a Community Code on the rules governing the movement of persons across  
borders**

Delegations will find attached a new version of the above-mentioned draft Regulation which is based on the outcome of the discussions held in the meetings of the Frontiers Working Party in January and February 2005.

**DRAFT REGULATION**

**OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**

**establishing a Community Code on the rules governing the movement of persons across borders<sup>1</sup>**

**THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,**

Having regard to the Treaty establishing the European Community, and in particular Articles 62(1) and (2)(a) thereof,

Having regard to the proposal from the Commission,<sup>2</sup>

Acting in accordance with the procedure laid down in Article 251 of the Treaty<sup>3</sup>,

Whereas:

- (1) Under Article 62(1) of the Treaty, the drafting of measures to ensure there are no border controls on persons crossing internal borders forms part of the Union's objective of establishing an area without internal frontiers in which the free movement of persons is ensured, as set out in Article 14 of the Treaty.
- (2) In accordance with Article 61 of the Treaty, the creation of an area in which persons may move freely must be flanked by other measures. The common policy on the crossing of external borders, as provided for by Article 62(2) of the Treaty is such a measure.
- (3) The adoption of common measures on the crossing of internal borders by persons and border control at external borders must reflect the Schengen acquis incorporated in the European Union framework, and in particular the relevant provisions of the Convention implementing the Schengen Agreement of 14 June 1985<sup>4</sup> and the Common Manual.<sup>5</sup>

<sup>1</sup> **ES** and **FR** entered a Parliamentary reservation. **EL** entered a general reservation. The **Pres** recalled that **DE**, **IT**, **AT** and **NO** had also entered a general reservation and that **DK**, **FI** and **SE** had entered a scrutiny reservation. **NL** maintained its Parliamentary reservation.

<sup>4</sup> OJ L 230, 22.09.2000, p. 19.

<sup>5</sup> OJ C 313, 16.12.2002, p. 97.

- (4) As regards border control at external borders, the establishment of a “common corpus” of legislation, particularly via consolidation and development of the *acquis*, is one of the fundamental components of the common policy on the management of the external borders, as defined in the Commission Communication of 7 May 2002 “Towards integrated management of the external borders of the Member States of the European Union”.<sup>6</sup> This objective was included in the “Plan for the management of the external borders of the Member States of the European Union”, approved by the Council on 13 June 2002 and endorsed by the Seville European Council on 21 and 22 June 2002 and by the Thessaloniki European Council on 19 and 20 June 2003.
- (5) The definition of common rules on the movement of persons across borders neither calls into question nor affects the rights of free movement enjoyed by Union citizens and members of their families and by third-country nationals and members of their families who, under agreements between the Community and its Member States, on the one hand, and these countries, on the other, enjoy rights of free movement equivalent to those of Union citizens.
- (6) Border controls are in the interest not only of the States at whose external borders they are carried out but of all Member States which have abolished border controls at their internal borders. They must help to combat illegal immigration and trafficking in human beings and to prevent any threat to the Member States' internal security, public order, public health and international relations. The performance of border controls must be proportionate to these objectives.
- (7) Border control comprises not only checks on persons at authorised crossing-points but also surveillance between these crossing-points. It is therefore necessary to lay down the conditions, criteria and detailed arrangements governing checks at crossing-points and surveillance.
- (8) Provision must be made for relaxing checks at external borders in the event of exceptional and unforeseen circumstances.
- (9) To reduce the waiting times of persons enjoying the Community right to free movement, who are usually subject only to an identity check, separate lanes should, where circumstances permit, be provided at external border crossing-points, identified by minimum uniform indications in all Member States. Separate lanes should be provided in international airports.
- (10) Member States must ensure that control procedures do not constitute a major barrier to trade and social and cultural interchange at external borders. To this end they should deploy appropriate numbers of staff and resources.
- (11) The Member States are to appoint the national service or services responsible for border-guard tasks in accordance with their national legislation. Where more than one service is responsible in the same Member State, there must be close and constant cooperation between them.

---

<sup>6</sup> COM(2002) 233 final.

- (12) Operational cooperation and assistance between Member States in relation to border control will be managed and coordinated by the “European Agency for the Management of Operational Cooperation at the External Borders of the Member States” established by Regulation (EC) No ...<sup>7</sup>
- (13) With regard to the crossing of internal borders, border control should not be carried out or formalities imposed solely because such a border is crossed.
- (14) It must nevertheless be made clear that this Regulation is without prejudice to the checks carried out under general police powers and the security checks on persons identical to those carried out for national flights, to the possibilities for Member States to carry out exceptional checks on baggage in accordance with Council Regulation (EEC) No 3925/91 concerning the elimination of controls and formalities applicable to the cabin and hold baggage of persons taking an intra-Community flight and the baggage of persons making an intra-Community sea crossing,<sup>8</sup> and to national legislation on carrying travel or identity documents or the requirement that persons notify the authorities of their presence on the territory of the Member State in question.
- (15) A Member State should also have the possibility of temporarily reintroducing border controls at its borders in the event of a serious threat to its public order, internal security or public health. The conditions and procedures for doing so must be laid down, so as to guarantee the exceptional nature of the measure and the principle of proportionality.
- (16) In the event of an exceptionally serious threat to public order, internal security or public health affecting one or more Member States, the Council must be in a position to decide immediately to reintroduce border control at all internal borders or at specific borders of all or several Member States. The scope and duration of the border control must be restricted to the bare minimum needed to respond to this threat.
- (17) In an area where persons may move freely, the reintroduction of border control on persons at internal borders must remain an exception and, consequently, the Member State using this measure must inform the other Member States and the Commission in detail of the reasons prompting it to introduce or extend the measure for more than 30 days, in order to engage in a debate and jointly to consider whether alternative measures might be possible. The information sent must be capable of being classified as confidential or secret. The Member State that temporarily reintroduces border control must report to the other Member States, the European Parliament and the Commission once the border control has been lifted. The public must also be informed in an appropriate manner of the reintroduction of border control at internal borders and of the authorised crossing-points, save where this is precluded by the reasons for their reintroduction.
- (18) Provision must be made for a procedure enabling the Commission to adapt the detailed practical rules governing border control.

<sup>8</sup> OJ L 374, 31.12.1991, p. 4. Regulation as amended by Parliament and Council Regulation (EC) No 1882/2003 (OJ L 284, 31.10.2003, p. 1).

- (19) The measures needed to implement this Regulation should be taken pursuant to Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission.<sup>9</sup>
- (20) Since the objectives of the proposed action, namely the establishment of rules applicable to the movement of persons across borders, directly affect the Community acquis on external and internal borders and cannot thus be achieved sufficiently by the Member States acting alone, the Community may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve this objective.
- (21) This Regulation respects fundamental rights and observes the principles recognised in particular by the Charter of Fundamental Rights of the European Union. It will be implemented in accordance with the Member States' obligations as regards international protection and non-refoulement.
- (22) This Regulation replaces the Common Manual and the provisions of the Convention implementing the Schengen Agreement of 14 June 1985 on the crossing of internal and external borders. The Schengen Executive Committee decisions of 22 December 1994 (SCH/Com-ex (94)17, rev. 4)<sup>10</sup> and 20 December 1995 (SCH/Com-ex (95) 20, rev. 2),<sup>11</sup> and Council Regulation (EC) No 790/2001 of 24 April 2001 reserving to the Council implementing powers with regard to certain detailed provisions and practical procedures for carrying out border checks and surveillance,<sup>12</sup> should also be repealed.
- (23) By way of derogation from Article 299 of the Treaty, the only territories of France and the Netherlands to which this Regulation applies are those in Europe. It does not affect the specific arrangements applied in Ceuta and Melilla, as defined in the Act of Accession of the Kingdom of Spain to the Convention implementing the Schengen Agreement of 14 June 1985.<sup>13</sup>
- (24) In accordance with Articles 1 and 2 of the Protocol on the position of Denmark, annexed to the Treaty on European Union and the Treaty establishing the European Community, Denmark will not participate in the adoption of this Regulation and is not therefore bound by it or required to apply it. Given that this Regulation builds upon the Schengen acquis under the provisions of Title IV of the Treaty establishing the European Community, Denmark will decide within a period of six months after the Council has adopted this Regulation whether or not to implement it in its national law, as provided for in Article 5 of the Protocol.

---

<sup>20</sup> **HU** entered a Parliamentary reservation.

<sup>21</sup> **FR** entered a reservation with regard to Article 2.

<sup>22</sup> **NL** entered a reservation with regard to the definition of "regular ferry connections" as, in its opinion, this term also includes connections with ports in third States. It suggested therefore referring to "any ferry connection between the same two or more ports and consisting of the transport of passengers and vehicles according to a published timetable".

- 5) “persons enjoying the Community right of free movement” means:
- a) Union citizens within the meaning of Article 17(1) of the Treaty, and third-country nationals who are members of the family of a Union citizen exercising his or her right to free movement to whom Directive 2004/38/EC<sup>23</sup> of 29 April 2004 applies,
  - b) third-country nationals and their family members, whatever their nationality, who, under agreements between the Community and its Member States, on the one hand, and these countries, on the other, enjoy rights of free movement equivalent to those of citizens of the Union;
- 6) “third-country national” means any person who is not a Union citizen within the meaning of Article 17(1) of the Treaty and who is not covered by paragraph 5;

- 11) “Border surveillance” means the surveillance of borders outside border crossing points and the surveillance of border crossing points outside the fixed opening hours, in order to prevent persons from circumventing border checks.
- 12) “border guard” means any public official assigned to a border crossing point or along the border or the immediate vicinity of that border **who carries out**, in accordance with the national legislation of each Member State, border control tasks<sup>25</sup>;

---

<sup>23</sup> OJ L 158, 30.4.2004, p. 77.

<sup>24</sup> **FR** entered a reservation with regard to the new definition of border control, border checks and border surveillance. **DE, HU** entered a scrutiny reservation. **PT** entered a linguistic reservation.

<sup>25</sup> **PT** maintained a reservation with regard to the term "border guards" and preferred referring to "competent authorities".

- 13) "local border traffic" means the specific rules on the crossing of external borders by persons resident in border areas, as defined in Regulation (EC) No ... on the establishment of a regime of local border traffic at the external land borders of the Member States;<sup>26</sup>

  - b) all other documents referred to in Annex [... *corresponding to current Annex 11 to the Common Manual*];
- 16) "cruise ship" means a ship which follows a given itinerary in accordance with a predetermined programme, whose passengers take part in a collective programme of tourist activities in the various ports and which normally neither takes passengers on nor allows passengers to disembark during the voyage nor load or discharge any cargo;
- 17) "pleasure boating" means the use of pleasure boats for sporting or tourism purposes;
- 18) "coastal fisheries" means fishing carried out with the aid of vessels which return every day [...] to a port situated in the territory of a Member State without calling at a port situated in a third State.

### *Article 3* *Scope*

This Regulation shall apply to any person crossing the internal<sup>27</sup> or external borders of Member States, without prejudice to:

- a) the rights of persons enjoying the Community right of free movement;
- b) the rights of refugees and persons requesting international protection, in particular as regards non-refoulement.

---

<sup>26</sup> OJ L [...], [...], p. [...].

<sup>27</sup> ES and FR maintained their reservation with regard to "internal borders".

**TITLE II**  
**EXTERNAL BORDERS**

**Chapter I**  
**Crossing of external borders**  
**and conditions for entry**

*Article 4*  
*Crossing external borders*

1. External borders may be crossed only at border crossing-points and during the fixed opening hours. The opening hours must be clearly indicated at border crossing points which are not open 24 hours a day.

Specific crossing-points reserved for residents of border areas may be provided for under the regime of local border traffic. This shall be clearly indicated at those crossing points.

The list of border crossing-points is set out in Annex I.

2. By way of derogation from paragraph 1, exceptions to the obligation to cross external borders only at border crossing-points and during fixed opening hours may be allowed:
  - a) under the regime of local border traffic;
  - b) in connection with pleasure boating or coastal fishing;
  - c) for seamen going ashore to stay in the area of the port where their ships call or in the adjacent municipalities;
  - d) for individuals or groups of persons, where there is a requirement of a special nature, provided that they are in possession of the permits required by national legislation and that it does not conflict with the interests of public order and the internal security of the Member States;
  - e) for persons or groups of persons in case of an unforeseen emergency situation.<sup>28</sup>

---

<sup>28</sup> **LT** entered a reservation since this provision would be in violation with its national legislation.

3. Without prejudice to the exceptions provided for in paragraph 2 or to their international protection obligations, the Member States shall introduce penalties, in accordance with their national law, for the unauthorised crossing of external borders at places other than crossing points<sup>29</sup> or at times other than the fixed opening hours. These penalties shall be effective, proportionate and dissuasive.

#### *Article 5*

##### *Entry conditions for third-country nationals*

1. For stays not exceeding 90 days<sup>30</sup> per six-month period, third-country nationals may be granted entry into the territory of the Member States provided they fulfil the following conditions:
- a) they are in possession of a valid travel document or documents authorising them to cross the border;
  - b) they are in possession of a valid visa, if required pursuant to Regulation (EC) No 539/2001<sup>31</sup>, except when they are holding a valid residence permit as defined in Article 2, point 13);
  - c) they are in possession of documents justifying the purpose and conditions of the intended stay, and they have sufficient means of subsistence, both for the period of the intended stay and for the return to their country of origin or transit to a third State into which they are certain to be admitted, or are in a position to acquire such means lawfully;
  - d) they are not persons for whom an alert has been issued for the purposes of refusing entry in the SIS;
  - e) they are not considered to be a threat to public order, internal security, public health or the international relations of any of the Member States and no alert is issued in Member States' national data bases for the purposes of refusing entry<sup>32</sup>.
2. A non-exhaustive list of supporting documents which the border guard may request from the third-country national in order to verify the fulfilment of the conditions set out in paragraph 1c is included in Annex II.

---

<sup>29</sup> **PL** and **FI** suggested including also penalties for the unauthorised crossing at border crossing points.

<sup>30</sup> **CZ** maintained its reservation with regard to "90 days" and stated that, following Council Regulation (EC) 539/01, its national legislation refers to three months in stead of 90 days.

<sup>31</sup> OJ L 81, 21.3.2001, p.1. Last amended by Regulation No 453/2003, OJ L 69, 13.3.2003, p.10.

<sup>32</sup> **SE** queried how border control personnel should act to detect such a threat.

3. Means of subsistence shall be assessed in accordance with the duration and the purpose of the stay and by reference to average prices for board and lodging. The reference amounts set by the Member States are shown in Annex III.

4. By way of derogation from paragraph 1:

- a) Third-country nationals who fulfil the conditions referred to in paragraph 1, except for point b), and who present themselves at the border may be granted entry into the territories of the Member States, if a visa is issued at the border in accordance with Regulation (EC) No 415/2003.

Visas issued at the border must be recorded on a list.

If it is not possible to affix a visa in the document, it shall, exceptionally, be affixed on a separate sheet inserted in the document. In such a case, the uniform format for forms for affixing the visa, laid down by Regulation (EC) No 333/2002,<sup>33</sup> shall be used.

- b) Third-country nationals who fulfil the conditions referred to in paragraph 1, except for point c), and hold a residence permit or, where foreseen by national legislation, a re-entry visa issued by one of the Member States or both documents, shall be authorised to transit through the territories of the other Member States so that they may reach the territory of the Member State which issued the residence permit or re-entry visa, unless their names are on the national list of alerts of the Member State whose external borders they are seeking to cross and the alert is accompanied by instructions as to refusal of transit.
- c) Third country nationals who do not fulfil one or more of the conditions referred to in paragraph 1 may be authorised by a Member State to enter into its territory on humanitarian grounds, on grounds of national interest or because of international obligations. Where the third-country national concerned is subject to an alert as referred to in paragraph 1 point d), the Member State authorising his/her entry into its territory shall inform the other Member States accordingly.

## **Chapter II**

### **Control of external borders and refusal of entry**

#### *Article 6*

#### *Checks on persons at border crossing-points*

1. Cross-border movement at external borders shall be subject to checks by the border guards<sup>34</sup>. Checks shall be carried out in accordance with paragraphs 2 and 3.

---

<sup>33</sup> OJ L 53, 23.2.2002, p. 4.

<sup>34</sup> PT recalled its reservation with regard to "border guards" which is valid for the entire text of the draft Regulation.

The checks may also cover the means of transport and objects in the possession of the persons crossing the border. When searches are involved, the national legislation of each Member State shall apply.

2. All persons shall undergo a minimum check in order to establish their identities on the basis of the production or presentation of their travel documents<sup>35</sup>. Such minimum check consists of a rapid and straightforward verification of the validity<sup>36</sup> of the document authorising the legitimate holder to cross the border and of the presence of signs of falsification or counterfeiting<sup>37</sup>.
3. On entry and exit, third-country nationals shall be subject to a thorough check.
  - a) Thorough checks on entry shall comprise:
    - the verification of the conditions governing entry laid down in Article 5(1) and, where applicable, documents authorising residence and the pursuit of a professional activity;
  - b) Thorough checks on exit shall comprise:
    - the verification of travel documents or documents authorising the third-country national to cross the border, and;
    - [...] consultation of alerts on persons and objects included in the SIS and reports in national data files **where there are reasons to believe that it is not in the interest of the person or of the Member State that this person or the objects in his/her possession leave the territory of the Member States, in particular in cases referred to in the provisions of Articles 95, 97, 98, 99 and 100 of the Schengen Convention**<sup>38</sup>.

Thorough checks on exit may also comprise:

- the verification that the person is in possession of a valid visa, if required pursuant to Regulation (EC) No 539/2001<sup>39</sup>, except when they are holding a valid residence permit as defined in Article 2, point 15);
- the verification that the person did not exceed the maximum duration of authorised stay in the territory of the Member States;

---

<sup>35</sup> **FR** stated that due attention should be given to the developments with regard to biometric data in EU passports and wondered whether the minimum check on EU nationals as described under point 2. also includes the verification of the biometric data.

<sup>36</sup> **PT** entered a linguistic reservation with regard to the word "validity".

<sup>37</sup> **FI** and **DE** felt that the minimum check for EU nationals should also include a consultation of the national database or other databases. **FI**, supported by **DE**, **LV**, **SE**, **EL**, **EE** and **IS**, suggested therefore inserting the following paragraph under Art.6(2): "Border guards may carry out border checks by using technical devices, a technical scrutiny of the travel documents and perform an inquiry from the national data bases provided that it will not extend the waiting time unreasonably."

<sup>38</sup> **AT**, **BE**, **ES**, **PT**, **SI** opposed to an obligatory consultation of the SIS for exit controls. **FR** and **NL** entered a scrutiny reservation. **DE** suggested referring to "shall, as far as possible".

<sup>39</sup> OJ L 81, 21.3.2001, p.1. Last amended by Regulation No 453/2003, OJ L 69, 13.3.2003, p.10.

4. Detailed rules governing the thorough checks referred to in paragraph 3 are laid down in Annex IV.
5. Checks on a person enjoying the Community right on free movement may, in individual cases, go beyond the minimum checks referred to in paragraph 2 exclusively in those cases provided for by Article 27 (1) and (2) of Directive 2004/38/EC<sup>40</sup>.

---

<sup>40</sup> OJ L 158, 30.4.2004, p. 77  
**Cion** entered a scrutiny reservation on paragraph 5.

*Article 7*  
*Relaxation of border checks*

1. Border checks at external borders may be relaxed as a result of exceptional and unforeseen circumstances<sup>41</sup>. The exceptional and unforeseen circumstances are met where unforeseen events lead to such intensity of traffic that the **waiting time at the border crossing point** becomes excessive, and all resources have been exhausted as regards staff, facilities and organisation<sup>42</sup>.
2. Where border checks are relaxed in accordance with paragraph 1, border checks on entry movements shall in principle take priority over border checks on exit movements.  
  
Such relaxation of checks shall be temporary, shall be adapted to the circumstances justifying it and shall be introduced gradually.
3. Even in the event of border checks being relaxed, the border guard shall stamp the travel documents of third country nationals both on entry and exit, in accordance with Article 9.

*Article 8*  
*Separate lanes and information on signs*

1. Member States shall provide separate lanes at air border crossing-points in order to carry out checks on persons, in accordance with Article 6. Such lanes shall be differentiated by means of the signs bearing the indications set out in the Annex V.<sup>43</sup>

---

<sup>41</sup> NL and CZ stated that the future practical handbook should include a specification of "exceptional and unforeseen circumstances" in order to limit possible abuses.

<sup>42</sup> ES pointed out that the wording of the 2nd sentence of point 1, in particular the words "traffic" and "border crossing points", should be revised taking into account that the relaxation of checks applies to all types of border.

<sup>43</sup> EL suggested adding a reference to aerodromes as already contained in point II 3.3.6.2. of the Common Manual.

Member States may provide separate lanes at their sea and land border crossing points and at borders between Member States not applying Article 18 at their common borders. The signs bearing the indications set out in the Annex V shall be used if Member States provide separate lanes at these borders.

2. a) Persons enjoying the Community right of free movement are entitled to use the lanes indicated by the sign in part A of Annex V. They may also use the lanes indicated by the sign in part B of Annex V.

b) All other persons shall use the lanes indicated by the sign in part B of Annex V.

The indications on the signs mentioned above may be displayed in such language or languages as each Member State considers appropriate.

## EXPLANATION:

Border crossing points are based on the Agreement between the Government of the Republic of Finland and the Government of the Russian Federation on mutual border crossing points (Helsinki, 11 March 1994). Those marked with an asterisk are in only limited use in accordance with the Agreement and are kept open for traffic as the need arises. Traffic consists almost exclusively of timber freight. The majority of crossing points are closed most of the time.

---

<sup>72</sup> ES and FI entered a reservation.

*e) for journeys undertaken for another reason:*

- invitations, enrolments or programmes;
- attendance certificates, entry tickets, receipts, etc.,

for political, scientific, cultural, sports or religious events, stating wherever possible the name of the host organisation and the length of stay.

2. The **verification** of sufficient means of subsistence for the purposes of Article 5(1) and (3) **may** be based, for example, on the cash, travellers' cheques and credit cards in the third-country national's possession. Declarations of sponsorships, where such declarations are provided for by national legislation of the Member States, may also constitute evidence of sufficient means of subsistence<sup>73</sup>.

[...]

---

<sup>73</sup> ES suggested inserting this point in Annex III.

### ANNEX III

#### Reference amounts required for crossing borders fixed annually by the national authorities

##### BELGIUM

Belgian law lays down general provisions for the verification of adequate means of subsistence, without stipulating any mandatory rules.

The administrative practice is as follows:

##### *Aliens staying with a private person*

Proof of means of subsistence may be furnished by means of a letter of guarantee signed by the person accommodating the alien in Belgium and authenticated by the local administrative authority of his place of residence.

The declaration of liability covers the costs of the alien's stay, health care, accommodation and repatriation, should the alien be unable to pay, so as to rule out payment by the public authorities. The declaration must be signed by a person who is *solvent* and, if this person is an alien, is in possession of a residence permit or settlement permit.

If necessary, the alien may also be required to furnish proof of personal resources.

If he has no financial credit whatsoever, he must be able to access at least € 38 for each day of the planned stay.

##### *Aliens staying at a hotel*

If the alien is unable to furnish proof of any credit whatsoever, he must be able to access at least approximately € 50 for each day of the planned stay.

Furthermore, in most cases, the person concerned must produce a ticket (air ticket) enabling him to return to his country of origin or residence.

##### CZECH REPUBLIC

Reference amounts are fixed by Act No. 326/1999 Sb. on Residence of Aliens in the Territory of the Czech Republic and Amendments of Some Acts.

According to Section 5 of the Act on Residence of Aliens in the Territory of the Czech Republic on the request of the Police, an alien shall be obliged to submit a document confirming that funds are available for his/her stay in the Territory (Section 13) or a certified invitation not older than 90 days from the date of its certification by the Police (Sections 15 and 180),

Section 13 provides the following:

"Funds to Cover the Stay in the Territory

- (1) Unless provided otherwise below, the following shall be submitted to prove the availability of funds for the stay in the Territory:
  - (a) funds amounting at least to the following:
    - 0,5 times the subsistence minimum set out under a special legal regulation as required to cover maintenance and other basic personal needs (hereinafter the "Subsistence Minimum for Personal Needs") per day of stay if the total period of stay is not to exceed 30 days,
    - 15 times the Subsistence Minimum for Personal Needs if the period of stay in the Territory is to exceed 30 days while this sum shall be increased to double the subsistence minimum for each whole month of expected stay in the Territory,
    - 50 times the Subsistence Minimum for Personal Needs in case of stay for the purposes of business activity the total period of which is to exceed 90 days, or
    - a document confirming the payment of services connected with the stay of the alien in the Territory or a document confirming that services will be provided free of charge.
- (2) Instead of funds as referred to in sub-section 1, the following may be used to prove the availability of funds for the stay in the Territory:
  - (a) a bank account statement in the name of the alien confirming that the alien is free to use funds in the amount as referred to in sub-section 1 during his stay in the Czech Republic, or
  - (b) another document to certify that funds are available, such as a valid internationally recognised credit card.
- (3) An alien who will study in the Territory may submit, as proof of availability of funds for his stay, a commitment by a state authority or a legal entity to cover the stay of the alien by providing funds equivalent to the Subsistence Minimum for Personal Needs for 1 month of expected stay, or a document confirming that all costs related to his studies and stay shall be covered by the receiving organisation (school). If the sum referred to in the undertaking does not reach this amount, the alien shall be obliged to submit a document proving the ownership of funds equivalent to the difference between the Subsistence Minimum for Personal Needs and the amount of the commitment for the period of his expected stay, however, not more than 6 times the Subsistence Minimum for Personal Needs. Document on the provision of means for one's residence may be replaced by a decision or an agreement on the allocation of a grant acquired pursuant to an international treaty by which the Czech Republic is bound.
- (4) An alien who has not attained 18 years shall be obliged to prove the availability of funds for his stay pursuant to sub-section 1 equivalent to a half of the amount”.

and Section 15 provides the following:

“Invitation

In an invitation, the person inviting an alien shall undertake to cover the costs

- (a) related to the maintenance of the alien throughout his stay in the Territory until he leaves the Territory,
- (b) related to the accommodation of the alien throughout his stay in the Territory until he leaves the Territory,
- (c) related to the provision of healthcare to the alien throughout his stay in the Territory until he leaves the Territory, and the transfer of the alien when ill or of the remains of the deceased,
- (d) arising to the Police in connection with the alien staying in the Territory and leaving the Territory in case of administrative expulsion.”

### **DENMARK**

Under the Danish Aliens Law, an alien entering Danish territory must have adequate means for subsistence and for the return journey.

In practice it is for the border control authorities at the point of entry to assess whether this is the case on the basis of the economic situation of the alien, taking account of information on his possibilities with regard to accommodation and the return journey.

The administration has set a figure for adequate means of subsistence of, in principle, DKK 300 per 24 hours.

In addition, the alien must be able to prove that he has adequate means for the return journey, for example in the form of a return ticket.

### **GERMANY**

Pursuant to Article 60(2) of the Aliens Act of 9 July 1990 (AuslG), an alien may be refused entry at the border if there are grounds for expulsion.

This is the case if an alien is forced to claim or claims social welfare benefit from the German State for himself, for members of his family staying in German territory or for his dependants (Article 46(6) of the Aliens Act).

Reference amounts have not been fixed for the use of border control officials. In practice, an amount of € 25 per day is generally used as a basic reference. The alien must also have a return ticket or equivalent financial means.

Nevertheless, before the decision not to admit the alien is made, he must be granted the opportunity to produce, in good time and by legal means, the financial means necessary to secure his stay in German territory, namely by presenting:

- a legal guarantee from a German bank,

- a letter of guarantee from the host,
- a telegraphic money order, or
- a guarantee deposited with the immigration authorities dealing with his visit.

### **ESTONIA**

Under Estonian law, aliens arriving into Estonia without a letter of invitation, shall upon request by a border guard official upon entry into the country provide proof of sufficient monetary means to cover the costs of his/her stay in and departure from Estonia. Sufficient monetary means for each allowed day is considered to be 0,2 times the monthly minimum salary implemented by the Government of the Republic.

Otherwise the inviter shall assume responsibility for the costs of the alien's stay in and departure from Estonia.

### **GREECE**

Ministerial decree No 3011/2/1f of 11 January 1992 fixes the amount of the means of subsistence which foreign nationals – with the exception of nationals of the Member States of the European Community – must have at their disposal if they wish to enter Greek territory.

Pursuant to the abovementioned ministerial decree, the amount of foreign currency enabling foreign nationals of states other than Member States of the European Community to enter Greece is fixed at the equivalent of € 20 in foreign currency per person per day, and a minimum total amount of € 100.

The amount of foreign currency required per day is reduced by 50% for minors who are members of the alien's family.

Nationals of non-Community countries which oblige Greek nationals to change currency at their borders are subject to the same obligation in accordance with the principle of reciprocity.

### **SPAIN**

Aliens must prove that they have adequate means of subsistence. The minimum amount is given below:

- (a) for the costs of their stay in Spain:€ 30, or the equivalent in foreign currency, multiplied by the planned number of days of the stay in Spain and by the number of family members travelling with the person concerned. Regardless of the planned duration of the stay, the minimum amount for which he must provide proof must always be € 300 per person.
- (b) for their return to the State of provenance or for transit via third States: the personal, non-transferable and fixed-date ticket or tickets for the planned means of transport.

Aliens must prove that they have the above means of subsistence either by producing them if they are in cash, or by producing certified cheques, traveller's cheques, receipts, letters of credit or a bank certificate confirming the existence of these means. Failing these documents, any other supporting documents recognised by the Spanish border police authorities may be produced.

### **FRANCE**

The reference amount for the adequate means of subsistence for the planned duration of an alien's stay or for his transit via France to a destination in a third State is equal to the amount of the guaranteed minimum wage in France (SMIC) calculated daily on the basis of the rate fixed on 1 January of the current year.

This amount is regularly reassessed on the basis of the French cost of living index:

- automatically whenever the retail price index rises more than 2%,
- by a governmental decision – after consultation with the national commission for collective bargaining – to grant a rise higher than the rise in the retail price index.

As of 1 July 2002, the daily amount of the SMIC (minimum wage) is € 47,80.

Holders of an accommodation certificate must possess a minimum amount of money, equivalent to half the SMIC, in order to stay in France. This amount is therefore € 23,90 per day.

## **ITALY**

Article 4(3) of the "Consolidated text of provisions governing immigration and the status of aliens" No 286 of 28 July 1998 states that Italy, in accordance with the obligations assumed through membership of specific international agreements, shall allow entry into its territory to aliens who prove themselves to be in possession of suitable documentation to confirm the purpose and conditions of their residence and sufficient means of support for the duration of their residence as well as, except in the case of residence permits for work purposes, for their return to the country they came from. Means of support are defined in the relevant directive issued by the Minister for the Interior. Aliens not satisfying these requirements or who are considered a threat to the national security or public order of the State or of one of the countries with which Italy has signed agreements for the abolition of internal border controls and the free movement of persons may not enter Italy, subject to the limits and derogations laid down in those agreements.

The directive in question, which was issued on 1 March 2000 and has the title "Definition of means of support for entry and residence of aliens in the national territory", lays down that:

- a) the availability of means of support may be demonstrated by producing currency or equivalent bills of exchange or bank guarantees or insurance policies guaranteeing payment, by means of documents attesting to prepaid services or documents proving the availability of funds from income in the national territory;
- b) the monetary amounts established in the directive are to be revised annually, after application of the parameters relating to average annual variation produced by ISTAT and calculated on the basis of the general consumer price index for foodstuffs, drinks, transport and accommodation services;
- c) the alien must indicate the availability of suitable accommodation in Italian territory and possession of the sum needed for repatriation, which may also be demonstrated by showing a return ticket;
- d) the minimum means of support needed per person for the issue of a visa and for entry to Italian territory for the purposes of tourism are defined in accordance with Table A below.

### **CYPRUS**

According to the Aliens and Immigration Regulations (Regulation (9(2)(B))) the entry of aliens for temporary stay in the Republic depends on the discretionary power of the immigration officers at

the borders, which is exercised according to the general or specific instructions of the Minister of Interior or to the provisions of the above mentioned Regulations. The immigration officers at the borders decide on the entry on a case by case basis, taking into consideration the purpose and length of stay, possible hotel reservations or hospitality by persons normally residing in Cyprus.

## **LATVIA**

Article 81 of the Cabinet of Ministers Regulation No 131 of 6 April 1999 as amended by the Cabinet of Ministers Regulation No 124 of 19 March 2002, stipulates that upon the request of an official of the State Border Guard, an alien or a stateless person shall present the documents referred to in sub-paragraphs 67.2.2 and 67.2.8 of these Regulations:

67.2.2. a health resort or travel voucher confirmed in accordance with the regulatory enactments of the Republic of Latvia, or a tourist carnet prepared pursuant to a specified pattern and issued by the Alliance of International Tourism (AIT);

67.2.8. for the receipt of a single entry visa:

67.2.8.1. traveller's cheques in the convertible currency or cash in LVL or in convertible currency corresponding to LVL 60 for each day; if the person presents the documents proving the payment already made for a certified place of accommodation for the whole duration of his/her stay – traveller's cheques in the convertible currency or cash in LVL or in convertible currency corresponding to LVL 25 for each day;

67.2.8.2. a document which certifies the reservation of a certified place of accommodation;

67.2.8.3. a round trip ticket with fixed dates.

## **LITHUANIA**

Pursuant to Article 7(1) of the Lithuanian Law on the Legal Status of Aliens, an alien shall be refused admission to the Republic of Lithuania where he is unable to prove that he has sufficient funds for the stay in the Republic of Lithuania, a return trip to his country or for proceeding to another country which he has the right to enter.

However, there are no reference amounts for the above. Decisions are made on case-by-case basis depending on the purpose, type and duration of the stay.

## **LUXEMBOURG**

The law of Luxembourg does not provide for any reference amount for border controls. The official carrying out the control decides on a case-by-case basis whether an alien who presents himself at the border has adequate means of subsistence. To this end, the official takes into account the purpose of the stay and the type of accommodation.

## **HUNGARY**

A reference amount is specified in the aliens policing legislation: under Decree No 25/2001 (XI. 21.) of the Minister of Interior, currently at least HUF 1000 is required upon each entry.

Under Article 5 of the Aliens Act (Act XXXIX of 2001 on the Entry and Stay of Foreigners), the means of subsistence required for entry and stay may be certified by the presentation of

- Hungarian currency or foreign currency or non-cash means of payment (e.g. cheque, credit card, etc.),
- a valid letter of invitation issued by a Hungarian national, a foreigner holding a residence permit or settlement permit or a legal entity if the person inviting the foreigner declares to cover the costs of the accommodation, lodging, health care and return (repatriation). The official consent of the aliens policing authority shall be attached to the letter of invitation,
- confirmation of board and lodging reserved and paid in advance by means of a travel agency (voucher),
- any other credible proof.

### **MALTA**

It is the practice to ensure that persons entering Malta would have a minimum amount of MTL 20 (EUR 48) per day for the duration of their visit.

### **NETHERLANDS**

The amount which border control officials take as a basis when verifying means of subsistence is currently € 34 per person per day.

The application of this criterion is flexible since the required amount of the means of subsistence is determined on the basis of the planned duration of the stay, the reason for the visit and the personal circumstances of the person concerned.

### **AUSTRIA**

Pursuant to Article 52(2) Z 4 of the Law on Aliens, aliens shall be refused at the border if they have no place of residence in Austria and do not have sufficient means of subsistence to meet the costs of their stay and return.

However, there are no reference amounts for the above. Decisions are made on a case-by-case basis depending on the purpose, type and duration of the stay. Cash and – depending on the circumstances of the individual case – traveller's cheques, credit cards, bank guarantees or letters of guarantee from solvent persons living in Austria may be accepted as proof.

### **POLAND**

Amounts required for crossing borders are determined in the Ordinance of the Minister of Internal Affairs and Administration of 20 June 2002 on the amount of means to cover expenses concerning to entry, transit, stay and departure of aliens crossing the border of the Republic of Poland and detailed rules of documentation evidencing possession of these means – Dz.U. 2002, Nr 91, poz. 815).

Amounts indicated in above regulation are as follows:

- PLN 100 per day of stay for persons over 16 years old, but not less than 500 PLN,
- PLN 50 per day of stay for persons under 16 years old, but not less than 300 PLN,

- PLN 20 per day of stay, but not less than 100 PLN, for persons participating in tourist trips, youth camps, sport competitions or having costs of stay in Poland covered or arriving to Poland for health treatment in a sanatorium,
- PLN 300 for persons over 16 years old, whose stay in Poland does not exceed 3 days (including transit),
- PLN 150 for persons under 16 years old, whose stay in Poland does not exceed 3 days (including transit).

## **PORTUGAL**

Aliens must be in possession of the following amounts if they wish to enter or stay in Portugal:

€ 75 – for each entry

€ 40 – for each day spent in the territory

Aliens who are able to prove that their board and lodging are guaranteed for the duration of their stay may be exempted from paying the above amounts.

## **SLOVENIA**

EUR 70 per person for each day of the planned stay.

## **SLOVAKIA**

Pursuant to Article 4(2)(c) of Act No 48/2002 Z. z. on the Stay of Aliens, an alien is obliged, upon request, to prove he or she has a financial amount for the stay, in convertible currency, amounting to at least half the minimum wage determined by provided for in Act No 90/1996 Z. z. on minimum wage as amended, for each day of the stay; an alien younger than 16 years old is obliged to prove he or she has the financial means for the stay amounting to half of this.

## **FINLAND**

**According to the Aliens' Act (301/2004, paragraph 11) an alien shall upon entry prove sufficient means of subsistence, considering both the length of intended stay and return to the country of departure, or transit to a third country to which his/her admittance is guaranteed, or that such funds can legally be acquired. Sufficient funds are deemed on a case by case basis. In addition to the funds, or tickets, required for the departure and accommodation during the stay, approximately EUR 30 per day is considered necessary, depending on the arrangements for accommodation and a possible sponsor.**

## **SWEDEN**

Swedish law does not stipulate a reference amount for the crossing of borders. The border control officer decides on a case-by-case basis whether the alien has adequate means of subsistence.

## **ICELAND**

Under Icelandic law, aliens must prove that they are in possession of enough money to meet their needs in Iceland and to make the return journey. In practice, the reference amount is

ISK 4 000 per person. If subsistence expenses are borne by a third party, the amount is halved. The total minimum amount is ISK 20 000 for each entry.

## **NORWAY**

Under Article 27(d) of the Norwegian Immigration Law, any foreign national who is unable to prove that he has adequate funds for his stay in the Kingdom and for the return journey, or that he can count on such funds, may be turned back at the border.

The amounts deemed necessary are fixed individually and decisions are taken on a case-by-case basis. Account is taken of the length of stay, whether the foreign national will be staying with family or friends, whether he has a ticket for the return journey and whether a guarantee has been given for the stay (as an indication, an amount of NOK 500 per day is deemed to be adequate for visitors who are not staying with relations or friends).

## ANNEX IV

### Checks at border crossing-points<sup>74</sup>

1. The thorough check on third-country nationals provided for by Article 6(3) shall include in particular:

1.1. at entry

1.1.1.) a detailed examination of the following aspects:

- verification that the third country national is in possession of a document valid for crossing the border and which is not expired, and that it is accompanied, where applicable, by the requisite visa or residence permit;
- scrutiny of the document for signs of falsification or counterfeiting,
- examination of the entry and exit stamps on the travel document of the third country national concerned, in order to verify, by comparing the dates of entry and exit, that the person has not exceeded already the maximum duration of authorised stay in the territory of the Member States.

1.1.2.) verification regarding the points of departure and destination of the third country national concerned and the purpose of the intended stay and, if necessary, checking the corresponding supporting documents;

1.1.3.) verification that the third country national concerned has sufficient means of subsistence for the duration and purpose of the intended stay, for his return or transit to a third country, or that he can obtain these means legally;

---

<sup>74</sup> ES and FI stated that a paragraph should be added with regard to thorough checks on EU nationals **and beneficiaries of Community right on free movement**.

If consultation of the SIS reveals that an alert has been made as defined in the provisions of Articles 95 and 100 of the Schengen Convention, the action requested which appears on the screen shall first be performed.

1.2. at exit

1.2.1.) a detailed examination of the aspects referred to in point 1.1.1.;

1.2.2.) verification that the third country national concerned, *his* means of transport and the objects *he/she* is transporting are not likely to jeopardise the public order, internal security, public health or international relations of any of the Member States, in accordance with point 1.1.4;

- relaxation of checks on persons applied in accordance with Article 7;
- the issuing, at the border, of documents in place of passports and of visas;
- persons apprehended and complaints (criminal offences and administrative breaches);
- persons refused entry in accordance with Article 11;

**ANNEX VI**  
**Affixing stamps**

1. The travel documents of third-country nationals shall be systematically stamped on entry and exit, in accordance with Article 9. The specifications of these stamps are laid down in the Schengen Executive Committee Decision SCH/COM-EX (94) 16 rev and SCH/Gem-Handb (93) 15 (CONFIDENTIAL).

2. The security codes on the stamps shall be changed at regular intervals not exceeding one month.

3. In the case of entry and exit of third-country nationals submitted to the visa obligation, the stamp shall, if possible, be affixed so that it covers the edge of the visa without affecting the legibility of the indications on the visa or the security features of the visa sticker. If several stamps have to be affixed (for example in the case of a multiple-entry visa), this shall be done on the page facing the one on which the visa is affixed.

If that page cannot be used, the stamp shall be entered on the following page. The machine readable zone shall not be stamped.

4. Member States shall designate national contact points responsible for exchanging information on the security codes of the entry and exit stamps used at border crossing-points and shall inform the other Member States, the General Secretariat of the Council and the Commission thereof. These contact points shall have without delay access to information regarding common entry and exit stamps used at the external border of the Member State concerned, and in particular to information on the following:

- the border crossing-point to which a given stamp is assigned;
- the identity of the border guard to whom a given stamp is assigned at any given time;
- the security code of a given stamp at any given time.

Any inquiries regarding common entry and exit stamps shall be made through the above-mentioned national contact points.

The national contact points shall also forward immediately to the other contact points, the General Secretariat of the Council, and the Commission information regarding a change in the contact points as well as lost and stolen stamps.

## ANNEX VII

### Part A

#### Procedures for refusing entry at the border

1. When refusing entry, the competent border guard shall:

- fill in the standard form for refusing entry, as shown in Part B. The third-country national concerned shall sign the form and shall be given a copy of the signed form. In case the third-country national refuses to sign, the border guard shall indicate this refusal in the form under the section "comments";
- affix an entry stamp on the passport, cancelled by a cross in indelible black ink, and write opposite it on the right-hand side, also in indelible ink, the letter(s) corresponding to the reason(s) for refusing entry, the list of which is given on the abovementioned standard form for refusing entry;
- cancel the visa by applying a stamp stating "CANCELLED" in **the cases referred to in paragraph 2. In such a case** the optically variable feature of the visa sticker [...], the security feature "latent image effect" as well as the term "visa" shall be destroyed by crossing it out so as to prevent any later misuse. **The border guard shall inform his/her** central authorities of this decision forthwith [...];
- record every refusal of entry in a register or on a list stating identity, nationality, the references of the document authorising the third-country national to cross the border and the reason for, and date of, refusal of entry;

2. **The visa shall be cancelled in the following cases:**

- a) **if the holder of the visa is the subject of an alert in the SIS for the purposes of being refused entry;**
- b) **if there are serious grounds to believe that the visa was obtained in a fraudulent way.**

**Decisions to cancel the visa shall not be based solely on the failure of the third country national to produce, at the border, one or more of the supporting documents referred to in Article 5(2).**

3. If a third country national, refused entry, has been brought to the border by a carrier, the authority responsible locally shall<sup>77</sup>:

- order the carrier to take charge of the third-country national and transport him or her without delay to the third State from which he was brought, to the third State which issued the document authorising him to cross the border, or to any other third State where he is guaranteed admittance, in accordance with Article 26 of the Schengen Convention and Council Directive 2001/51/EC of 28 June 2001<sup>78</sup>;
- pending onward transportation, take appropriate measures, in compliance with national law and having regard to local circumstances, to prevent third-country nationals refused entry from entering illegally.

4. If there are grounds both for refusing entry to a third-country national and arresting him, the border guard shall contact the authorities responsible to decide on the action to be taken in accordance with national law.

---

<sup>77</sup> **FR** and **IT** preferred adding "If the carrier can not comply with the onward transportation order immediately, he must ensure that another carrier effects immediate transportation to a third State", as already contained in the Common Manual.

**Cion** pointed out that Directive 2001/51/EC has a different scope and legal basis compared to the draft Regulation on the Community Code, the latter providing obligations to be carried out by the border guards.

## ANNEX IX

### Specific rules for different types of border and the different means of transport used for crossing the Member States' external borders

#### **1. Land borders**

##### **1.1. Checks on road traffic**

1.1.1. To ensure effective checks on persons, while ensuring the safety and smooth flow of road traffic, movements at border crossing-points shall be regulated in an appropriate manner. In case of need, measures to channel and block traffic shall be taken in compliance with the agreements on co-located national control offices.

1.1.2. At land borders, Member States may, where they deem appropriate and if circumstances allow, install channels or operate separate lanes at certain border crossing-points, in accordance with Article 8.

Separate channels or lanes may be dispensed with at any time by the Member States' competent authorities, in exceptional circumstances and where traffic and infrastructure conditions so require. Member States may cooperate with neighbouring countries with a view to the installation of separate channels and lanes at external border crossing-points.

1.1.3. Specific lanes may be designed and installed for persons eligible for a local border traffic regime.

1.1.4. As a general rule, persons travelling in vehicles may remain inside them during checks. However, if circumstances so require, persons may be requested to alight from their vehicles. Thorough checks shall take place, if local circumstances allow, in areas designated for that purpose. In the interests of staff safety, checks shall be carried out, where possible, by two border guards.

## 1.2. Checks on rail traffic

1.2.1. Checks shall be carried out both on train passengers and on railway staff on trains crossing external borders, including those on goods trains or empty trains. These checks shall be carried out in either one of the following two ways:

- on the platform, in the first station of arrival or departure on the territory of a Member State,
- on board the train, during transit.

When carrying out these checks, the provisions of agreements on co-located national control offices shall be taken into account.

1.2.2. By way of derogation from point 1.2.1. and in order to facilitate rail traffic flows of high speed passenger trains, the Member States on the itinerary of these trains from third States may also decide, by common agreement with third States concerned, to carry out entry checks on persons in trains from third States in either one of the following ways:

- in the stations in a third State where persons board the train,
- in the stations where persons disembark within the territory of the Member States,
- on board the train during transit between the stations on the territory of the Member States, provided that the persons stay on board the train in the previous station/stations.

1.2.3. With respect to high speed trains from third States making several stops in the territory of the Member States, if the rail transport carrier is in a position to board passengers exclusively for the remaining part of the journey within the territory of the Member States, such passengers shall be subject to entry checks either on the train or at the station of destination except where controls have been carried out pursuant to points 1.2.1. or 1.2.2. 1st indent.

Persons who wish to take the train exclusively for the remaining part of the journey within the territory of the Member States shall receive clear notification prior to the train's departure that they will be subject to entry checks during the journey or at the station of destination.

1.2.4. When travelling in the opposite direction, the persons on board the train shall be subject to exit checks under similar arrangements.

1.2.5. The border guard may order the cavities of carriages to be inspected if necessary with the assistance of the train inspector, to ensure that persons or objects subject to border checks are not concealed in them.

1.2.6. Where there are reasons to believe that persons who have been reported or suspected of having committed an offence, or third-country nationals intending to enter illegally, are hiding on a train, the border guard, if he cannot act in accordance with his national provisions, shall notify the Member States towards or within whose territory the train is moving.

## 2. Air borders

### 2.1. Procedures for checks at international airports

2.1.1. The competent authorities of the Member States shall ensure that the airport operator takes the requisite measures to physically separate the flows of passengers on internal flights from the flows of passengers on other flights. Appropriate infrastructures shall be set in place at all international airports to that end.

2.1.2. The place where border checks are carried out, shall be determined in accordance with the following procedure:

- a) Passengers on a flight from a third State who board an internal flight shall be subject to an entry check at the airport of arrival of the flight from a third State. Passengers on an internal flight who board a flight for a third State (transfer passengers) shall be subject to an exit check at the airport of departure of the latter flight.
- b) For flights from or to third States with no transfer passengers and flights making more than one stop-over at the airports of the Member States where there is no change of plane:
  - i) passengers on flights from or to third States where there is no prior or subsequent transfer within the territory of the Member States shall be subject to an entry check at the airport of entry and an exit check at the airport of exit;
  - ii) passengers on flights from or to third States with more than one stop-over on the territory of the Member States where there is no change of plane (transit passengers), and provided that passengers cannot board the aircraft for the leg situated within the territory of the Member States, shall be subject to an entry check at the airport of arrival and an exit check at the airport of departure;

- (iii) where an airline may, for flights from third States with more than one stop-over within the territory of the Member States, board passengers only for the remaining leg within this territory, passengers shall be subject to an exit check at the airport of departure and an entry check at the airport of arrival.

Checks on passengers who, during these stop-overs, are already on board the aircraft and have not boarded in the territory of the Member States shall be carried out in accordance with point (b)(ii). The reverse procedure shall apply to this category of flights where the country of destination is a third State.

2.1.3. Border checks shall normally not be carried out on the aircraft or at the gate, unless it is justified on the basis of an assessment of the risks related to internal security and illegal immigration. In order to ensure that, at the airports designated as border crossing-points, persons are checked in accordance with the rules set out in Articles 6 to 11, Member States shall ensure that **the airport authorities take the requisite measures to channel** passenger traffic to facilities reserved for checks.

Member States shall ensure that the airport operator takes the necessary measures to prevent unauthorised persons entering and leaving the reserved areas, for example the transit area. Checks shall normally not be carried out in the transit area, unless it is justified on the basis of an assessment of the risks related to internal security and illegal immigration; in particular checks in this area may be carried out on persons submitted to an airport transit visa in order to check that they are in possession of such a visa.

2.1.4. Where, in cases of force majeure or imminent danger or on the instructions of the authorities, an aircraft on a flight from a third State has to land on a landing ground which is not a border crossing-point, that aircraft may continue its flight only after authorisation from the border guards and from customs. The same shall apply where an aircraft on a flight from a third State lands without permission. In any event, Articles 6 to 11 shall apply to checks on persons on such aircraft.

## **2.2. Procedures for checks in aerodromes**

2.2.1. It shall be ensured that persons are also checked, in accordance with the rules set out in Articles 6 to 11, in airports which do not hold the status of international airport under the relevant national law (“aerodromes”) but through which the routing of flights from or to third States is authorised.

2.2.2. By way of derogation from point 2.1.1. it shall not be necessary to make appropriate arrangements in aerodromes to ensure that inflows of passengers from internal and other flights are physically separated, without prejudice to Regulation (EC) No 2320/2002 establishing common rules in the field of civil aviation security.<sup>82</sup> In addition, when the volume of traffic is low, the border guards need not be present at all times, provided that there is a guarantee that the necessary personnel can be deployed in good time.

2.2.3. When the presence of the border guards is not assured at all times in the aerodrome, the director of this aerodrome shall give adequate notice to the border guards about the arrival and the departure of aircrafts on flights from or to third States.

## **2.3. Checks on persons on private flights**

2.3.1. In the case of private flights from or to third States the captain shall transmit to the border guards of the Member State of destination and, where appropriate, of the Member State of first entry, prior to take-off, a general declaration comprising inter alia a flight plan in accordance with Annex 2 to the Convention on International Civil Aviation and information concerning passengers' identity.

2.3.2. Where private flights coming from a third State and bound for a Member State make stop-overs in the territory of other Member States, the competent authorities of the Member State of entry shall carry out border checks and apply an entry stamp to the general declaration referred to in point 2.3.1.

---

<sup>82</sup> OJ L 355, 30.12.2002, p. 1.

2.3.3. Where uncertainty exists whether a flight is exclusively coming from, or solely bound for, the territories of the Member States without landing on the territory of a third State, the competent authorities shall carry out checks on persons in airports and aerodromes in accordance with points 2.1 to 2.2.

2.3.4. The arrangements for the entry and exit of gliders, micro-light aircraft, helicopters, small-scale aircraft capable of flying short distances only and airships shall be laid down by national law and, where applicable, by bilateral agreements.

### 3. Sea borders<sup>83</sup>

#### 3.1. General checking procedures on maritime traffic

3.1.1. Checks on ships shall be carried out at the port of arrival or departure, on board ship or in an area set aside for the purpose, located in the immediate vicinity of the vessel. However, in accordance with the agreements reached on the matter, checks may also be carried out during crossings or, upon the ship's arrival or departure, in the territory of a third State.

The purpose of checks is to ensure that both crew and passengers fulfil the conditions laid down in Article 5, without prejudice to Article 17(1)(b)<sup>84</sup>.

3.1.2. [...]

3.1.3. The ship's captain or, failing that, the individual or corporation who represents the shipowner in all matters relating to the shipowner's duties in fitting out the vessel ("shipowner's agent"), shall draw up a list, in duplicate, of the crew and of any passengers. Upon arriving in the port he shall give the list(s) to the border guards. If, for reasons of force majeure, the list or lists cannot be sent to the border guards, a copy shall be sent to the appropriate border post or shipping authority, which shall forward it without delay to the border guards.

---

<sup>83</sup> **MT** and **PT** entered a scrutiny reservation on the chapter "sea borders"; **SE** and **NL** suggested adding under the chapter "seaborders", before point 3.1.1, a new paragraph for port terminal operators similar to the paragraph for airport operators under point 2.1.1.

<sup>84</sup> **CY** maintained its reservation on paragraph 3.1.1.

3.1.4. One copy of the two lists duly signed by the border guard shall be returned to the ship's captain, who shall produce it on request when in port.

3.1.5. The ship's captain, or failing that, the shipowner's agent shall report promptly any changes to the composition of the crew or the number of passengers.

In addition, the captain shall notify the competent authorities promptly, and if possible even before the ship enters port, of the presence on board of stowaways. Stowaways shall, however, remain under the responsibility of the ship's captain.

3.1.6. The ship's captain shall notify the border guards of the ship's departure in due time and in accordance with the rules in force in the port concerned; if he is unable to notify these authorities, he shall advise the appropriate shipping authority. The second copy of the previously completed and signed list(s) shall be returned to these authorities.

### **3.2. Specific check procedures for certain types of shipping**

#### *Cruise ships*<sup>85</sup>

3.2.1. The cruise ship's captain or, failing that, the shipowner agent shall transmit to the respective border guards the itinerary and the programme of the cruise, at least 24 hours before leaving the port of departure and before the arrival at each port in the territory of the Member States.

3.2.2. If the itinerary of a cruise ship comprises exclusively ports situated in the territory of the Member States, by way of derogation from Articles 4 and 6, no border checks shall be carried out and the cruise ship may dock at ports which are not border crossing points.

---

<sup>85</sup>

**FR** and **CY** entered a scrutiny reservation.

**IT, NL, PL, ES, BE, HU, SE, LT, LV, DE** and **CZ** expressed their support for the Presidency's text on cruise ships.

Various delegations referred to practical problems to carry out the obligatory controls in accordance with Article 6 as referred to in 3.2.3. a) and b).

**Cion** suggested considering to use the same wording as under c) and d) i.e. "passengers going ashore shall be subject to entry checks in accordance with Article 6 if an assessment of the risks related to security and illegal immigration so requires".

Nevertheless, on the basis of an assessment of the risks related to security and illegal immigration, checks may be carried out on crew and passengers of these ships.

3.2.3. If the itinerary of a cruise ship comprises both ports situated in the territory of the Member States and ports situated in third States, by way of derogation from Article 6, border checks shall be carried out as follows<sup>86</sup>.

a) Where the cruise ship comes from a port situated in a third State and calls for the first time at a port situated in the territory of a Member State, crew and passengers shall be subject to entry checks on the basis of the nominal lists of crew and passengers, as referred to in point 3.2.4.

Passengers going ashore<sup>87</sup> shall be subject to entry checks in accordance with Article 6 **unless an assessment of the risks related to security and illegal immigration shows that, in a particular case, there is no need to carry out such checks.**

b) Where the cruise ship comes from a port situated in a third State and calls again at a port situated in the territory of a Member State, crew and passengers shall be subject to entry checks on the basis of the nominal lists of crew and passengers as referred to in point 3.2.4. to the extent that these lists have been modified since the cruise ship called in the previous port situated in the territory of a Member State.

Passengers going ashore shall be subject to entry checks in accordance with Article 6 **unless an assessment of the risks related to security and illegal immigration shows that, in a particular case, there is no need to carry out such checks .**

c) Where the cruise ship comes from a port situated in a Member State and calls at such a port, passengers going ashore shall be subject to entry checks in accordance with Article 6 if an assessment of the risks related to security and illegal immigration so requires.

---

<sup>86</sup> NL suggested adding a provision under 3.2.3. specifying when the nominal list should be sent to the first port of arrival in a Member State.

<sup>87</sup> EE, DK, PT and NO preferred replacing "going ashore" by "disembarking".

d) Where a cruise ship departs from a port situated in a Member State to a port in a third State, crew and passengers shall be subject to exit checks on the basis of the nominal lists of crew and passengers.

If an assessment of the risks related to security and illegal immigration so requires, passengers going on board shall be subject to exit checks in accordance with Article 6.

e) Where a cruise ship departs from a port situated in a Member State to such a port, no exit checks shall be carried out.

Nevertheless, on the basis of an assessment of the risks related to security and illegal immigration, checks may be carried out on crew and passengers of these ships.

3.2.4. The nominal lists **of crew and passengers** shall include:<sup>88</sup>

- name and surname
- date of birth
- nationality
- number and type of travel document and, where applicable, visa number.

**The cruise ship's captain or, failing that, the shipowner agent shall transmit to the respective border guards the nominal lists at least 24 hours before the arrival at each port in the territory of the Member States or, in case the journey to this port lasts less than 24 hours, immediately after the boarding is completed in the previous port.**

#### *Pleasure boating*

3.2.5. By way of derogation from Articles 4 and 6, persons on board pleasure boats coming from or departing to a port situated in a Member State shall not be subject to border checks and may enter a port which is not a border crossing point.

However, when according to the assessment of the risks of illegal immigration, and in particular where the coastline of a third State is located in the immediate vicinity of the territory of the Member State concerned, checks on these persons and/or a physical search of the pleasure boats shall be carried out.

---

<sup>88</sup> ES suggested to take into account the type of data to be transmitted in accordance with IMO provisions. FR pointed out that Council Directive 2001/51/EC, which also applies to maritime carriers, provides for 9 categories of data to be exchanged.

3.2.6. By way of derogation from Article 4, a pleasure boat coming from a third State may, exceptionally, enter a port which is not a border crossing-point. In these cases, the persons on board shall notify the port authorities **in order to be authorised to enter this port**. The port authorities shall contact the authorities in the nearest port designated as border crossing point in order to report the vessel's arrival. The declaration regarding passengers shall be made by lodging the list of persons on board with the port authorities. This list shall be made available to the border guards. Likewise, if for reasons of force majeure the pleasure boat coming from a third State has to dock in a port other than a border crossing-point, the port authorities shall contact the authorities in the nearest port designated as a border crossing-point in order to report the vessel's presence.

3.2.7. During these checks, a document containing all the technical characteristics of the vessel and the names of the persons on board shall be handed in. A copy of this document shall be given to the authorities in the ports of entry and departure. As long as the vessel remains in the territorial waters of one of the Member States, a copy of this list shall be included amongst the ship's papers.

#### *Coastal fishing*

3.2.8. By way of derogation from Articles 4 and 6, the crews of coastal fisheries vessels who return every day to the port of registration or to any other port situated in the territory of the Member States without docking in a port situated in the territory of a third State shall not be systematically checked. Nevertheless, the assessment of the risks of illegal immigration, in particular where the coastline of a third State is located in the immediate vicinity of the territory of the Member State concerned, shall be taken into account in order to determine the frequency of the checks to be carried out. According to those risks, checks on persons and/or a physical search of the vessel shall be carried out.

3.2.9. The crews of coastal fisheries vessels not registered in a port situated in the territory of a Member State shall be checked in accordance with the provisions relating to seamen. The ship's captain shall notify the competent authorities of any alteration to the crew list and of the presence of any passengers.

## *Ferry connections*

3.2.10. Checks shall be carried out on persons on board ferry connections with ports situated in third States. The following rules shall apply:

- a) where possible, Member States shall provide separate lanes, in accordance with Article 8;
- b) checks on foot passengers shall be carried out individually;
- c) checks on vehicle occupants shall be carried out while they are at the vehicle;
- d) ferry passengers travelling by coach shall be considered as foot passengers. These passengers shall alight from the coach for the checks;
- e) checks on heavy goods vehicle drivers and any accompanying persons shall be conducted while the occupants are at the vehicle. This check shall in principle be organised separately from checks on the other passengers;
- f) to ensure that checks are carried out quickly, there shall be an adequate number of gates;
- g) so as to detect illegal immigrants in particular, random searches shall be made on the means of transport used by the passengers, and where applicable on the loads and other goods stowed in the means of transport;
- h) ferry crew members shall be dealt with in the same way as commercial ship crew members.

## **4. Inland waterways shipping**

4.1. “Inland waterways shipping involving the crossing of an external border” covers the use, for business or pleasure purposes, of all types of boat and floating vessels on rivers, canals and lakes.

4.2. As regards boats used for business purposes, the captain and the persons employed on board who appear on the crew list and members of the families of these persons who live on board shall be regarded as crew members or equivalent.

4.3. The relevant provisions of points 3.1 to 3.2 shall apply *mutatis mutandis* to checks on inland waterways shipping.

## ANNEX X

### Special arrangements for certain categories of persons

#### **1. Heads of State**

By way of derogation from Articles 5 to 11, Heads of State and the members of their delegation, whose arrival and departure have been officially announced through diplomatic channels to the border guards, may not be subject to border checks.

#### **2. Pilots of aircraft and other crew members**

2.1. By way of derogation from Article 5 the holders of a pilot's licence or a crew member certificate as provided for in Annex 9 to the Civil Aviation Convention of 7 December 1944 may, in the course of their duties and on the basis of those documents:

- embark and disembark in the stop-over airport or the airport of arrival situated in the territory of a Member State;
- enter the territory of the municipality of the stop-over airport or the airport of arrival situated in the territory of a Member State;
- go, by any means of transport, to an airport situated in the territory of a Member State in order to embark on an aircraft departing from that same airport.

In all other cases, the requirements provided for by Article 5(1) shall be fulfilled.

2.2. Articles 6 to 11 shall apply to checks on aircraft crew members. Wherever possible, priority shall be given to checks on aircraft crews. Specifically, they shall be checked either before passengers or at special locations set aside for the purpose. Crews known to staff responsible for border controls in the performance of their duties may be subject to random checks only.

### **3. Seamen**

3.1. By way of derogation from Articles 4 and 6, Member States may authorise seamen holding a seafarer's identity document issued in accordance with the Geneva Convention of 19 June 2003 (No 185), the London Convention of 9 April 1965 and the relevant national provisions, to enter into the territory of the Member States by going ashore to stay in the area of the port where their ships call or in the adjacent municipalities without presenting themselves at a border crossing-point, on condition that they appear on the crew list, which has previously been submitted for checking by the competent authorities, of the ship they belong to.

However, according to the assessment of the risks of illegal immigration and security, seamen shall be subject to a check in accordance with Article 6 by the border guards before they go ashore.

If a seaman constitutes a threat to public order, internal security or public health, he may be refused permission to go ashore.

3.2. Seamen who intend to stay outside the municipalities situated in the vicinity of ports shall comply with the conditions for entry to the territory of the Member States, as laid down in Article 5(1).

### **4. Holders of diplomatic, official or service passports and members of international organisations**

4.1. In view of the special privileges or immunities they enjoy, the holders of diplomatic, official or service passports issued by third States or their Governments recognised by the Member States, as well as the holders of documents issued by the international organisations listed in point 4.4, who are travelling in the course of their duties, may be given priority over other travellers at border checks even though they remain, where applicable, subject to the requirement for a visa.

By way of derogation from Article 5 (1) c), persons holding these documents shall not be required to prove that they have sufficient means of subsistence.

4.2. If a person presenting himself at the external border invokes privileges, immunities and exemptions, the border guard may require him to provide evidence of his status by producing the appropriate documents, in particular certificates issued by the accrediting State or a diplomatic passport or other means. If he has doubts, the border guard may, in case of urgent need, apply direct to the Ministry of Foreign Affairs.

4.3. Accredited members of diplomatic missions and of consular representations and their families may enter the territory of the Member States on presentation of the card referred to in Article 17(2) and of the document authorising them to cross the border. Moreover, by way of derogation from Article 11 border guards may not refuse the holders of diplomatic, official or service passports entry to the territory of the Member States without first consulting the appropriate national authorities. This shall also apply where an alert has been entered in the SIS for this person.

4.4. The documents issued by the international organisations for the purposes specified in point 4.1 are in particular the following:

- United Nations laissez-passer issued to staff of the United Nations and subordinate agencies under the Convention on Privileges and Immunities of Specialised Agencies adopted by the United Nations General Assembly on 21 November 1947 in New York;
- European Community (EC) laissez-passer;
- European Atomic Energy Community (Euratom) laissez-passer;
- legitimacy certificate issued by the Secretary-General of the Council of Europe;
- documents issued pursuant to paragraph 2 of Article III of the Agreement between the Parties to the North Atlantic Treaty regarding the Status of their Force (military ID cards accompanied by a travel order, travel warrant, or an individual or collective movement order) as well as documents issued in the framework of the Partnership for Peace.

## **5. Cross-border workers<sup>89</sup>**

5.1. The procedures for checking cross-border workers are governed by the general rules on border controls, in particular Articles 6 and 11.

5.2. By way of derogation from Article 6 cross-border workers well known by the border guards due to their frequent crossing of the border at the same border crossing point, and whom, on the basis of an initial check, have not resulted as being subject of an alert in the SIS or in a national data file will be subject only to random checks to ensure that they hold a valid document authorising them to cross the border and fulfil the necessary entry conditions. Thorough checks shall be carried out on these persons from time to time, without warning and at irregular intervals.

5.3. The provisions of point 5.2 may be extended to other categories of regular cross-border commuters.

5.4. Where a Member State decides to establish a local border traffic regime at its external borders, the practical simplifications introduced under that regime, as provided for in Articles 4(1) and (2) and 9(1)(d), shall automatically apply to cross border workers.

## **6. Minors**

6.1. Border guards shall pay particular attention to minors, whether travelling accompanied or unaccompanied.

6.2. In the case of accompanied minors, the border guard shall check that the persons accompanying minors have parental care over them, especially where minors are accompanied by only one adult and there are serious grounds for suspecting that they may have been unlawfully removed from the custody of the person(s) legally exercising parental care over them. In the latter case, the border guard shall carry out further investigation.

6.3. In the case of minors travelling unaccompanied, border guards shall ensure, by means of thorough checks on travel documents and supporting documents, that the minors do not leave the territory against the wishes of the person(s) having parental care over them.

<sup>89</sup> The outcome of the discussions on local border traffic will be awaited.
