ANNEX
Proposal for a Regulation of the European Parliament and of the Council amending Regulation (EU) 2019/816 establishing a centralised system for the identification of Member States holding conviction information on third-country nationals and stateless persons (ECRIS-TCN) to supplement the European Criminal Records Information System and Regulation (EU) 2019/818 on establishing a framework for interoperability between EU information systems in the field of police and judicial cooperation, asylum and migration and amending Regulations (EU) 2018/1726, (EU) 2018/1862 and (EU) 2019/816 for the purpose of introducing a screening of third country nationals at the external borders

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 16(2), Article 74, Articles 78(2)(e) and Article 79(2)(c), Article 82(1), second subparagraph, point (d), Article 85(1) and Article 87(2)(a) and Article 88(2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Acting in accordance with the ordinary legislative procedure,

Whereas:
(1) Regulation (EU) …/… [Regulation on Screening] of the European Parliament and of the Council\(^1\) provides for identity, security and preliminary health and vulnerability checks of third country nationals who are at the external border without fulfilling the entry conditions or who are apprehended within the territory, and where there are no indications that they have been subject to controls at external borders or within the territory of the Member States, who have not been subject of border checks at the external borders of the Member States, as well as of those who have made an application for international protection at border crossing points or in transit zones, without fulfilling the entry conditions. Regulation (EU) …/… [Regulation on Screening]\(^2\) addresses the challenges of managing mixed flows of migrants and creates uniform rules allowing for a quick-swift identification of third country nationals and referral to the applicable procedures.

(2) The Regulation (EU) …/… [Regulation on Screening]\(^3\) provides that verifications for security purposes in the framework of the screening should be carried out against the same systems as for applicants for visas or for travel authorisations under the European Travel Information and Authorisation System (ETIAS). In particular, Regulation (EU) …/… [Regulation on Screening]\(^4\) provides that the personal data of the persons submitted to the screening should be checked against Europol data, Interpol Stolen and Lost Travel Documents database (SLTD) and Interpol Travel Documents Associated with Notices database (TDAWN), as well as the European Criminal Records Information System for third country nationals (ECRIS-TCN) as regards persons convicted in relation to terrorist offences and/or other forms of serious criminal offences.

---

\(^3\) Op. cit. 15.

(3) Access to the ECRIS-TCN is necessary for the authorities designated to carry out the screening provided for in Regulation (EU) …/… [Regulation on Screening] in order to establish whether a person could **might** pose a threat to internal security or to public policy.

(3a) A hit indicated by ECRIS-TCN should not by itself be taken to mean that the third-country national concerned as defined in Regulation (EU) 2019/816 has been convicted in the Member States that are indicated. The existence of previous convictions should be confirmed only on the basis of information received from the criminal records of the Member States concerned.

---

Regulation (EU) …/… [Regulation on Screening]\(^6\), which constitutes a development of the Schengen acquis regarding borders, amends Regulations (EC) No 767/2008\(^7\), (EU) 2017/2226\(^8\), (EU) 2018/1240\(^9\) and (EU) 2019/817 of the European Parliament and of the Council\(^10\), which likewise constitute developments of the Schengen acquis regarding borders, to grant access rights for the purposes of the screening to the data contained in the Visa Information System (VIS), to the Entry Exit in the Entry/Exit System (EES) and to European Travel Information and Authorisation System (ETIAS) respectively. However, the parallel amendment of Regulation (EU) 2019/816 of the European Parliament and of the Council\(^11\) No 2019/816 to grant access rights for the purposes of the screening to ECRIS-TCN could not be part of the same regulation for reasons of variable geometry, as the regulation establishing ECRIS-TCN does not constitute a development of the Schengen acquis. Regulation 2019/816 should therefore be amended by a distinct legal instrument.

---

(5) Since the objective of this Regulation, namely to enable access to the ECRIS-TCN for the purposes of the security checks established by Regulation (EU) …/… [Regulation on Screening]¹², which in turn aims to **strengthen the control of persons and to provide for the verification of identity or for the identification of all third-country nationals subject to the screening and for the consultation of the relevant databases in order to verify whether the persons might pose a threat to internal security and contribute to the strengthening of the control of persons who are about to enter the Schengen area and their referral to the appropriate procedures, cannot be sufficiently achieved by the Member States, but can only be **rather, by reasons of its scale and effects, be better** achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union (TEU). In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary to achieve that objective.

(6) Regulation (EU) …/… [Regulation on Screening]¹³ provides for specific rules concerning the identification of third-country nationals by means of consulting the Common Identity Repository (‘CIR’) established by Regulations Regulation (EU) 2019/817 and Regulation (EU) 2019/818 of the European Parliament and of the Council¹⁴ in order to facilitate and assist in the correct identification or verification of identity of persons registered in EES, VIS, ETIAS, Eurodac and ECRIS-TCN, including of unknown persons who are unable to identify themselves.

---

(7) Since access to data stored in the Common Identity Repository (CIR) for identification or verification purposes is necessary for the authorities designated to carry out the screening, the Regulation (EU) … [Regulation on Screening]\textsuperscript{15} amends Regulation (EU) 2019/817. For reasons of variable geometry it was not possible to amend Regulation (EU) 2019/818 in the same Regulation, and therefore Regulation (EU) 2019/818 should be amended by a distinct legal instrument.

(8) In accordance with Articles 1 and 2 of Protocol No 22 on the position of Denmark, annexed to the TEU and to the Treaty on the Functioning of the European Union (TFEU) Treaties, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application.

(9) In accordance with Articles 1 and 2 and Article 4a(1) of Protocol No 21 on the position of the United Kingdom and Ireland in respect of the area of freedom, security and justice, annexed to the Treaties TEU and to the TFEU, and without prejudice to Article 4 of that Protocol, Ireland is not taking part in the adoption of this Regulation and is not bound by it or subject to its application,
