Subject:	Proposal for a DIRECTIVE OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL amending Directive (EU) 2017/2397 as regards the transitional measures for the recognition of third countries certificates – Presidency compromise

In view of the Shipping Working Party meeting on 12 April 2021, delegations will find attached a Presidency compromise proposal.

Compared to the previous version (6868/21), changes are marked in **bold underline** (new text).

General scrutiny and language reservation: all delegations.

2021/0039 (COD)

Proposal for a

DIRECTIVE OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

**amending Directive (EU) 2017/2397 as regards the transitional measures for the recognition of
third countries certificates**

(Text with EEA relevance)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 91(1) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Economic and Social Committee¹,

Having regard to the opinion of the Committee of the Regions²,

Acting in accordance with the ordinary legislative procedure,

¹ OJ C , , p. .

² OJ C [...], [...], p. [...].

Whereas:

- (1) Directive (EU) 2017/2397 of the European Parliament and of the Council¹ sets out transitional measures in order to ensure the continued validity of certificates of qualification, service record books and logbooks issued before the end of its transposition period and to give skilled crew members reasonable time in which to apply for a Union certificate of qualification or another certificate recognised as equivalent. However, with the exception of the Rhine navigation licences referred to in Article 1(5) of Council Directive 96/50/EC², those transitional measures do not apply to the certificates of qualification, service record books and logbooks issued by third countries that are currently recognised by Member States under their national requirements or international agreements applicable before the entry into force of Directive (EU) 2017/2397.
- (2) Article 10(3), (4) and (5) of Directive (EU) 2017/2397 lay down the procedure and the conditions for the recognition of certificates, service record books or logbooks issued by the authorities of a third country.
- (3) Given that the procedure for recognition of third country documents is based on the assessment of the certification systems in the requesting third country, with the purpose to determine whether the issuing of the certificates, service record books or logbooks specified in the request is subject to requirements that are identical to those laid down in Directive (EU) 2017/2397, it is unlikely that the recognition procedure will be completed before 17 January 2022.

¹ Directive (EU) 2017/2397 of the European Parliament and of the Council of 12 December 2017 on the recognition of professional qualifications in inland navigation and repealing Council Directives 91/672/EEC and 96/50/EC (OJ L 345, 27.12.2017, p. 53).

² Council Directive 96/50/EC of 23 July 1996 on the harmonization of the conditions for obtaining national boatmasters' certificates for the carriage of goods and passengers by inland waterway in the Community (OJ L 235, 17.9.1996, p. 31).

- (4) In order to ensure a smooth transition to the system of the recognition of third country documents provided for in Article 10 of Directive (EU) 2017/2397, it is necessary to provide for transitional measures which would allow the time needed for the third countries to align their requirements to those laid down in that Directive, as well as for the Commission to assess their certification systems and, where appropriate to adopt an implementing act under Article 10(5) of that Directive. Those measures would also ensure legal certainty to the individuals and economic operators active in the inland waterway transport sector. In the light of those objectives, it is appropriate to set the cut-off date for third country documents falling within the scope of those transitional measures, by reference to the period for the transposition of that Directive extended by two years.
- (5) To ensure consistency with the transitional measures applicable to the Member States pursuant to Article 38 of Directive (EU) 2017/2397, the transitional measures applicable to certificates of qualification, service record books and logbooks issued by third countries and recognised by the Member States should not apply beyond 17 January 2032. Moreover, the recognition of such certificates of qualification, service record books and logbooks should be restricted to the Union inland waterways situated in the Member State concerned.
- (6) In order to ensure consistency with the transitional measures applicable to certificates of qualification issued by Member States, it is appropriate to clarify that certificates of qualification issued by a third country in exchange for the certificates covered by the transitional arrangements should be valid on all Union inland waterways, on the condition that the third country concerned has been granted recognition in accordance with Article 10(3) Directive (EU) 2017/2397 and that the requirements for the exchange applied by that third country have been found to be identical to those provided for by Article 38(1) and (3) of that Directive with regard to the Member States.
- (7) Therefore, in order to provide inland waterway transport companies and workers with legal clarity and certainty, Directive (EU) 2017/2397 should be amended accordingly.

- (8) In order to enable Member States to promptly proceed with the transposition of the measures for which this Directive provides, it should enter into force on the day following that of its publication in the *Official Journal of the European Union*,

HAVE ADOPTED THIS DIRECTIVE:

Article 1

The following paragraphs 7 and 8 are added to Article 38 of Directive (EU) 2017/2397:

‘7. Until 17 January 2032, Member States may continue to recognise, on the basis of national Member State’s requirements or international agreements applicable before 16 January 2018, certificates of qualification, service record books and logbooks that have been issued by a third country before 18 January 2024. The recognition shall be limited to the inland waterways on the territory of the Member State concerned.

8. Certificates of qualification issued by a third country in exchange for the certificates of qualification referred to in paragraph 7, shall be valid on all Union inland waterways subject to Article 10(3) and provided that the conditions for the exchange applied by the third country have been found to be identical to those laid down in paragraphs 1 and 3 of this Article.’.

Article 2

1. Member States shall, **in accordance with Article 39, paragraphs 2, 3 and 4 of Directive (EU) 2017/2397, as appropriate,** bring into force the laws, regulations and administrative provisions necessary to comply with this Directive by 17 January 2022 at the latest. They shall forthwith communicate to the Commission the text of those provisions.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

2. Member States shall communicate to the Commission the text of the main provisions of national law which they adopt in the field covered by this Directive.

Article 3

This Directive shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

Article 4

This Directive is addressed to the Member States.
