Interim payments shall also include the amounts referred to in the third subparagraph of Article 86(3) of Regulation (EU) No.../... [CAP Strategic Plan Regulation].

2. Subject to the availability of resources, the Commission shall, taking account of reductions or suspensions applied under Articles 37 to 40, make interim payments in order to reimburse the expenditure effected by accredited paying agencies in implementing the CAP Strategic Plans.
3. Where financial instruments are implemented in accordance with Article ~~53(1)~~52 of Regulation (EU).../... [CPR], the declaration of expenditure shall include the total amounts disbursed or, in the case of guarantees, the amounts set aside as agreed in guarantee contracts, by the managing authority, to final recipients as referred to in points (a), (b) and (c) of [Article 74(5) of Regulation (EU) .../... 4. Where financial instruments are implemented in accordance with Article ~~53(2)~~52 of Regulation (EU).../... [CPR], declarations of expenditures that include expenditure for financial instruments shall be submitted in accordance with the following conditions:

5. The amount included in the first declaration of expenditure, referred to in point (a) of paragraph 4, shall be cleared from Commission accounts no later than in the annual accounts for the last execution year for the relevant CAP Strategic Plan.

6. Each interim payment shall be made by the Commission, subject to compliance with the following requirements:
- (a) transmission to the Commission of a declaration of expenditure signed by the accredited paying agency, in accordance with Article 88(1)(c);
 - (b) no overrun of the total EAFRD contribution to each type of intervention for the entire period covered by the CAP Strategic Plan concerned;

8. Without prejudice to Articles 51, 52 and 53, the Commission shall make interim payments within 45 days of registering a declaration of expenditure which meets the requirements laid down in paragraph 6 of this Article.
9. Accredited paying agencies shall establish interim declarations of expenditure relating to CAP Strategic Plans and forward these to the Commission, either directly or via the intermediary of the coordinating body, where one has been appointed, within periods to be set by the Commission.

The Commission shall adopt implementing acts laying down the periods for accredited paying agencies to establish and forward those intermediate declarations of expenditure. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 101(3).

Declarations of expenditure shall cover expenditure that the paying agencies have effected during each of the periods concerned. **They shall also cover the amounts referred to in the third subparagraph of Article 86(3) of Regulation (EU) No.../... Interim declarations of expenditure in respect of expenditure effected from 16 October onwards shall be booked to the following year's budget.

10. Where the authorising officer by sub-delegation requires further verification, owing to incomplete or unclear information provided or arising from disagreement, differences of interpretation or any other inconsistency relating to a declaration of expenditure for a reference period, arising in particular from a failure to communicate the information required under Regulation (EU) .../... [CAP Strategic Plan Regulation] and Commission acts adopted under that Regulation, the Member State concerned shall, upon request by the authorising officer by sub-delegation, provide additional information within a period set in that request according to the seriousness of the problem.

The time limit for interim payments laid down in paragraph 8 may be interrupted for all or part of the amount for which payment is claimed, for a maximum period of six months, from the date on which the request for information is sent and until receipt of the information requested which is deemed satisfactory. The Member State may agree to extend the interruption period for a further three months.

Where the Member State concerned fails to respond to the request for additional information within the period set in that request or where the response is considered unsatisfactory or indicates that the applicable rules have not been complied with or that Union Funds have been improperly used, the Commission may suspend or reduce payments in accordance with Articles 37 to 40 of this Regulation.

Article 31

Payment of the balance and closure of the rural development interventions in the CAP Strategic Plan

After receiving the last annual performance report on the implementation of a CAP Strategic Plan, the Commission shall pay the balance, subject to the availability of resources, on the basis of the financial plan in force at the level of the types of EAFRD interventions, the annual accounts for the last execution year for the relevant CAP Strategic Plan and of the corresponding clearance decisions. Those accounts shall be presented to the Commission no later than six months after the final eligibility date of expenditure provided for in Article 80(3) of Regulation (EU) No.../...[CAP Strategic Plan Regulation] and shall cover the expenditure effected by the paying agency up to the last eligibility date of expenditure.

2. Without prejudice to Article 32(5), the amounts still committed after the balance is paid shall be decommitted by the Commission within a period of six months.
3. If, by the time limit set out in paragraph 1, the Commission has not received the last annual performance report and the documents needed for clearance of the accounts of the last execution year of the Plan, the balance shall be automatically decommitted in accordance with Article 32.

Article 32

Automatic decommitment for CAP Strategic Plans

1. The Commission shall automatically decommit any portion of a budget commitment for rural development interventions in a CAP Strategic Plan that has not been used for the purposes of prefinancing or for making interim payments or for which no declaration of expenditure fulfilling the requirements laid down in Article 30(6)(a) and (c)(3) has been presented to it in relation to expenditure effected by 31 December of the *[second]*¹² year following that of the budget commitment.
2. The part of budget commitments that is still open on the last eligibility date for expenditure as referred to in Article 80(3) of Regulation (EU) .../...[CAP Strategic Plan Regulation] for which no declaration of expenditure has been made within six months of that date shall be automatically decommitted.
3. In the event of legal proceedings or of an administrative appeal having suspensory effect, the period for automatic decommitment referred to in paragraph 1 or 2 shall, in respect of the amount relating to the operations concerned, be interrupted for the duration of those proceedings or that administrative appeal, provided that the Commission receives a substantiated notification from the Member State by 31 January of year N + 3.
4. The following shall be disregarded in calculating the automatic decommitment:

¹² [Bracketed] as MFF-related.

¹³ [Bracketed] as MFF-related.

- (b) that part of the budget commitments which a paying agency has been unable to disburse for reasons of force majeure seriously affecting the implementation of the CAP Strategic Plan. National authorities claiming force majeure shall demonstrate the direct consequences on the implementation of all or part of the **rural development interventions in the CAP Strategic Plan**.

By 31 January, the Member State shall send to the Commission information on the exceptions referred to in the first subparagraph concerning the amounts declared by the end of the preceding year.

5. The Commission shall inform Member States in good time if there is a risk of automatic decommitment. It shall inform them of the amount involved as indicated by the information in its possession. The Member States shall have two months from receiving this information to agree to the amount in question or present observations. The Commission shall carry out the automatic decommitment not later than nine months after the last time-limit resulting from the application of paragraphs 1, 2 and 3.
6. In the event of automatic decommitment, the EAFRD contribution to the CAP Strategic Plan concerned shall be reduced, for the year in question, by the amount automatically decommitted. The Member State shall produce a revised financing plan splitting the reduction of the aid between the types of interventions for approval by the Commission. If it does not do so, the Commission shall reduce the amounts allocated to each type of intervention pro rata.

Common provisions

Article 33

Agricultural financial year

Without prejudice to special provisions on declarations of expenditure and revenue relating to public intervention laid down by the Commission pursuant to point (a) of the first subparagraph of Article 45(3), the agricultural financial year shall cover expenditure paid and revenue received and entered in the accounts of the Funds' budget by the paying agencies in respect of financial year "N" beginning on 16 October of year "N-1" and ending on 15 October of year "N".

Article 34

No double funding

Member States shall ensure that expenditure financed under the EAGF or the EAFRD shall not be the subject of any other financing under the Union's budget.

Under EAFRD, an operation may receive different forms of support from the CAP Strategic Plan and from other ~~European Structural and Investments Funds (ESI) Funds~~ or Union instruments **as referred to in Article 1(1) of Regulation (EU) .../... [CPR]** only if the total cumulated aid amount granted under the different forms of support does not exceed the highest aid intensity or aid amount applicable to that type of intervention as referred to in Title III of Regulation (EU) No.../... (CAP Strategic Plan Regulation). In such cases Member States shall not declare **the same** expenditure to the Commission for:

- (a) support from another ~~ESI~~ Fund or Union instrument **as referred to in Article 1(1) of Regulation (EU) .../... [CPR]**; or
- (b) support from the same CAP Strategic Plan.

The amount of expenditure to be entered into a declaration of expenditure may be calculated on a pro rata basis, in accordance with the document setting out the conditions for support.

Article 35
Eligibility of expenditure incurred by the paying agencies

The expenditure referred to in Article 5(2) and Article 6 may be financed by the Union only if it **has been effected by accredited paying agencies and:**

- ~~(a) — it has been effected by accredited paying agencies,~~
- (b) it has been effected in accordance with the applicable Union rules, or
- (c) as regards types of interventions referred to in Regulation (EU) .../... [CAP Strategic Plan Regulation],
 - (i) it is matched by a corresponding reported output, and
 - (ii) it has been effected in accordance with the applicable governance systems, not extending to the eligibility conditions for individual beneficiaries laid down in the national CAP Strategic Plans.

Point **(be)**(i) of the first paragraph shall not apply to advances paid to beneficiaries under types of interventions referred to in Regulation (EU) No.../...[CAP Strategic Plan Regulation].

Article 36
Compliance with payment deadlines

Where payment deadlines are laid down by Union law, any payment made to the beneficiaries by the paying agencies before the earliest possible date of payment and after the latest possible date of payment shall render those payments ineligible for Union financing.

The Commission is empowered to adopt delegated acts in accordance with Article 100, supplementing this Regulation with rules on the circumstances and conditions in which the payments referred to in the first paragraph of this Article may be deemed eligible, taking into account the principle of proportionality.

Article 37
Reduction of monthly and interim payments

1. Where the Commission establishes from declarations of expenditure or the information referred to in Article 88 that financial ceilings set by Union law have been exceeded, the Commission shall reduce the monthly or interim payments to the Member State in question in the framework of the implementing acts concerning the monthly payments referred to in Article 19(3) or in the framework of the interim payments referred to in Article 30.
2. Where the Commission establishes from declarations of expenditure or the information referred to in Article 88 that the payment deadlines referred to in Article 36 have not been complied with, the Member State shall be afforded the opportunity to submit its comments within a period which shall not be less than 30 days. Where the Member State fails to submit its comments within the said period or where the Commission considers the response to be unsatisfactory, the Commission may reduce the monthly or interim payments to the Member State concerned in the framework of the implementing acts concerning the monthly payments referred to in Article 19(3) or in the framework of the interim payments referred to in Article 30.
3. Reductions under this Article shall be without prejudice to Article 51.
4. The Commission may adopt implementing acts laying down further rules on the procedure and other practical arrangements for the proper functioning of the mechanism provided for in Article 36. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 101(3).

Article 38

Suspension of payments in relation to the annual clearance

1. Where Member States do not submit the documents referred to in Articles 8(3) and 11(1) by the deadlines, as provided for in Article 8(3), the Commission may adopt implementing acts suspending the total amount of the monthly payments referred to in Article 19(3). The Commission shall reimburse the suspended amounts when it receives the missing documents from the Member State concerned, provided that the date of receipt is not later than six months after the deadline.

As regards the interim payments referred to in Article 30, declarations of expenditure shall be deemed inadmissible in accordance with paragraph 6 of that Article.

2. Where, in the framework of the annual performance clearance referred to in Article 52, the Commission establishes that the difference between the expenditure declared and the amount corresponding to the relevant reported output is more than 50% and the Member State cannot provide duly justified reasons, the Commission may adopt implementing acts suspending the monthly payments referred to in Article 19(3) or the interim payments referred to in Article 30.

The suspension shall be applied to the relevant expenditure in respect of the interventions which have been subject to the reduction referred to in Article 52(2) and the amount to be suspended shall not exceed the percentage corresponding to the reduction applied in accordance with Article 52(2). The amounts suspended shall be reimbursed by the Commission to the Member States or permanently reduced by means of the implementing act referred to in Article 52.

The Commission is empowered to adopt delegated acts in accordance with Article 100 supplementing this Regulation with rules on the rate of suspension of payments.

3. The implementing acts provided for in this Article shall be adopted in accordance with the advisory procedure referred to in Article 101(2).

1. In case of delayed or insufficient progress towards targets, as set out in the national CAP Strategic Plan and monitored in accordance with Articles 115 and 116 of Regulation (EU) .../...[CAP Strategic Plan Regulation], the Commission may ask the Member State concerned to implement the necessary remedial actions in accordance with an action plan with clear progress indicators, to be established in consultation with the Commission.

The Commission may adopt implementing acts laying down further rules on the elements of action plans and the procedure for setting up the action plans. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 101(3).

2. Where the Member States fails to submit or to implement the action plan referred to in paragraph 1 or if that action plan is manifestly insufficient to remedy the situation, the Commission may adopt implementing acts suspending the monthly payments referred to in Article 19(3) or the interim payments referred to in Article 30.

The suspension shall be applied in accordance with the principle of proportionality to the relevant expenditure related to the interventions which were to be covered by that action plan. The Commission shall reimburse the suspended amounts when, on the basis of the performance review referred to in Article 121 of Regulation (EU) .../... [CAP Strategic Plan Regulation] satisfactory progress towards targets is achieved. If the situation is not remedied by the closure of the national CAP Strategic Plan, the Commission may adopt an implementing act definitively reducing the amount suspended for the Member State concerned.

The Commission is empowered to adopt delegated acts in accordance with Article 100 supplementing this Regulation with rules on the rate and duration of suspension of payments and the condition for reimbursing or reducing those amounts with regard to the multi-annual performance monitoring.

The Commission may adopt implementing acts laying down further rules on the elements of the action plans and the procedure for setting up the action plans. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 101(3).

2. Where the Member State fails to submit or to implement the action plan referred to in paragraph 1 or if that action plan is manifestly insufficient to remedy the situation, the Commission may adopt implementing acts suspending the monthly payments referred to in Article 19(3) or the interim payments referred to in Article 30.

The suspension shall be applied in accordance with the principle of proportionality to the relevant expenditure effected by the Member State where the deficiencies exist, for a period to be determined in the implementing acts referred to in the first subparagraph, which shall not exceed 12 months. If the conditions for the suspension continue to be met, the Commission may adopt implementing acts prolonging that period for further periods not exceeding 12 months in total. The amounts suspended shall be taken into account when adopting the implementing acts referred to in Article 53.

3. The implementing acts provided for in this Article shall be adopted in accordance with the advisory procedure referred to in Article 101(2).

[CAP Strategic Plan Regulation] who do not comply, at any time in the calendar year concerned, with the rules on conditionality as laid down in Section 2 of Chapter ~~H~~**I** of Title III of that Regulation ("penalty system").

Under that system, the administrative penalties referred to in the first subparagraph shall only apply where the non-compliance is the result of an act or omission directly attributable to the beneficiary concerned; and where one or both of the following conditions are met:

- (a) the non-compliance is related to the agricultural activity of the beneficiary;
- (b) the **non-compliance concerns area** ~~of the holding of the beneficiary is concerned as defined in point (b) of Article 3(1) of Regulation (EU) .../... [CAP Strategic Plan Regulation]~~ **or other areas managed by the beneficiary situated within the territory of the same Member State.**

Where a subsequent check within three consecutive calendar years establishes that the non-compliance has not been remedied, the reduction pursuant to the first subparagraph shall be applied **to amounts resulting from aid applications of the current year** ~~retroactively~~.

However, cases of non-compliance which constitute a direct risk to public or animal health shall always lead to a reduction or exclusion.

Member States may provide mandatory training under the farm advisory system provided for in Section 3 of Chapter ~~4~~I of Title III of Regulation (EU) .../...[CAP Strategic Plan Regulation] to the beneficiaries who have received an early warning.

3. In case of reoccurrence, the percentage reduction shall be higher than the one to be applied in case of non-compliance due to negligence and sanctioned for the first time.
4. In case of intentional non-compliance, the percentage shall be higher than the one applied in case of reoccurrence pursuant to paragraph 3 and may go as far as total exclusion from payments and may apply for one or more calendar years.
