õigusakti kehtetuks tunnistamiseks, muutmiseks või asendamiseks. Selle tulemusena kustutatakse ühenduse õigustikust umbes 300 õigusakti, mis moodustavad kokku umbes 5000 Euroopa Liidu Teataja lehekülge. Lisaks sellele on komisjon oma ametisseastumisest saadik astunud samme või teinud ettepanekuid, et kõrvaldada *acquis*'st umbes 2500 vananenud õigusakti.

2.2. Vastu võetud õigusaktid

Õiguskeskonna lihtsustamise strateegia rakendamine on juba toonud käegakatsutavat kasu nii ettevõtetele kui ka kodanikele.

2.2.1. Komisjoni vastu võetud õigusaktid

Seni on komisjoni oma õigusaktidena komiteemenetluse teel vastu võetud 24 lihtsustamisalgatust (4. lisa). Näiteks:

- Aastal 2005 võttis komisjon vastu määruse, millega kehtestati **farmaatsiatooteid** registreerivatele VKEdele vähendatud tasud ja võeti kasutusele nende haldusabi skeem. See võimaldab VKEdele teadusliku nõustamise tasude puhul 90% hinnaalandust, vähendatud tasusid müügilubade taotlemisel ja õigusabi. Juba praegu kasutavad selles valdkonnas tegutsevad VKEd neid võimalusi laialdaselt.
- Eeskirju kolmandatesse riikidesse **importimise tõendite** kohta (seoses teatavate põllumajandustoodete **diferentseeritud eksporditoetustega**) on muudetud, et toetust

⁵ Komisjoni töödokument COM(2006) 690.

⁶ Komisjoni õigusloome- ja tööprogramm 2008, KOM(2007) 640.

⁷ Komisjoni lihtsustamismetoodika ja vastavate õigusloomevõtete määratlused on üksikasjalikumalt esitatud 2005. aasta teatistes.

taotlevad eksportijad saaksid (teatavates riikides raskesti kättesaadavate) tavapärase tollidokumentide alternatiivina kasutada infotehnoloogilist konteinerite liikumistee kindlakstegemise ja jälgimise teavet.

- Komisjon on juba vastu võtnud soovitusel **elektronsideturgude** kohta, mis keskendub hulgimüügitasandi reguleerimisele ja on vähendanud võimalike eelnevat reguleerimist nõudvate turgude arvu 18-lt 7-le. Selle tulemusena on halduskulud vähenenud püsivõrguoperaatorite puhul hinnanguliselt umbes 25–30% ja riiklike reguleerivate asutuste puhul umbes 30–40%. Lihtsustatud turuanalüüsi kord toob riiklikele reguleerivatele asutustele veel täiendavat säästu.

2.2.2. Seadusandja vastu võetud õigusaktid

Programmi valdava osa vastuvõtmine sõltub seadusandjast ning üldjuhul peab see toimuma kaasotsustamismenetluse teel. Praeguseks on aastate 2005–2009 jooksvast programmist vastu võetud 16 lihtsustamisalgatust (5. lisa), näiteks:

- Põllumajanduses võttis seadusandja vastu ümbersõnastatud akti **21 ühise turukorralduse** muutmise kohta **üheks ühtseks korra**ks, et muuta ühine põllumajanduspoliitika põllumajandusettevõtjate, haldusasutuste ja põllumajandustoodete käitlemisega tegelevate äriühingute ühistes huvides lihtsamaks ja ladusamaks. Ühtse turukorralduse loomine vähendab õigusaktide hulka põllumajandussektoris, muudab need läbipaistvamaks ja teeb poliitika hõlpsamini kättesaadavaks. See tähendab peaaegu 50 nõukogu akti kehtetuks tunnistamist ja olemasolevate määruste rohkem kui 650 artikli asendamist umbes 200 artikliga, mis loob palju lihtsama üldise õiguskeskkonna, ilma et muudetakse selle aluseks olevat poliitikat.
- **Avalike hangete** puhul kasutatavate õiguskaitsemeetmete direktiiv. Aastal 2003 oli selle sektori hinnanguline väärtus 1 500 miljardit eurot, mis moodustas 16,3% EL-15 SKT-st. Uus algatus parandab riiklike läbivaatamismenetlusi, mida ettevõtjad võivad kasutada, kui nad on seisukohal, et avaliku võimu kandja on sõlminud lepingu ebaausalt. Eelkõige nähakse direktiivis ette kohustuslik vaikeperiood lepingu sõlmimise otsuse teatavakstegemise ja lepingu sõlmimise vahel, mis annaks pakkujatele aega otsusega tutvuda ja võtta seisukoht, kas alata läbivaatamine või mitte. Direktiiv sisaldab täiendavaid eeskirju, mis on mõeldud tulemuslikkuse tagamiseks. Nende uute õiguste ja mehhanismide kehtestamine tagasilükatud pakkujatele kõigis 27 liikmesriigis on otsustava tähtsusega, tagamaks, et lepingud sõlmitakse äriühinguga, kes on teinud parima pakkumise, ning tõsta niiviisi avalike hangete menetluse usaldusväärsust ettevõtjate ja avalikkuse silmis. Lihtsustamismeetmete hulka kuulub olemasolevate lepitus- ja tõendamismehhanismide kehtetuks tunnistamine, sest ettevõtjad ei ole nende vastu erilist huvi ilmutanud ja praegu neid ei kasutata.
- **Makseteenuste** direktiiv aitab luua Euroopa Liidus „ühtset makseala“, mis võib ELi majandusele säästa kuni 28 miljardit eurot aastas. Eesmärk on muuta ELi piires elektroonilised maksed – olgu need tehtud krediit- või deebetkaardiga, pangalaekande või otsekorralduse teel või muul viisil – niisama lihtsaks, odavaks ja turvaliseks kui praegused liikmesriigisisised maksed. Direktiiv garanteerib ausa ja avatud juurdepääsu makseturule ning suurendab ja ühtlustab tarbijate kaitset. Lihtsustamise eelised tulenevad sellest, et ühtlustatakse turulepääsunõuded, ületatakse riiklikes ja ELi eeskirjades infole esitatavate nõuete erinevusest tulenev killustumisefekt ning kindluse ja tõhususe huvides ühtlustatakse teenusekasutajate ja -pakkujate põhiõigused ja -kohustused. Tõhusama ja

konkurentsivõimelisema makseturu puhul odavneksid eurooplaste jaoks ühtlasi põhilised pangateenused, mille keskmine aastane maksumus kõigub praegu ELis 34 eurost 252 euroni.

- Enamiku olemasolevate **müügipakendinõuete** kehtetuks tunnistamisega kaotati umbes 70 tarbekauba kohta käivad siseriiklikud ja ühenduse eeskirjad. Ettevõtetele on nüüd paindlikumad võimalused tarbijate vajadustele vastamisel.
- **Tollinduses** võttis seadusandja vastu e-tolli otsuse, millega luuakse Euroopa elektrooniline andmevahetussüsteem riigiasutuste ja ettevõtete vahel. Ladusamad tolliprotseduurid automatiseeritud ja omavahel seostatud tollisüsteeme kasutades hoogustavad rahvusvahelist kaubandust. Täisvõimsusel töötades peaks selline integreeritud süsteem säästma ettevõtetele aastas 2,5 miljardit eurot, mis teeb rohkem kui tasa komisjoni ja liikmesriikide poolt süsteemi investeeritud 40–50 miljonit eurot aastas. Moderniseeritud tolliseadustik, millega vaadatakse läbi ühenduse tolliõigusaktid, peaks vastu võetama 2008. aastal.

2.3. Seadusandja käes menetluses olevad ettepanekud

Umbes 44 lihtsustamisetpanekud on praegu esitatud seadusandjale menetlemiseks. Nende hulgas on mitmed tähtsad ettepanekud, mille vastuvõtmine aitab lihtsustada õiguskeskkonda, näiteks:

- ELi kindlustusõiguse murranguline läbivaatamine („**Solvency II**“) parandab kindlustatute kaitset kogu ELis kindlustusettevõtetele esitatavate ühetaoliste ja riskitundlike maksejõulisusnõuete kaudu. „Solvency II“ soodustab paremat riskijuhtimist, mõistlikku hinnakujundust ja tugevdatud järelevalvet, suurendades niiviisi tarbijate usaldust. Samuti suurendab see konkurentsi (iseäranis massijaekindlustustoodete valdkonnas, nagu liiklus- ja kodukindlustus), avaldab survet teatavate kindlustushindade alandamiseks, ergutab tooteuendust ja parandab Euroopa kindlustusettevõtete rahvusvahelist konkurentsivõimet. Õiguskeskkond muutub ka läbipaistvamaks ja kasutajasõbralikumaks, kui praegu 14 eri direktiivi vahel killustunud reeglistik asendatakse üheainsa direktiiviga.
- **Toimimisjuhend arvutipõhistele ettetellimissüsteemidele** töötati välja turu jaoks, mis on praeguseks tänu lennuettevõtjate loobumisele ja piletite ettetellimise arengule Internetis märkimisväärselt muutunud ning on nüüd küps konkurentsi suurendamiseks. Komisjon teeb ettepaneku anda turujõududele rohkem mõjuvõimet, püüdes vähendada ülemäära kõrgeid broneerimistasusid, mis jäävad lennuettevõtjate ja reisijate kanda. Suurem konkurents parandab pakutavate teenuste kvaliteeti ja vähendab õhuveosektoris jaotuskulusid: broneerimistasud iga reisilõigu kohta odavnevad eeldatavasti 0,7–0,9 euro võrra, mis vähendaks kogukulusid aastas 190–240 miljoni euro võrra.
- **Elektronsidevõrke ja -teenuseid** reguleerivate eeskirjade muutmise eesmärgiks on tagada toimiv konkurents, soodustada investeringuid, konsolideerida siseturgu ja tugevdada tarbijate huvi. Seal, kus valitseb selge areng konkurentsi suunas, soovitatakse reguleerimist oluliselt vähendada. Kavandatud e-sideturu ameti kohta läbi viidud sõltumatu tuludekulude uuring on näidanud vähenenud õiguskindlusetusest ja juhtumite kiiremast lahendamisest tulenevat võimalikku majanduskasut, mis võib ületada selle toimimiskulusid 10–30-kordselt (s.o 250–800 miljonit eurot). Spektrist sõltuvate teenuste pakkuja jaoks toob läbivaatamine rohkem paindlikkust, vähendab ärikulusid ja kaotab takistused uute

turuletulijate eest. Selle tulemusena on nende teenuste tarbijatel paremad valikuvõimalused ja madalamad hinnad.

- Uus **ohtlike kaupade sisetranspordi** direktiiv toob kõik kolm maismaatranspordiliiki (raudtee-, maantee- ja siseveetransport) kokku üheainsa õigusakti alla. Ettepanek sisaldab ühtseid sätteid kõigi kolme jaoks (võimaluste piires) ja sellega tunnistatakse vananenud eeskirjad kehtetuks. Eelkõige tunnistatakse kehtetuks kaks direktiivi ohtlike kaupade ohutusnõustajate kohta ja neli otsust riiklike erandite kohta. Selle tulemusena saadakse kasutajasõbralik, läbipaistev tekst ning vähendatakse *acquis* ' mahtu umbes 2000 lehekülje võrra.
- **Mänguasjadirektiivi** läbivaatamisega ajakohastatakse ohutusnõudeid ja hoitakse ära keskpika- ja pikaajalised kahjulikud mõjud lastele ning ühtlasi parandatakse mänguasjade siseturu toimimist. Selle direktiivi läbivaatamisel on esmatähtsaks eesmärgiks mänguasjade keemilistele, füüsikalistele ja mehhaanilistele omadustele kehtestatud ohutusnõuete moderniseerimine. Seejuures võetakse arvesse uusimaid teaduslikke teadmisi, tagamaks, et ELi turule jõuaksid ainult ohutud mänguasjad. Lisaks sellele parandatakse viisi, kuidas direktiivi liikmesriikides täidetakse, ning tugevdatakse liikmesriikide kohustust teostada asjakohast ja tulemuslikku turujärelevat.

2.4. Komisjonis ettevalmistamisel olevad algatused (2008–2009)

Järgmise kahe aasta jooksul komisjoni jõupingutused intensiivistuvad. Ajakohastatud programm aastateks 2008–2009 (1. lisa) koosneb 45 algatusest aastaks 2008 ja 9 algatusest aastaks 2009. Eelseisvate lihtsustamisalgatuste hulka kuuluvad näiteks:

- **Äriühinguõiguse ning raamatupidamisarvestust ja auditeerimist reguleerivate õigusaktide läbivaatamisega** kaotatakse või vähendatakse terve rida haldusnõudeid, mida praegu peetakse aegunuks, liigseks või kattuvaks. See kõrvaldab äriühinguõiguse direktiividest teatavad teabega seotud nõuded, lihtsustab äriühingutele avalikustamismõnudeid ja võimaldab liikmesriikidel veelgi vähendada VKEd aruandlus- ja auditeerimisnõudeid.
- **Üldise grupierandi määruse läbivaatamisega** kogutakse ühte dokumenti kokku kõik eeskirjad, mis käsitlevad teatamiskohustusest vabastatud riigiabi, ning vähendatakse niiviisi abisaajate, liikmesriikide ja komisjoni halduskoormust. Uus üldise grupierandi määrus käsitleb olemasolevate grupieranditega juba hõlmatud valdkondi (koolitus, tööhõive, VKEd) ja uusi valdkondi (keskkond, riskikapital, regionaalabi). Samuti parandatakse sellega märkimisväärselt VKEd juurdepääsu riigiabiprogrammidele; näiteks tavapäraselt kohaldatavate investeeringu- ja tööhõiveabile lisanduv VKEd soodustus ühtlustatakse ja tõstetakse väikeettevõtete puhul 15 protsendilt 20 protsendile ning keskmise suurusega ettevõtete puhul 7,5 protsendilt 10 protsendile.
- **Intrastati läbivaatamisega** vähendatakse koormust, mida põhjustab ettevõtetele liikmesriikidevahelist kaubandust käsitleva ühenduse statistika andmekogumissüsteem. Komisjon teeb peatselt ettepaneku lihtsustada seda skeemi traditsioonilisel teel veelgi, vähendades nomenklatuuri rubriikide arvu ja suurendades künniseid, nii et suur hulk ettevõtteid saaks vabastuse. Hinnanguliselt vabastatakse niiviisi statistikaaruandluse

kohustusest kuni 190 000 ettevõtet. Samal ajal uurib komisjon muid pikaajalisemaid võimalusi, sh võimalikku üleminekut ühesuunalise voo aruandlussüsteemile⁸;

- Peagi vastuvõtmisele tulev **kõrgetasemeliste ohutusseadmete ja rehvide** määrus asendab ligikaudu 50 eraldiseisvat direktiivi üheainsa määrusega. See kergendab tuntavalt liikmesriikide koormust, sest nad ei pea enam selles valdkonnas EÜ eeskirju üle võtma. Lisaks sellele kiirendavad otseviited UN/ECE eeskirjadele oluliselt ELi õiguse vastavusseviimist UN/ECE reeglitega ja võimaldavad seega tööstusharul kohaneda kiiremini tehnika arenguga rahvusvahelisel tasandil.
- **Elektri- ja elektroonikaseadmete jäätmete** direktiivi ning elektri- ja elektroonikaseadmetes teatavate ohtlike ainete kasutamist piirava direktiivi läbivaatamisel selgitatakse mõisteid, hõlbustatakse nende rakendamist ja täitmist, vähendatakse tootjatele ja haldusasutustele tekkivaid halduskulusid ning luuakse ettevõtjatele läbipaistvam võrdne mänguruum.
- Ettepanek **tarbija õiguste** raamdirektiivi kohta näeb ette ühtsed mõistete määratlused ja reguleerib tarbijate peamisi lepingulisi õigusi ja õiguskaitsevahendeid. Muutes reguleeriva raamistiku ettevõtete ja tarbijate jaoks lihtsamaks ja selgemaks, aitab see parandada siseturu toimimist ja tõsta tarbijate usaldust.
- **Ühise kalanduspoliitika** kontrollisüsteemi moderniseerimine ja ümbersõnastamine leevendab sektoris kehtestatud kitsendusi ja suurendab infotehnoloogiavahendite kasutamist aruandekohustuse vähendamiseks.

VKEde jaoks eriti asjakohaseid lihtsustamisalgatusi tutvustatakse ka „Euroopa väikeettevõtete seaduses“, mis võetakse vastu 2008. aastal.

2.5. Jooksvast programmist välja jääv lihtsustamine

Lihtsustamine ei piirdu üksnes eesmärgistatud programmidega, nagu näiteks jooksev lihtsustamisprogramm, halduskoormuse vähendamise programm või kodifitseerimisprogramm. Sama lihtsustamise peab kehtima kõikide seadusandlike ettepanekute ning ka töömeetodite suhtes. Näiteks:

- Teadusuuringute valdkonnas, mis on Lissaboni strateegia otsustava tähtsusega element, on tehtud ettepanekuid konkreetsete meetmete⁹ kohta, millega lihtsustada **teadusuuringute, tehnoloogiaarenduse ja tutvustamistegevuse 7. raamprogrammi**. Vastavalt sellele on muudetud ka haldus- ja finantseeskirju ning raamprogrammi ja individuaalsete uurimisprojektide juhtimist on lihtsustatud.
- Komisjon on teinud ettepaneku lihtsustada **Erasmus Munduse** programmi teises etapis (2009–13) selle programmi struktuuri. Ühenduse kolmandate riikidega seotud meetmed kõrghariduse valdkonnas muutuvad järjepidevamaks tänu sellele, et suur hulk olemasolevaid programme, mida praegu juhitakse erinevate eeskirjade alusel, kuigi need hõlmavad põhimõtteliselt samu valdkondi, lihtsustatakse ja ühtlustatakse. Huvirühmadele,

⁸ Praegu koostatakse Intrastati statistikat nii, et iga riik deklareerib nii oma impordi-, kui ka ekspordivood. See tähendab, et iga voo kohta kogutakse andmeid kaks korda.

⁹ SEK(2005) 431: komisjoni talituste tödokument „Lihtsustamine 7. raamprogrammis“ KOM(2005) 119.

kes osalevad akadeemilises koostöös kolmandate riikidega ja rahvusvahelises liikuvuses, loob see ühtse juurdepääsupunkti.

- Komisjon on asendanud ja ajakohastanud neli eraldiseisvat teadet erinevate pädevusküsimuste kohta ning koondanud need EÜ ühinemismääruse alusel ühte **konsolideeritud pädevusteatisesse**. See on viivitamatult lihtsustanud haldustavasid ja -juhiseid.
- **Elektroonilise püügipäeviku** kasutuselevõtt **kalanduses** on loonud kalameestele ja riiklikele haldusasutustele terve paberivaba protsessi kalapüügiandmete esitamiseks.
- Aastate 2007–2013 ühtekuuluvuspoliitika uued määrused on vähendanud fondide arvu ja programmitöö etappe ning lihtsustanud finantsjuhtimist, suurendades niiviisi kohapeal programmide juhtimisega tegelevate kohalike võimude paindlikkust. Ühtekuuluvusfondi ja Struktuurifondi reguleerivad eeskirjad on ühtlustatud, nii et kohalikel võimudel ja abisaajatel tuleb lähtuda ühest ja samast reeglistikust, mis kehtib mõlema fondi kohta. Samas vaimus on 10 rakendusmäärust asendatud ühe uue komisjoni määrusega, mis käsitleb struktuurifondide rakendamist.

Lisaks sellele jääb siseturu väljakujundamine üheks kõige mõjuvõimsamaks vahendiks ettevõtluskeskkonna parandamisel. Tõkete kaotamine liikmesriikide vahelt kasvatas ELi SKTd 1993. aastal toimunud ühtse turu paketi vastuvõtmisele järgnenud kümne aasta jooksul 223 miljardi euro võrra ehk 2,2%. See vastab 1 450 eurosele lisisissetulekule iga majapidamise kohta. Lisaks kasvas tööhõive 1,4% ning loodi 2,75 miljonit uut töökohta. Ühtne ELi reeglistik tähendab, et ettevõtetal ei ole vaja üles otsida ja lahti mõtestada 27 erinevat siseriiklikku reeglistikku, kohandada oma tooteid või teenuseid vastavalt nendele ja seejärel tõendada, et nad on neid reegleid järginud. Näiteks:

- Hiljuti tegi komisjon ettepaneku muuta ELi **sõidukite tüübikinnitust**, võttes kasutusele ühtsed eeskirjad vesinikul töötavatele sõidukitele, mis võimaldas tootjatel saada mastaabisäästu terve Euroopa turule mõeldud suurematest tooteseeriastest ning garanteeris ELi tarbijatele, et need uuenduslikud sõidukid vastavad kõrgetele ohutus- ja keskkonnakaitse nõuetele. Tüübikinnitussüsteemi kohandamine homsete tehnoloogiatega võimaldab ELi autotööstusel pidada sammu ka oma konkurentidega maailmaareenil ning parandab selle tööstusharu konkurentsivõimet kolmandate riikide turgudel.
- Detsembris 2007 tegi komisjon ettepaneku uue direktiivi kohta, mille eesmärk oli kaotada takistused **ühendusesiseselt kaitseotstarbeliste toodete kaubanduselt**. Senini on selliste toodete ringlust siseturul kitsendanud erinevate siseriiklike menetluste paljus, mis mitte üksnes ei pane äriühingutele ja ametiasutustele rohkem kui 430 miljoni euro suurust koormat aastas, vaid tingib ka pikad, kuni mitmekuised ooteajad. See koormus on selgelt ebaproportsionaalne, võrreldes tegeliku kontrollivajadusega, mida näitab asjaolu, et igal aastal antakse välja umbes 11 500 ühendusesise veo litsentsi, kuid ajavahemikul 2004–2006 lükati tagasi ainult kolm litsentsitaotlust. See ettepanek aitab muuta Euroopa kaitsetööstuse majanduslikult ja tehnoloogiliselt konkurentsivõimelisemaks, parandab VKEdes osalemistingimusi relvastuse arendamisel ja tootmisel, võimaldab liikmesriikidel täita oma sõjalisi vajadusi nõuetekohastes turvalisustingimustes madalamate kuludega ning suurendab avalike hangete ja tööstuskoostöö tarnekindlust.

2.6. Kommunikatsioonivahendid ja huvirühmadega konsulteerimine

Selge ja läbipaistev teave lihtsustamisprogrammi rakendamisel tehtud edusammude kohta on hädavajalik, et programm saaks ka edaspidi sama hooga jätkuda. Selleks on komisjon loonud lihtsustamise veebilehe¹⁰, kus antakse üldinfot lihtsustamisstrateegia kohta ja võimaldatakse huvirühmadel jälgida jooksva programmi edenemist. Lisaks sellele on mitmetes muudes sektorites (nt põllumajanduses) konsulteerimine liikmesriikide vastava valdkonna ekspertide ja huvirühmadega hõlpsam tänu valdkondlikele rühmadele.

Lähtudes oma kindlast soovist tugineda lihtsustamisel huvirühmade praktilistele kogemustele, algatas komisjon 2007 sügisel uue veebikonsultatsiooni, et ära kuulata ettevõtjate mured ja ettepanekud seoses õigusaktidest tuleneva koormusega ja bürokraatiaga üldiselt. Komisjon kasutab huvirühmade panust parimal võimalikul viisil. Kuigi niiviisi saadud seisukohad on mõeldud esmajärgus Euroopa Liidu halduskoormuse vähendamise tegevusprogrammi jaoks, võetakse lihtsustamisstrateegia väljatöötamisel arvesse iga seisukohta, mis käsitleb laiemaid regulatsiooni teemaga seotud küsimusi.

3. KODIFITSEERIMISPROGRAMM

Kodifitseerimine¹¹ mängib olulist rolli komisjoni püüdes vähendada *acquis*’ mahtu ja muuta see kättesaadavamaks.

Kodifitseerimisprogramm hõlmab umbes 400 kodifitseerimisakti, millest suurem osa on õigusaktide ettepanekud. Kokku on kodifitseerimisprotsessi edukalt läbinud, vastu võetud ja Euroopa Liidu Teatajas avaldatud 87 niisugust õigusakti (62 komisjoni ning 25 Euroopa Parlamendi ja nõukogu õigusakti). Nimetatud 87 õigusaktiga asendatakse 348 varasemat õigusakti. Lisaks sellele on 65 akti seadusandja käes menetluses ja neli akti võtab komisjon peatselt vastu. 152 kodifitseerimisakti on seega komisjonis juba finaliseeritud.

Et kodifitseerimisprogramm 2008. aasta lõpuks lõpule viia (2. lisa), on astunud samme, et ületada mahajäämust kodifitseeritavate tekstide tõlkimises ELi uutesse ametlikesse keeltesse. Kodifitseeritud õigusakte vastu võttes peab seadusandja järgima õigusaktide ametliku kodifitseerimise kiirendatud töömeetodit käsitlevas institutsioonidevahelise kokkuleppes (sõlmitud 20. detsembril 1994) sätestatud eeskirju.

4. INSTITUTSIOONIDEVAHELISED ASPEKTID

4.1. Seadusandja menetluses olevad ettepanekud

Lihtsustamisprogrammi eduka läbiviimise eest vastutavad ühiselt kõik otsustusprotsessis osalejad. Aastal 2007 suutis seadusandja ületada mahajäämuse aastate 2003–2004 lihtsustamisprogrammi kuuluvate ettepanekute osas.

Kuid 44 ettepaneku puhul, mis kuuluvad aastate 2005–2009 jooksvasse programmi, on seadusandja menetlus veel pooleli (3. lisa). Direktiivide puhul tuleb seejärel EÜ reeglid riiklikku õigusesse üle võtta. Seetõttu võib kuluda mitu aastat, enne kui kodanikud ja ettevõtted lihtsustamisest kasu võivad saada (või seda isegi märgata).

¹⁰ http://ec.europa.eu/enterprise/regulation/better_regulation/simplification/intro.htm

¹¹ Vt joonealune märkus 7.

Seetõttu on komisjon innustanud teisi institutsioone võtma vastu oma lihtsustamisetpanekuid võimalikult kiiresti.

4.2. Lihtsustamine ja teised institutsioonid

Lissaboni majanduskasvu ja tööhõive strateegia alusel jälgib konkurentsivõime nõukogu parema õigusliku reguleerimise tegevuskava rakendamist arenguaruande kaudu, mis esitatakse iga eesistumisperioodi lõpul ning kus näidatakse muu hulgas jooksvas lihtsustamisprogrammis tehtud edusamme. Komisjon tervitab nõukogu jätkuvat huvi parema õigusliku reguleerimise vastu üldiselt ja eriti lihtsustamise vastu, kuid märgib samas, et nõukogu töömeetodid lihtsustamisetpanekute läbivaatamisel ei ole veel põhjalikult muutunud, vaatamata paremat õigusloomet käsitlevas institutsioonidevahelises kokkuleppes võetud kohustustele.

Oma resolutsioonis „Õiguskeskkonna lihtsustamise strateegia“¹² tervitas Euroopa Parlament komisjoni kodifitseerimisprogrammi ja nõustus, et lihtsustamisprogrammi tuleks edendada ja toetada samalaadsete siseriiklike lihtsustamisalgatustega. Parlament kutsus ka kolme institutsiooni üles sõlmima institutsioonidevahelist kokkulepet kiirendatud töömeetodite kohta lihtsustamise meetmete puhul. Komisjon on tänulik parlamendi konstruktiivse toetuse üle ja parema õigusliku reguleerimise tegevuskava rakendamisel juba võetud meetmete üle. Eriti tervitab komisjon muudatust, mille parlament on teinud oma kodifitseerimis- ja ümbersõnastamisetpanekute läbivaatamise sisekorras ning mis selgitab ülesannete jaotust komiteede vahel ja hoiab ära lubamatute sisuliste muudatuste tegemise kodifitseeritud osadesse.

Seetõttu ergutab komisjon nõukogu ja parlamenti tagama menetluses olevate lihtsustamisetpanekute kiire vastuvõtmise ja jälgima, et lihtsustamise sisu jääks seejuures alles.

4.3. Koostöö Euroopa Majandus- ja Sotsiaalkomitee ning Regioonide Komiteega

Komisjon on üritanud paremini korraldada organiseeritud kodanikuühiskonna seisukohtade ärakuulamist *acquis*’ regulatiivse kvaliteedi küsimustes.

Komisjoni taotluse peale esitas Euroopa Majandus- ja Sotsiaalkomitee septembris 2007 oma arvamuse masinasektori reguleeriva raamistiku lihtsustamise ulatuse kohta. See hõlmas nii valdkonnaspetsiifilisi reegleid kui ka masinaid puudutavaid õigusakte laiemalt, näiteks tervise-, ohutus- ja keskkonnakaitset. Komisjon kavatseb seda koostööd jätkata ja on nüüd saatnud komiteele samalaadsed taotlused teiste tähtsamate sektorite kohta, nagu ehitussektor ja ettevõtlusteenused.

Samuti tervitab komisjon Regioonide Komitee poolt oktoobris 2007 vastu võetud aruannet parema õigusliku reguleerimise kohta¹³.

¹² Euroopa Parlamendi viitenumber: A6-0271/2007 / P6_TA-PROV(2007)0365

¹³ Regioonide Komitee arvamus „PAREM ÕIGUSLOOME 2005 ja 2006“. CdR397/2006 fin

5. KOKKUVÕTE/LÕPPSÕNA

Bürokraatia vähendamine on leidnud oma kindla koha ühenduse poliitilises tegevuskavas. Nagu muudki elemendid parema õigusliku reguleerimise tegevuskavas, mille komisjon koostas oma ametiaja alguses, on lihtsustamisstrateegia jõudnud täiskiirusele ja andmas oma esimesi käegakatsutavaid ja muljetavaldavaid tulemusi. Komisjon viib lõpule ligikaudu 95 000 lehekülje ühenduse *acquis* läbivaatamise, et teha kindlaks võimalikud valdkonnad, kuhu tulevane lihtsustamine võiks keskenduda, ning integreerib tulemused ajakohastatud jooksvasse lihtsustamisprogrammi, mis esitatakse 2009. aasta alguses. Komisjon on kindlalt otsustanud viia praegune jooksev programm lõpule ja muuta *acquis* nii lihtsaks, kasinaks ja ajakohaseks kui võimalik. Meetod on nüüd selleks rakendatud ja tegevus on hakanud tulemusi andma.

Siiski on selge, et komisjon üksi ei saa regulatiivset raamistikku parandada. Siiras, kooskõlastatud ja otsusekindel jõupingutus kõikidel reguleerimistasanditel on nüüd vajalikum kui kunagi varem, et muuta poliitilised soovunelmad käegakatsutavateks tulemusteks ning tagada ettevõtete ja kodanike tegelike ootuste täitumine. Euroopa Parlament ja nõukogu omalt poolt jagavad institutsioonilist vastutust selle eest, et komisjoni ettepanekud liiguksid läbi viimase vastuvõtmisetapi. Seni on vaatamata tunnustatud jõupingutustele vastu võetud vähem kui veerand kõikidest komisjoni esitatud lihtsustamisetpanekutest, mis nõuavad seadusandja poolt vastuvõtmist. Ilmselgelt on oluline, et nende ettepanekute lihtsustamissisu otsustusprotsessis säiliks.

Samal põhimõttel peaksid ELi õiguse ülevõtmise eest vastutavad riiklikud, piirkondlikud ja kohalikud võimud püüdma täiendada Brüsselis tehtavat tööd. Liigagi sageli kaob ELi reeglite lihtsustav mõju hilise ülevõtmise või ülemääraste nõuete kehtestamise tagajärjel. Töö, mida praegu tehakse halduskoormuse mõõtmisel ja kaardistamisel teatavates poliitikavaldkondades, annab eeldatavasti ses suhtes huvitava õppetunni. Kooskõlas oma hiljutise teatisega „Tulemuslik Euroopa – ühenduse õiguse kohaldamine“ intensiivistab komisjon oma jõupingutusi, et vältida EÜ õiguse rikkumisi juba õigusloome algetapis, parandades liikmesriikidele antava abi kvaliteeti, et hõlbustada direktiivide õiget ülevõtmist ja kohaldamist.

Kuna suurem osa ELi õigusmaastikust ei kujune välja ühenduse tasandil, tuleb ka lihtsustamisprogrammid välja töötada või neid tugevdada riiklikul (ja vajaduse korral piirkondlikul) tasandil, et piirata paberimajandust, mis kipub vohama sõltumatult ELi õigusaktidest. Tulevikus asetab komisjon Lissaboni tegevuskava raames esitatud riiklikke reformikavu üle vaadates rõhku ka sellele aspektile.

ANNEX 1

Simplification Rolling programme (2008-2009)

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
2008¹⁴				
1.	Legislative proposals arising from the Communication on the 'Health Check' in the Common Agricultural Policy	Revision	Following the 2007 Communication on the "Health Check" in the Common Agricultural Policy (CAP), the legislative proposals will provide options aiming at making the Single Payment Scheme more effective, adapting the market support instruments and addressing the new challenges facing the sector. The "Health Check" is not a fundamental reform, rather it essentially aims to ensure that the CAP functions effectively and to simplify it where possible. This initiative arises from the review clauses regarding the Single Payment Scheme and certain agricultural markets that were included in the 2003/04 CAP reforms.	
2.	Commission Regulation on information and promotion actions for agricultural products on the internal market and in third countries	Revision	This initiative has as objective to establish the conditions regarding co-financing of information and promotion programmes for agricultural products in the internal market and in third countries. It will take the form of a consolidation of two existing Commission Regulations ((EC) No 1071/2005 and (EC) No 1346/2005).	X

¹⁴ As adopted in the Commission Legislative and Work Programme of the Commission 2008 - COM(2007) 640.

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
3.	Private Storage: Commission Regulation laying down common rules for private storage of agricultural products under Common Agricultural Policy	Revision	The aim of the proposal is to replace multiple sectoral rules by horizontal ones and to simplify management mechanisms relating to the private storage of agricultural products. Existing sectoral provisions, which may vary from one sector to another, will be examined with a view to eliminating unnecessary provisions and to harmonising the system of private storage.	
4.	Council Regulation amending Regulation (EC) No 1234/2007 establishing a common organisation of markets (CMO) and on specific provisions for certain agricultural products (single CMO regulation)	Revision, recast and repeal	The single common market organisation (CMO) regulation, scheduled for adoption by Council in October 2007, merges existing CMOs into a single text. It does not modify policy but streamlines and harmonises legislation. Various substantive amendments were made in the meantime to the existing CMOs. This is notably the case in the milk, the sugar and the fruit and vegetables sectors. It is important to incorporate these amendments into the single CMO in order to achieve the aim of having one single simplified legal text which will facilitate the access to the existing legislation and thus create a much higher degree of transparency and legal clarity. The initiative thus concerns the subsequent Commission proposal.	X
5.	Milk Package (two separate initiatives): 1) Commission Regulation laying down certain implementing rules with regard to intervention for butter 2) Commission Regulation laying down certain implementing rules with regard to intervention for skimmed milk powder	Revision	The purpose of the initiative is to simplify the procedures relating to intervention buying of butter, to abolish national butter quality grades, and to abolish private storage aid for cream and skimmed milk powder. Technical clarifications and simplification (e.g. concerning the security provisions) will improve the readability of the text.	X

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
6.	Streamline Controls: Amendment of Commission Regulation (EC) No 796/2004 regarding the detailed rules of cross compliance and the integrated administration and control system	Revision	This proposal stems directly from the Commission report to the Council on the application of the system of cross-compliance (COM(2007) 147). Its amendments will lead to simpler and more effective rules concerning the controls on direct payments to farmers with regard to the selection of the control sample, the timing of these controls, and the specific rules concerning on the spot checks.	X
7.	Starch Production Refunds: Commission Regulation amending Regulation (EEC) No 1722/93 laying down detailed rules for the application of Council Regulation (EEC) No 1766/92 concerning production refunds in the cereals sector	Revision	Objective of this initiative is the simplification of control procedures by increasing the threshold for special control requirements. It will simplify the business environment in which EU starch producers operate by eliminating the unnecessary / disproportionate administrative measures related to the control on modified starches This proposal has been elaborated following the consultation of NGOs/stakeholders.	X
8.	Controls of export refunds: Commission Regulation amending Regulations (EC) No 2090/2002, (EC) No 3122/94 and (EC) No 800/1999 as regards physical and substitution controls in the framework of export refunds on agricultural products	Revision	Modification of Regulation (EC) No 2090/2002 laying down detailed rules for applying Council Regulation (EC) No 386/90 as regards physical checks carried out when agricultural products qualifying for refunds are exported.	X
9.	Fresh fruit and vegetables: proposal for a Commission Regulation laying down the marketing standards for fresh fruit and vegetables and establishing requirements on checks on conformity to these marketing standards	Revision	The objective of the proposal is to merge 34 regulations on marketing standards for fresh fruit and vegetables into one regulation, reduce the list of products covered by marketing standards and rationalise checking operations.	X

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
10.	Common market organisation of wine: amendment of the Council Regulation establishing the single Common Market Organisation Regulation (EC) No 1234/2007 to include the provisions with regard the common market organisation of wine.	Revision	The amendment will include the specific rules concerning the common organisation of the wine market into the general rules concerning the organisation of the common market in agricultural produce. This will clarify and simplify the EU legislation.	X
11.	Commission Regulation on the application of Articles 87 and 88 of the Treaty to regional aid, SME, R&D, environmental aid, employment, training. (General Block Exemption Regulation - final adoption)	Revision	The final objective pursued by the Commission is to group all existing Block Exemption Regulations into one single Regulation for the first time ever. This will bring a qualitative impact in terms of clarity, predictability and transparency of EU rules for business and national and regional authorities. The new GBER will cover areas already covered by block exemptions (training, employment, SME) and new areas (environment, risk capital, regional aid). Texts on research and capital risk were adopted in 2006, but those applicable to the environment will be adopted in 2007. Finalisation of the draft new GBER is scheduled for 2007 and formal adoption by the Commission in 2008.	
12.	Council Directive 2001/23/EC on the approximation of the laws of the Member States relating to the safeguarding of employees' rights in the event of transfers of undertakings, businesses or parts of undertakings or businesses	Revision	Directive 2001/23/EC does not contain any provisions on conflict of laws. As a result, there is a lack of clarity as to how to apply the provisions of the Directive to cross-border transfers. The aim of the proposal - to be made by the Commission following the two phases of consultation of social partners - is therefore to clarify the application of the Directive to cross-border operations. The proposal would increase legal certainty for economic and judicial agents and result in costs savings for undertakings and better protection for workers. <i>Following the results of the first phase of consultations which took</i>	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
			<i>place in November 2007, it appears that the revision of the Directive is not necessary.</i>	
13.	Community initiative on work-related musculoskeletal disorders	Recast	The objective of this initiative is to integrate into a single legislative instrument the provisions on the protection of the health and safety of workers from the risks of musculo-skeletal disorders at work. These provisions are currently fragmented over different directives, namely Council Directive 90/269/EEC on the minimum health and safety requirements for the manual handling of loads and Council Directive 90/270/EEC on the minimum health and safety requirements for work with display screen equipment. A single legislative instrument would be more comprehensive, clearer and easier to apply. It will benefit employers in terms of legal clarity and workers in terms of providing better protection against the risks of musculo-skeletal disorders.	
14.	Revision of the Pharmaceutical "Variations" Regulations: change to the legal basis, in Directives 2001/83/EC on the Community code relating to medicinal products for human use and 2001/82/EC for veterinary use	Revision	The objective is to simplify the rules concerning post-licensing changes to medicines (so-called 'Variations' Regulations). Administrative management of these rules currently mobilise more than 60% of the human resources and financial costs of companies' regulatory departments. In some cases, this burden may hinder innovation by preventing the introduction of changes that are beneficial to patients and society. The objective of this initiative is to reduce the administrative burden for industry by streamlining the circumstances obliging industry to fill applications for variations of human and	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
			veterinary medical products. The current legal basis for implementing rules on changes to the marketing authorisation doesn't allow the Commission to set rules for purely national marketing authorisation. This legal basis should be widened to close the gap for harmonisation. This initiative aims at changing the legal basis for Directives: 2001/83/EC on the Community code relating to medicinal products for human use and Directive 2001/82/EC on the Community code relating to medicinal products for veterinary use.	
15.	Revision of the pharmaceutical "Variations" Regulations: simplification and modernisation of Regulation (EC) No 1084/2003 and (EC) No 1085/2003	Revision	The objective is to reduce the administrative burden for industry by simplifying the rules for variations of human and veterinary medicinal products. The Variations regulation are implementing rules adopted by the Commission on changes to the marketing authorisation of pharmaceuticals.	
16.	Regulation on Advanced Safety Features and Tyres	Revision	The proposal will simplify EC legislation in the domain of vehicle safety by replacing existing legislation in the area into one main Regulation. It will include electronic stability control and low rolling resistance tyres. The proposal will repeal some 50 separate Directives and will replace them, where appropriate, with references to UNECE Regulations. The beneficiaries of the simplification aspect of this proposal will primarily be vehicle manufacturers and national approval authorities. Replacing Directives with a Regulation will also ease the administrative burden on the Member States since they would not have to transpose legal acts in the domain of vehicle safety in the future. Furthermore, references to UNECE Regulations will avoid the existing duplication between EU and UNECE law and will thus lead to "better regulation".	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
17.	Textiles: simplification and replacement by a single regulation	Revision	The replacement of 3 Directives by 1 Regulation will simplify procedures for Member States, companies and the Commission leading to shorter periods for adoption of new fibre names. The standard methods of quantitative analysis of binary and ternary textile fibre mixtures currently included in two of the directives are to be transferred to the standardisation process. This means that consumers and companies could benefit faster from the use of new innovative products. Innovation and technological developments will be thus encouraged. In addition, the legal nature of the legislation (Regulation) will facilitate the application of technical adaptations by the Member States.	
18.	Pressure Vessels and Transportable Pressure Equipment	Repeal	The objective is to repeal 4 Directives on Pressure Vessels (76/767/EEC, 84/525/EEC, 84/526/EEC, 84/527/EEC) and integration of the still relevant provisions into the revision of Directive 99/36/EC (Transportable Pressure Equipment).	
19.	Metrology: extension of the scope of Directive 2004/22/EC on measuring instruments and repeal of 8 "old approach" methodology Directives	Repeal	The objective is to provide for a coherent legal framework for legal metrology. The extension of the scope of the Directive is the legal prerequisite for the repeal of the following "old approach" Directives.	
20.	Eco-management and audit scheme: revision of the Regulation (EC) No 761/2001 of 19 March 2001 allowing voluntary participation by organisations in a Community eco-management and audit scheme (EMAS)	Revision	The revision aims at improving environmental performance of the organisations participating and increasing participation from both industrial and public sector. Legal compliance and environmental performance improvement of the participating organisations will be facilitated by providing access to advice on environmental legal obligations and guidance on the best environmental management practice. Administrative burden will be reduced for large corporations	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
			by allowing corporate registration and for small organisations by cluster registration. All participating organisations will benefit from reduced procedural requirements, simplified rules for the use of logo and harmonised rules for accreditation, verification and registration. In addition SMEs and small local authorities will benefit from reduced verification and reporting obligations and lower registration fees. Synergies with other environmental management systems will be facilitated. Incentives and regulatory relief for participating organisations by the member states will be encouraged.	
21.	Eco-label award scheme: revision of Regulation (EC) No 1980/2000 of the European Parliament and of the Council of 17 July 2000 on a revised Community eco-label award scheme	Revision	The revision aims at enhancing effectiveness and market impact by increasing the range of eligible product groups and the number of eco-labelled goods and services actually available to the consumer. For this purpose, the procedure of developing and adopting eco-label criteria will be thoroughly changed and simplified. Economic stakeholders will be involved to a greater extent into the process, thereby increasing ownership and self-regulatory aspects of the scheme, whereas the administrative burden put on Member States will be reduced. Once the criteria are adopted, it will be easy for economic operators to apply for the award of the eco-label to their products. Synergies with existing eco-labels at national level will be facilitated and limits will be put on the costs and fees Member States' authorities may charge on the applicant. Furthermore, the criteria should be defined in such a way that they can be easily used for the purpose of green public procurement.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
22.	Biocides: revision of the legislation on the placing of biocidal products on the market	Recast	This proposal follows the 2007 Report on the implementation of the Biocides Directive (98/8/EC). The objective is to provide a revised legal framework for regulating the placing on the market of biocidal products. The revision aims to address concerns regarding complexity and the cost, as well as the availability of certain biocidal products, and bring about a significant simplification of the current legislative framework and procedures. The revision of the biocides legislative framework will bring it in line with the EU Chemicals policy (REACH Regulation).	X
23.	WEEE: revision of Directive 2002/96/EC on Waste Electric and Electronic Equipments	Revision	The revision of the Directive 2002/96/EC will examine possibilities to increase the efficiency and effectiveness of the directive in achieving its environmental goals and eliminate any unnecessary costs to business, consumers, NGOs and public authorities arising from implementation of the directive. The revision will concern the targets, scope, treatment requirement and the operation of the producer responsibility provisions.	
24.	RoHS: revision of Directive 2002/95/EC on the limitation of the use of certain hazardous substances in the electric and electronic equipments	Revision	The revision aims at clarifying concepts and facilitate the implementation and enforcement while increasing the environmental benefits. It will enhance legal certainty for all stakeholders and will facilitate implementation by manufacturers by streamlining the mechanism for granting exemptions and enforcement by national authorities through market surveillance and administrative cooperation clauses. It will furthermore provide a more transparent level playing field for manufacturers and simplify procedures through introduction of harmonised compliance checking. Most of these measures will also enhance the internal market effect of the Directive and reduce	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
			administrative costs for administrations and manufacturers.	
25.	Ozone layer: revision of Regulation (EC) No 2037/2000 on substances that deplete the ozone layer	Recast	As the production and consumption of the substances covered have been reduced or phased out, many provisions of the Regulation, after seven years in force, need to be repealed or updated. Other provisions may benefit from simplification such as clarification of definitions and procedures and interaction with other pieces of legislation. This will reduce the cases of ambiguous interpretation and the risk of infringements and consequent administrative burdens. In particular, most of the administrative cost reduction will result from ending exemption provisions on some uses of ozone depleting substances. The beneficiaries will be the Member States and the Commission. Overall, the cost savings from ending the exemptions is expected to exceed any additional cost associated with new control measures to combat illegal trade of ozone depleting substances.	
26.	SEIS: legislative proposal to follow up the Communication on a Shared Environmental Information System (SEIS)	Revision	Following the 2007 Communication the Commission will adopt legislative proposals underpinning the development of SEIS that could address reporting streamlining and/or coherence of approaches to monitoring and information. This initiative aims to improve the availability, quality and comparability of data, avoid redundancies in reporting requirements to Member States and therefore, the administrative burden, remove obstacles related to information accessibility and enhance the coherence of monitoring systems and	X

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
			indicators.	
27.	Revision of Regulation (EC) No 638/2004 of the EP and of the Council on Community statistics relating to the trading of goods between Member States	Revision	Simplification of Intrastat with a view to alleviate the statistical reporting of economic operators, in particular SMEs, taking into account the outcome of the ongoing pilot project of administrative costs and a future feasibility study to analyse workability of a collection system limited to one flow.	
28.	Modernisation and recast of the CFP control system under Regulation (EC) No 2847/93	Recast	The main objectives are the review, harmonisation and simplification of existing rules - Regulation (EC) No 2847/93 - in the fisheries control area. The modernisation of the procedures will facilitate a better enforcement by alleviating the burden and constraints for the sector and public administrations and increasing the use of IT tools to reduce reporting obligations (e.g. reducing administrative burdens). It would be also of interest for NGOs which campaign for stringent and effective rules.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
29.	Proposal for a Commission Regulation laying down implementing rules for the collection and management of data needed to conduct the CFP	Revision	The proposal is intended to establish implementing rules according to the new framework Council Regulation on data collection, currently under discussion at the Council. The main innovations will include the support for new approaches such as fleet and area based management and the move towards the ecosystem approach as well as the promotion of a more regional approach to data collection. Moreover, new provisions for the access to data are to be included.	X
30.	Revision of the company law, accounting and auditing acquis	Revision	Measures to simplify the company law environment for companies in the context of the "Better Regulation" framework.	
31.	Consolidation of accounting standards and interpretations endorsed for use in the EU	Recast	Commission will prepare a consolidated version of all International Financial Reporting Standards (IFRS) in force as per 31.12.2007. It will enable constituents to refer to only one Regulation as it will contain all endorsed IFRS. In this context any translation errors contained in the current Regulations will be corrected.	
32.	Recasting - Codification Motor insurance Directive	Codification	Codification of the current 6 Directives into one single Motor Insurance Directive in order to have a motor insurance acquis more comprehensible, easier to apply and more effective in achieving its goals.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
33.	Proposal for a Framework Directive on Consumer Contractual Rights	Revision	The overall aim of the revision of the acquis, is to simplify and improve the coherence of the consumer regulatory framework and thus enhance legal certainty both for consumers and business. The legal instrument will be a combination of codification and repeal of parts of existing directives and enactment of new rules. The revision will be based on a mixed approach consisting of the adoption of a horizontal instrument, underpinned whenever required by vertical revisions of existing directives. This framework instrument would systematise and regulate in a uniform fashion common features of the consumer acquis. The instrument would provide common definitions and regulate the main consumer contractual rights and remedies. It would also regulate consistently the contractual aspects of sales which are currently scattered across several Directives.	
34.	Simplify procedures of listing and publishing information in the veterinary and zootechnical fields	Revision	The general objective is to harmonise and simplify, essentially by means of electronic tools, the current procedures for listing, updating and publishing information in the veterinary and zootechnical fields such as lists of approved animal health establishments and breeding organisations in Member States and Third Countries and lists of certain national reference laboratories. 22 Council acts are concerned.	X
35.	Harmonisation of Maximum Residues Levels (MRL) for pesticides	Revision	The main objective of this proposal will concern the transfer and update by comitology of the list of MRLs (Annex II) and temporary MRLs (Annex III) based on European Food Safety Agency (EFSA) assessment and mathematical models/expert calculations. The proposal will be a final step towards harmonisation of divergent national MRLs.	X

			Completion of the replacement of 4 Directives by one Regulation.	
36.	Review of the provisions related to the total feed ban	Revision	A ban on the feeding of mammalian meat and bone meal (MBM) to cattle, sheep and goats was introduced as of July 1994. This partial ban was extended to a total EU wide suspension on the use of processed animal protein in feed for any animals farmed for the production of food on 1 January 2001 with some exceptions like the use of fish meal for non-ruminants. Any presence of prohibited constituents of animal origin in feed is considered as a breach of the feed ban i.e. the zero-tolerance. Following the adoption of the TSE Road map the Commission issued a Commission staff working paper i.e. Work Programme on TSE [SEC(2006) 1527] on future legislative actions in the field of transmissible spongiform encephalopathy. One of the topics concerns a revision of the feed ban provisions. The starting point when revising the current feed ban provisions should be risk-based but at the same time taking into account the control tools in place to evaluate and ensure the proper implementation of this feed ban.	X

37.	Revision of food safety in EU Switzerland trade in agricultural products - Decision n° 1/2008 of the Joint Veterinary Committee set up by the Agreement between the European Community and the Swiss Confederation on trade in agricultural products amending appendix to Annex 11 to the Agreement - Decision to amend Commission Decision 2001/881/EC on import controls to abolish border inspections posts between EC and Switzerland	Revision	The revision of the safety provisions will consist of: - Completion of the equivalence determination between the Swiss legislation related to food safety and veterinary policies including border veterinary controls and import conditions, updating of the content of the Agreement with regard to legislations adopted since the last Agreement modification. - As Switzerland has accepted to apply the EC acquis in relation to animal health, food safety and hygiene controls, a uniform high level of protection will therefore exist in the EC and Switzerland. This permits the abolition of border controls on trade in animals and animal products between the two.	X
38.	Recast of basic safety standards legislation for the protection against the dangers arising from exposure to ionising radiation	Recast	Recast into a single Council Directive of relevant Euratom acts on radiation protection including a substantial revision of the Basic Safety Standards (BSS) directive. The objective is to bring the BSS directive in line with the forthcoming recommendations of the International Commission on Radiological protection (ICRP), when available. At the same time the legislation in the field of radiation protection has to be simplified.	
39.	Legislative proposal revising Council Directive 2006/67/EC with the aim of strengthening the European emergency oil stocks system	Revision	The current system of emergency oil stocks shows limitations and shortcomings on several accounts. The provisions of the existing legislation will be revised in order to create a system for coping with oil supply disruptions. The new proposal will replace existing Directives and contribute to simplification of EU legislation.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
40.	Recasting of Directive 2002/91/EC of 16 December 2002 on the Energy Performance of Buildings	Recast or Revision	The Energy Performance of Buildings Directive makes certificates for the energy performance of buildings mandatory when buildings are constructed, sold or rented out and requires minimum energy performance requirements for new buildings and existing building which undergo major renovation. Furthermore, the Directive requires regular inspections of boilers and air-conditioning systems in order to guarantee their energy efficient operation. An amended Directive could enlarge the scope to more buildings, strengthen and specify some of these requirements and add, for instance, financing aspects. The changes under consideration aim at overcoming multiple barriers that hinder the utilization of the vast potential for energy demand reductions in the buildings sector. The recasting of the Directive is part of package on the Strategic Energy Review and included in the Energy Efficiency Action Plan. The amendments will cover some articles of the Directive and add new ones. The "simplification" will consist of using the "recasting" technique to facilitate reading and comprehension for the implementing authorities and for the many stakeholders affected.	X
41.	Recast of Council Directive 92/75/EEC of 22 September 1992 on the indication by labelling and standard product information of the consumption of energy and other resources by household appliances	Recast	Amend the existing framework Directive to enlarge its scope (beyond domestic appliances) and update for modern communication tools (e.g. internet) to enhance public/consumer awareness on efficient products. The simplification will be obtained by using the recasting technique for consolidating the original Directive with its amendment in one single document.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
42.	Proposal to recast the legislation concerning the "first railway package" following the report in 2006 of its implementation, in particular for the requirements concerning the relations between infrastructure managers and railway undertakings	Recast	The first and successive railway packages are legal instruments to achieve the Community's objective to create a European Railway Area through market opening, as well as technical and regulatory market integration. As rail markets transform, an ongoing review of the suitability of the EU legal framework appears appropriate with possible simplification and streamlining. The Commission intends to present a communication accompanied by a proposal for modification/recast of the existing acts, especially Directives 91/440/EEC and 2001/14/EC. The political goal is to enhance the competitiveness of rail transport in Europe and to hence contribute to achieving the objectives of the Lisbon strategy. The recast aims at a simplification of the text of the three Directives of the 1st railway package by merging them into one legal act, a 'railway access code'. By eliminating existing cross-references between the Directives the reading and implementation will be come easier for the implementing authorities and the many stakeholders affected.	
43.	Revision of the Council Directive 94/56/EC establishing the fundamental principles governing the investigation of civil aviation accidents and incidents and of Directive 2003/42/EC on occurrence reporting in civil aviation	Revision or Recast	The older directive needs to be modernised following the establishment of EASA and following the advice of the Group of Experts established by EC Decision 2003/425/EC. In addition the newer directive needs to be built on to create a minimum set of centralised functions, including a database to allow appropriate entities to carry out trend analysis or other studies, and keep track of safety recommendations, while providing information to the general public. Both directives will be replaced by a single piece of legislation. The objective of the simplification is to take advantage of the necessary revision of the Directive 94/56 to adapt it to recent developments by merging it with Directive 2003/42/EC to create a single legislative act as both	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
			directives deal with the use of feedback information to improve accident prevention.	
44.	Modernise the Marine Equipment Directive 96/98/EC	Recast or Revision	The objective is to modernise and reform the existing system established by Council Directive 96/98/EC on marine equipment. Its main objectives are: 1) to produce a consolidated version of the text following the successive amendments of the Directive 2) to improve the functioning of the Directive's system by addressing the existing shortcomings ; 3) to adapt it to the reform of the New Approach. It is intended to abrogate the existing Directive and replace it with an entirely new one, while recourse to recast is not excluded. At present, the Directive needs periodic amendments in order to keep pace with the safety requirements and technical standards produced by the International Maritime Organisation as well as the international and European standardisation bodies. This produces an inevitable mismatch between the European and international regulatory frameworks, sometimes spanning several years, whose correction will greatly facilitate the work of the sectors concerned and thus favour the competitiveness of the European marine equipment industry. Furthermore, the adaptation of the directive to the new regulatory framework for the free movement of goods (revision of the new	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
			approach) is expected to improve the readability of this instrument and reduce the administrative burden on the industry. Timing of adoption is conditional on significant progress being achieved by December 2007 in the legislative process as regards the revision of the New Approach.	
45.	Transport of radioactive material	Recast	The objective is to update and simplify the Community regulatory framework for transporting radioactive material There are currently more than 20 Directives, Regulations and Recommendations governing the transport of radioactive material within the EU. Harmonisation will lead to simplification of rules and procedures.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
2009				
46.	Amendment to Annex IV to Regulation (EC) No 2003/2003 on fertilizers	Revision	It is intended to amend Annex IV of Regulation (EC) No 2003/2003 in order to ensure that CEN Standards can be considered as official methods of analysis to be used as reference for official controls. Their updated version delivered by CEN will no longer be included in the legal act but will exist in the form of separate standards to which the Community law will refer – the detailed description of test methods currently contained in the Annex will be deleted.	
47.	Repeal of 24 Directives on agricultural and forestry tractors	Repeal	The proposal will simplify EC legislation on agricultural and forestry tractors by replacing existing legislation (including the present Framework Directive and the separate Directives) by one main Regulation. It will introduce improved requirements for tractor brakes as well.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
48.	Simplification of Directives concerning medical devices, active implantable medical devices, blood and plasma	Recast	The objective is to simplify and strengthen the rules in order to ensure a high level of health protection while at the same time ensuring a smooth functioning of the internal market.	
49.	Repeal of 14 Directives on two and three wheelers	Repeal	The proposal will simplify EC legislation on 2 and 3-wheel motor vehicles by replacing existing legislation (including the present Framework Directive and the separate Directives) by one main Regulation.. It will introduce a) modern emissions legislation b) ABS and c) Automatic emergency braking for 2 and 3-wheelers.	X
50.	Mutual acceptance of personnel licences and harmonisation of technical requirements in civil aviation	Repeal	Repeal of Council Directive 91/670 on mutual acceptance of personnel licences for the exercise of functions in civil aviation and Council Regulation 3922/91 on the harmonisation of technical requirements and administrative procedures in the field of civil aviation.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
51.	Recast of Regulation (EC) No 3821/85 on recording equipment in road transport	Recast	Enhancing road safety, fair competition and adequate working conditions for professional drivers. More specifically: - improve the capacity of the system to resist to attempts to tamper with or alter the data on driving time and speed. - reduce administrative costs for undertakings which use the tachograph on their fleets and for control officers carrying out checks. The Regulation were amended 11 times and have to be simplified.	
52.	Proposal for a Council Directive amending Directive 77/388/EEC as regards the VAT treatment of public authorities and the exemptions for certain activities in the public interest	Review	The proposal aims at ensuring a more <u>harmonised</u> and <u>neutral</u> VAT system. Harmonisation: due to certain options and vague definitions, the practical application of the provisions related to public authorities varies widely among Member States creating differences in the VAT treatment of public authorities between Member States. Neutrality: distortions of competition between the public and the private sector and several economic inefficiencies as well as tax avoidance schemes are the main disadvantages of the current rules.	

	Title of action	Type of simplification action	Description of scope and objectives	Additional initiatives to COM (2005) 535 and COM(2006) 690
53.	Proposal for a Council Directive replacing Directive 92/12/EEC on the general arrangements for products subject to excise duty and on the holding, movement and monitoring of such products.	Review	The proposal will modernise and simplify the provisions of the Directive, integrate judgements of the ECJ, as well as guidelines of the excise committee and adapt the Directive to support the computerisation of the procedures for the movement of excise products under suspension of excise duty.	
54.	Recast of Council Directive 2003/49/EC on a common system of taxation applicable to interest and royalty payments made between associated companies of different Member States as amended.	Recast	Consolidation of the legal text and adoption of simplified procedures relating to exemption from withholding tax.	

ANNEX 2

Indicative list of planned codification for 2008

	Policy area	Short title	Full title
Commission Autonomous Act			
1	Agriculture and Rural Development	Recast 1988D0566 (by DG) - décision Commission	Proposal for a COMMISSION DECISION listing the products referred in the second subparagraph of Article 3 (1) of Council Regulation (EEC) No 1898/87 (recast version) (1988d0566)
2	Agriculture and Rural Development	Recast 1997R0936 (by DG) - Commission Regulation opening and providing for the administration of tariff quotas	Proposal for a COMMISSION REGULATION opening and providing for the administration of tariff quotas for high-quality fresh, chilled and frozen beef and for frozen buffalo meat (1997R0936)
3	Agriculture and Rural Development	Recast 1992R0094 (by DG) - règlement Commission	Proposal for a COMMISSION REGULATION laying down detailed rules for implementing the arrangements for imports from third countries provided for in Regulation (EEC) No 2092/91 on organic products of agricultural products and indications referring thereto on agricultural products and foodstuffs (recast version) (1992R0094)
4	Agriculture and Rural Development	Codification 2001R1799 - Commission Regulation laying down the marketing standard for citrus fruit	Proposal of a Commission Regulation (EC) No 1799/2001 of 12 September 2001 laying down the marketing standard for citrus fruit
5	Agriculture and Rural Development	Codification 1996R2449 - règlement Commission	Proposal for a Commission Regulation opening and providing for the administration of certain annual tariff quotas for products covered by CN codes 0714 10 91, 0714 10 99, 0714 90 11 and 0714 90 19 originating in certain third countries other than Thailand (codified version)
6	Agriculture and Rural Development	Codification 1993R2131 - règlement Commission	Proposal for a Commission Regulation laying down the procedures and conditions for the sale of cereals held by intervention agencies (codified version)
7	Agriculture and Rural Development	Codification 1982R1859 - Regulation Commission - Selection of holdings for determining income	Proposal for a Commission Regulation (EEC) No 1859/82 of 12 June 1982 concerning the selection of returning holdings for the purpose of determining incomes of agricultural holdings
8	Agriculture and Rural Development	Codification 1990R3444 - Commission Regulation (laying down detailed rules for granting private storage aid	Proposal for a Commission Regulation (EEC) No 3444/90 of 27 November 1990 laying down detailed rules for granting private storage aid for pigmeat
9	Agriculture and Rural Development	Codification 1989R0120 - Commission Regulation (EEC) laying down common detailed rules for the application of export	Proposal for a Commission Regulation (EEC) No 120/89 of 19 January 1989 laying down common detailed rules for the application of export levies and charges on agricultural products
10	Agriculture and Rural Development	Codification 1985R2220 Commission Regulation (EEC) laying down common detailed rules for the application of the system	Proposal for a Commission Regulation (EEC) No 2220/85 of 22 December 1985 laying down common detailed rules for the application of the system of securities for agricultural products
11	Agriculture and Rural Development	Codification 2001R0214 - Commission Regulation laying down detailed rules for the application of Council Regu	Proposal of a Commission Regulation (EC) No 214/2001 of 12 January 2001 laying down detailed rules for the application of Council Regulation (EC) No 1255/1999 as regards intervention on the market for skimmed-milk powder
12	Agriculture and Rural Development	Codification 1992R2342 - règlement Commission	Proposal for a Commission Regulation on imports of pure-bred breeding animals of the bovine species from the third countries and on granting of export refunds thereon and repealing Regulation (EEC) No 1544/79 (codified version)
13	Agriculture and Rural Development	Codification 1982R1964 - règlement Commission	Proposal for a Commission Regulation laying down the conditions for granting special export refunds on certain cuts of boned meat of animals (codified version)
14	Agriculture and Rural Development	Codification 2002R2377 - Regulation Commission - Administration of Community tariff quotas for malting barley	Proposal for a Commission Regulation (EC) No 2377/2002 of 27 December 2002 opening and providing for the administration of a Community tariff quota for malting barley from third countries and derogating from Council Regulation (EC) No 1766/92

15	Agriculture and Rural Development	Codification 2002R2375 - Regulation Commission - Administration of Community tariff quotas for wheat	Proposal for a Commission Regulation (EC) No 2375/2002 of 27 December 2002 opening and providing for the administration of Community tariff quotas for common wheat of a quality other than quality from third countries and derogating from Council Regulation (EEC) No 1766/92
16	Agriculture and Rural Development	Codification 1993R2273 - Commission Regulation determining the intervention centres for cereals	Proposal for a Commission Regulation (EEC) No 2273/93 of 28 October 1993 determining the intervention centres for cereals
17	Agriculture and Rural Development	Codification 1997R2331 - Regulation Commission - Special conditions for granting export refunds	Proposal for a Commission Regulation (EC) No 2331/97 of 25 November 1997 on special conditions for granting export refunds on certain pigmeat products
18	Agriculture and Rural Development	Codification 2001R1543 Commission Regulation laying down the marketing standard for lettuces and curled-leave	Proposal for a Commission Regulation (EC) No 1543/2001 of 27 June 2001 laying down the marketing standard for lettuces and curled and broad-leaved (Batavian) endives
19	Agriculture and Rural Development	codification 2001R0912 Commission Regulation laying down the marketing standard for beans	Proposal for a Commission Regulation (EC) No 912/2001 of 10 May 2001 laying down the marketing standard for beans
20	Agriculture and Rural Development	Codification 1999R0730 - Commission Regulation laying down the marketing standard for carrots	Proposal for a Commission Regulation (EC) No 730/1999 of 7 April 1999 laying down the marketing standard for carrots
21	Agriculture and Rural Development	Codification 1997R2288 - Commission Regulation laying down marketing standards for garlic	Próposal for a Commission Regulation (EC) No 2288/97 of 18 November 1997 laying down marketing standards for garlic
22	Agriculture and Rural Development	Codification 1988R1677 - Commission Regulation laying down quality standards for cucumbers	Proposal for a Commission Regulation (EEC) No 1677/88 of 15 June 1988 laying down quality standards for cucumbers
23	Agriculture and Rural Development	Codification 1987R1591 - Commission Regulation laying down quality standards for cabbages	Proposal for a Commission Regulation (EEC) No 1591/87 of 5 June 1987 laying down quality standards for cabbages, Brussels sprouts, ribbed celery and spinach
24	Agriculture and Rural Development	Codification 1978R3077 -Regulation Com-Equivalence of Community certificates and attestations accompanying imported hops	Proposal for a Commission Regulation (EEC) No 3077/78 of 21 December 1978 on the equivalence with Community certificates and attestations accompanying hops imported from non-member countries
25	Agriculture and Rural Development	Codification 1978R3076 - Regulation Commission - Importation of hops from non-member countries	Proposal for a Commission Regulation (EEC) No 3076/78 of 21 December 1978 on the importation of hops from non-member countries
26	Agriculture and Rural Development	Codification 1999R0800 - Regulation Commission - Detailed rules on the system of export refunds	Proposal for a Commission Regulation (EC) No 800/1999 of 15 April 1999 laying down common detailed rules for the application of the system of export refunds on agricultural products
27	Agriculture and Rural Development	Recast 2000R2707 (by DG) - Commission Regulation laying down rules for applying Council Regulation (EC) No 12	Proposal for a COMMISSION REGULATION laying down rules for applying Council Regulation (EC) No 1255/1999 as regards Community aid for supplying milk and certain milk products to pupils in educational establishments (2000R2707)
28	Agriculture and Rural Development	Codification 1994R2659 - règlement Commission	Proposal for a Commission Regulation on detailed rules for the granting of private storage aid for Grana padano, Parmigiano-Reggiano and Provolone cheeses (codified version)
29	Agriculture and Rural Development	Codification 2001R1788 - règlement Commission	Proposal for a Commission Regulation laying down detailed rules for implementing the provisions concerning the certificate of inspection for imports from third countries under Article 11 of Council Regulation (EEC) No 2092/91 on organic production of agricultural products and indications referring thereto on agricultural products and foodstuffs (codified version)
30	Agriculture and Rural Development	Codification 1968R0821 - règlement Commission	Proposal for a Regulation of the Commission on the definition, applicable to the granting of export refunds, of hulled grains and pearled grains of cereals (codified version)
31	Agriculture and Rural Development	Codification 2001R0245 - Commission Regulation on the common organisation of the markets in flax and hemp grown for fibre	Commission Regulation (EC) No 245/2001 of 5 February 2001 laying down detailed rules for the application of Council Regulation (EC) No 1673/2000 on the common organisation of the markets in flax and hemp grown for fibre

32	Agriculture and Rural Development	Codification 2000R2584 - Commission Regulation establishing a system for the communication of information	Proposal of a Commission Regulation (EC) No 2584/2000 of 24 November 2000 establishing a system for the communication of information on certain supplies of beef, veal and pigmeat by road territory of the Russian Federation
33	Agriculture and Rural Development	Codification 2000R1291 Commission Regulation (EC) laying down common detailed rules for the application of the syst	Proposal of a Commission Regulation (EC) No 1291/2000 of 9 J 2000 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products
34	Agriculture and Rural Development	Codification 2000R0824 Commission Regulation establishing procedures for the taking-over of cereals	Proposal of a Commission Regulation (EC) No 824/2000 of 19 A 2000 establishing procedures for the taking-over of cereals by intervention agencies and laying down methods of analysis for determining the quality of cereals
35	Agriculture and Rural Development	Codification 2000R1622 - Commission Regulation laying down certain detailed rules for implementing Regulation 1493/1999	Proposal of a Commission Regulation (EC) No 1622/2000 of 24 2000 laying down certain detailed rules for implementing Regulation (EC) No 1493/1999 on the common organisation of the market in and establishing a Community code of oenological practices and processes
36	Agriculture and Rural Development	Recast 1992R3002 (by DG) - Commission Regulation rules for verifying the use and destination of products from interven	Proposal for a COMMISSION REGULATION laying down common detailed rules for verifying the use and/or destination of products from intervention (1992R3002)
37	Agriculture and Rural Development	Recast 1985R2248 (by DG) - Regulation Commission - Administrative assistance for cheeses exported to the USA	Proposal for a COMMISSION REGULATION on detailed rules for administrative assistance with the exportation of Emmentaler cheese subject to quota restrictions that qualifies for special treatment on importation into the United States of America (1985R2248)
38	Agriculture and Rural Development	Codification 1977R2237 - Regulation Commission - Form of farm return for agricultural income	Proposal for a Commission Regulation (EEC) No 2237/77 of 23 September 1977 amending Regulation No 118/66/EEC on the form of farm return to be used for the purpose of determining incomes of agricultural holdings
39	Agriculture and Rural Development	Codification 1994R1431 - règlement Commission	Proposal for a Commission Regulation laying down detailed rules for the application in the poultrymeat sector of the import arrangements provided for in Council Regulation (EC) No 774/94 opening and providing for the administration of certain Community tariff quotas for poultrymeat and certain other agricultural products (codified version)
40	Agriculture and Rural Development	Codification 1996R1249 - règlement Commission	Proposal for a Commission Regulation on rules of application (ce sector import duties) for Council Regulation (EEC) No 1766/92 (codified version)
41	Agriculture and Rural Development	Codification 1990R1014 - règlement Commission	Proposal for a Commission Regulation laying down detailed implementing rules on the definition, description and presentation of spirit drinks (codified version)
42	Agriculture and Rural Development	Codification 1993R0461 - règlement Commission	Proposal for a Commission Regulation laying down detailed rules for the Community scale for the classification of carcasses of ovine animals (codified version)
43	Agriculture and Rural Development	Codification 2001R0883 - règlement Commission	Proposal for a Commission Regulation laying down detailed rules for implementing Council Regulation (EC) No 1493/1999 as regards trade with third countries in products in the wine sector (codified version)
44	Agriculture and Rural Development	Codification 1994R1267 - règlement Commission	Proposal for a Commission Regulation applying the agreements between the European Union and third countries on the mutual recognition of certain spirit drinks (codified version)
45	Agriculture and Rural Development	Codification 1993R0207 - règlement Commission	Proposal for a Commission Regulation defining the content of Annex to Regulation (EEC) No 2092/91 on organic production of agricultural products and indications referring thereto on agricultural products and foodstuffs and laying down detailed rules for implementing the provisions of Article 5 (4) thereto (codified version)
46	Agriculture and Rural Development	Codification 1995R1591 Commission Regulation laying down detailed rules for the application of export refunds	Proposal for a Commission Regulation (EC) No 1591/95 of 30 J 1995 laying down detailed rules for the application of export refunds on glucose and glucose syrup used in certain products processed from fruit and vegetables

47	Agriculture and Rural Development	Codification 2002R1284 - Commission Regulation laying down the marketing standard for hazelnuts in shell	Proposal for a Commission Regulation (EC) No 1284/2002 of 15 July 2002 laying down the marketing standard for hazelnuts in shell
48	Agriculture and Rural Development	Codification 2002R0843 - Commission Regulation laying down the marketing standard for strawberries	Proposal for a Commission Regulation (EC) No 843/2002 of 21 May 2002 laying down the marketing standard for strawberries and amending Regulation (EEC) No 899/87
49	Agriculture and Rural Development	Codification 2001R2396 Commission Regulation laying down the marketing standard applicable to leeks	Proposal for a Commission Regulation (EC) No 2396/2001 of 7 December 2001 laying down the marketing standard applicable to leeks
50	Agriculture and Rural Development	Codification 2001R1615 - Commission Regulation laying down the marketing standard for melons and amending Regulation (EC) No 1093/97	Proposal for a Commission Regulation (EC) No 1615/2001 of 7 August 2001 laying down the marketing standard for melons and amending Regulation (EC) No 1093/97
51	Agriculture and Rural Development	Codification 2000R0790 - Regulation Commission - Marketing standards for tomatoes	Proposal for a Commission Regulation (EC) No 790/2000 of 14 April 2000 laying down the marketing standard for tomatoes
52	Agriculture and Rural Development	Codification 2000R0851 Commission Regulation laying down the marketing standard for apricots	Proposal for a Commission Regulation (EC) No 851/2000 of 27 April 2000 laying down the marketing standard for apricots
53	Agriculture and Rural Development	Codification 1997R0831 - Regulation Commission - Marketing standards for avocados	Proposal for a Commission Regulation (EC) No 831/97 of 7 May 1997 laying down marketing standards applicable to avocados
54	Agriculture and Rural Development	Codification 1999R2377 - Commission Regulation laying down the marketing standard	Proposal for a Commission Regulation (EC) No 2377/1999 of 9 November 1999 laying down the marketing standard for asparagus
