REPORT

From:	General Secretariat of the Council	
To:	Permanent Representatives Committee (Part 1)	
No. prev. doc.:	15400/4/18 REV 4	
No. Cion doc.:	ST 9951/18 + ADD 3	
Subject:	Proposal for a Regulation of the European Parliament and of the Council establishing the Connecting Europe Facility and repealing Regulations (EU) No 1316/2013 and (EU) No 283/2014	
	- Progress report	
	- Confirmation of the common understanding	

The document presented in Annex, including 7207/19 ADD1, reflects the state of play of negotiations reached at the third and last trilogue on the Regulation establishing the Connecting Europe Facility on 7 March 2019 under the current legislature. While this reflects a common understanding between the European Parliament and the Presidency on the progress of negotiations, it is without prejudice to the final outcome of the negotiations on the full text.

7207/19 RH/cf TREE.2.A EN

LIMITE

- 2. It is understood that elements in square brackets in the text were left outside of the scope of the negotiations at this stage, as they require the completion of negotiations on the Multiannual Financial Framework 2021-2027 for the Council to be able to establish its position.
- 3. For ease of reference, the changes introduced at the trilogue, as compared to the Coreper mandate of 1 March 2019, are marked **bold underlined**. The rows marked in green indicate text on which a common understanding was found (not withstanding elements in square brackets).
- 4. Work will resume with the European Parliament once the Council has a mandate on all elements of the proposal.
- 5. In light of the above, the Permanent Representatives Committee is invited to confirm the common understanding reached at the trilogue, under the current legislature, on the Regulation establishing the Connecting Europe Facility for the period 2021-2027, as set out in the Annex to this note.

2018/0228 (COD)

Proposal for a Regulation of the European Parliament and of the Council establishing the Connecting Europe Facility and repealing Regulations (EU) No 1316/2013 and (EU) No 283/2014

(Text with EEA relevance)

49.		(14a) The introduction of the Action Plan on dual (civil and defence) mobility in the Union is part of the overall objective of improving mobility in the EU while responding to the logistics and mobility challenges set out in the its common security and defence policy (CSDP); to that end, it is vital to harmonise cross-border standards and customs regulations, as well as administrative and legislative procedures. The role of EU joint ventures is, among others, vital to contribute to the harmonisation of administrative and legislative procedures, both for the CEF and for the Action Plan on dual (civil and defence) mobility; Dual (civil and defence) mobility will contribute to the development of the CEF, especially regarding budget matters and measures to meet new		EP AM withdrawn

		and future needs;

231.	Article 6b Cross-border projects in the field of transport	EP AM withdrawn
	1. Member States, regional authorities or other entities participating in a cross-border transport project may set up a joint body (one stop shop) for project management. These joint bodies shall have extensive coordinating powers, with EU rules prevailing, facilitating the management of all environmental impact assessments and planning and building permits.	
	2. In order to address difficulties in coordinating procedures for the concession of cross-border TEN-T infrastructure projects, European coordinators shall monitor the coordination of the projects and propose procedures to facilitate their synchronisation and completion.	
	3. Given the need to ensure coordination and cooperation between the Member States through the designated single competent authority, as well as the need to set joint deadlines for the granting of cross-border permits and the launching of public procurement for	

232.		joint cross-border projects, the requisite measures shall be in accordance with the Regulation of the European Parliament and of the Council on streamlining measures for advancing the realisation of the trans-European transport network (COM (2018) 277).	ticle 7	
		Cross-border projects in	the field of renewable energy	
233.		AM 78 - Art. 7 par. 1		
234.	1. Cross-border projects in the field of renewable energy shall involve at least two Member States and shall be included in a cooperation agreement or any other kind of arrangement between Member States or arrangements between Member States and third countries as set out in Articles 6, 7, 9 or 11 of Directive 2009/28/EC. These projects shall be identified in accordance with the criteria and procedure laid down in Part IV of the Annex to this Regulation.	1. Cross-border projects in the field of renewable energy shall contribute to decarbonisation, completing the internal energy market and enhancing the security of supply, shall involve at least two Member States, and shall be included in a cooperation agreement or any other kind of arrangement between Member States, including, where appropriate at a regional level, or arrangements between Member States and third countries as set out in [] Article 8, 9, 11 or 13 of Directive [] (EU) 2018/ of the European Parliament and of the Council J+. These projects shall be identified in accordance with the general criteria and [] process laid down in Part IV of the Annex to this Regulation. † OJ please insert title, number and OJ reference of COD 2016/0382 (renewable energy).	1. Cross-border projects in the field of renewable energy [] shall be included in a cooperation agreement or any other kind of arrangement between Member States or arrangements between Member States and third countries as set out in [] Directive [] (EU) 2018/XXX [Renewable Energy Directive]. These projects shall be identified in accordance with the criteria and procedure laid down in Part IV of the Annex to this Regulation.	EP accepts Council compromise 1. Cross-border projects in the field of renewable energy shall contribute to decarbonisation, completing the internal energy market and enhancing the security of supply. These projects shall be included in a cooperation agreement or any other kind of arrangements between at least two Member States or arrangements between at least one Member State and a third country or countries as set out in [] Article in Articles 8, 9, 11 and 13 of Directive (EU) 2018/2001. These projects shall be identified in accordance with the general criteria and process laid down in Part IV of the Annex to this Regulation.

235.		AM 79 - Art. 7 par. 2		
236.	2. By 31 December 2019, the Commission shall adopt a delegated act in accordance with Article 23(d) of this Regulation to further specify the selection criteria and lay down details of the selection process of the projects and shall publish the methodologies for assessing the contribution of the projects to the general criteria and for assessing the overall costs and benefits specified in Part IV of the Annex.	2. By 31 December 2019, the Commission shall adopt a delegated act in accordance with Article 23(d) of this Regulation to further specify [], without prejudice to the award criteria laid down in Article 13, the specific selection criteria and lay down details of the selection process of the projects and shall publish the methodologies for assessing the contribution of the projects to the general criteria and for assessing the [] cost-benefit analysis specified in Part IV of the Annex.	2. By 31 December 2019, the Commission shall adopt a delegated act in accordance with Article 23(d) of this Regulation to further specify the selection criteria and lay down details of the selection process of the projects and shall publish the methodologies for assessing the contribution of the projects to the general criteria and for assessing the overall costs and benefits specified in Part IV of the Annex.	EP accepts the following compromise: 2. By 31 December 2019, the Commission shall adopt a delegated act in accordance with Article 23(d) of this Regulation to further specify [], without prejudice to the award criteria laid down in Article 13, the specific selection criteria and lay down details of the selection process of the projects and shall publish the methodologies for assessing the contribution of the projects to the general criteria and for [] producing the [] cost-benefit analysis specified in Part IV of the Annex.

239.		AM 80 - Art. 7 par. 4 point a		
240.	(a) the project specific cost- benefit analysis pursuant to point 3 of Part IV of the Annex provides evidence concerning the existence of significant cost savings and/or benefits in terms of system integration, security of supply or innovation, and;	(a) the project specific cost-benefit analysis pursuant to point 3 of Part IV of the Annex [] shall be compulsory for all supported projects, shall be performed in a transparent, comprehensive and complete manner and shall provide evidence concerning the existence of significant cost savings and/or benefits in terms of sustainability, system integration, security of supply or innovation, and;	(a) the project specific cost-benefit analysis pursuant to point 3 of Part IV of the Annex provides evidence concerning the existence of significant cost savings and/or benefits in terms of system integration, security of supply or innovation, and;	Compromise: (a) the project specific cost-benefit analysis pursuant to point 3 of Part IV of the Annex [] shall be compulsory for all supported projects, shall be performed in a transparent, comprehensive and complete manner and shall provide evidence concerning the existence of significant cost savings and/or benefits in terms of system integration, environmental sustainability, security of supply or innovation, and;
241.	(b) the applicant demonstrates, that the project would not materialise in the absence of the grant, or that the project cannot be commercially viable in the absence of the grant. This analysis shall take into account any revenues resulting from support schemes.		(b) the applicant demonstrates, that the project would not materialise in the absence of the grant, or that the project cannot be commercially viable in the absence of the grant. This analysis shall take into account any revenues resulting from support schemes.	COM
242.		AM 81 - Art. 7 par.5		
243.	5. The amount of the grant for works shall be proportionate to the cost savings and/or benefits referred to in point 2 (b) of Part IV of the Annex and shall not exceed the amount required to ensure that the project materialises or becomes commercially viable.	5. The amount of the grant for works shall be proportionate to the cost savings and/or benefits referred to in point 2 (b) of Part IV of the Annex [], shall not exceed the amount required to ensure that the project materialises or becomes commercially viable and shall respect the provisions of Article 14(3).	5. The amount of the grant for works shall be proportionate to the cost savings and/or benefits referred to in point 2-(b) of Part IV of the Annex and shall not exceed the amount required to ensure that the project materialises or becomes commercially viable.	5. The amount of the grant for works shall be proportionate to the cost savings and/or benefits referred to in point 2 (b) of Part IV of the Annex [], shall not exceed the amount required to ensure that the project materialises or becomes commercially viable and shall respect the provisions of Article 14(3).

6. In facilitating cross-border projects in the field of renewable energy, the Programme shall provide for the possibility of coordinated funding with the enabling framework for renewable energy deployment referred to in Article 3(5) of [Renewable Energy Directive (EU) 2018/XXXX] and the Union renewable energy financing mechanism referred to in Article 33 of [Regulation (EU) 2018/XXXX on the Governance of the Energy Union].

The amount referred to in Article 4, paragraph 2(b) distributed to renewable energy objectives, in particular funds available for this purpose, may be used to cofund the Union renewable energy financing mechanism established under [Regulation (EU) 2018/XXXX on the Governance of the Energy Union].

Specific rules on cofunding between the part on cross-border projects in the field of renewables under CEF and the Union renewable energy financing mechanism referred to in Article 33 of Regulation [Governance] shall be specified in the implementing act on the Renewables financing mechanism 6. The Programme shall provide for the possibility of coordinated funding with the enabling framework for renewable energy deployment referred to in Article 3(5) of Directive (EU) 2018/2001 and the co-funding with the Union renewable energy financing mechanism referred to in Article 33 of Regulation (EU) 2018/1999.

The Commission shall assess regularly the uptake of funds with regard to the reference amount in Article 4(2)(b) for cross-border projects in the field of renewable energy. Following this assessment, in the absence of sufficient market uptake of cross border renewables projects, the unused budget envisaged for cross border renewables projects shall be used to meet the objectives of the trans-European energy networks defined in Article 3(2)(b) for eligible actions referred in article 9.3 and also as of 2024, may be used to co-fund the Union renewable energy financing mechanism established under Regulation (EU) 2018/1999.

The Commission shall lay down, by means of implementing act, specific rules on co-funding between the parts on cross border projects in the

244.

			and in time for the entry into force of the CEF Regulation.	field of renewable energy under CEF and the financing mechanism established under article 33 of Regulation (EU) 2018/1999. The examination procedure referred to in article 22 shall apply.
245.			rticle 8 rea of digital connectivity infrastructure	
246.		AM 82 - Art. 8 par.1		
247.	1. Projects of common interest in the area of digital connectivity infrastructure shall contribute to the specific objective provided for in Article 3(2)(c).	1. Projects of common interest in the area of digital connectivity infrastructure are those projects that make a significant contribution: (a) to completing the European Digital Single Market (b) to the Union's strategic connectivity objectives and (c) provide the underlying network infrastructure supporting the digital transformation of the economy and society.	1. Projects of common interest in the area of digital connectivity infrastructure shall contribute to the specific objective provided for in Article 3(2)(c).	Compromise 1. Projects of common interest in the area of digital connectivity infrastructure are those projects that are expected to make an important contribution to the Union's strategic connectivity objectives and/or provide the network infrastructure supporting the digital transformation of the economy and society as well as the European Digital Single Market.

CHAPTER VI				
TRANSITIONAL AND FINAL PROVISIONS				
	Repeal and trai			
 Regulations (EU) No 1316/2013 and (EU) No 283/2014 shall be repealed. Without prejudice to paragraph 1, this Regulation shall not affect the continuation or modification of the actions concerned, until their closure, pursuant to Regulation (EU) No 1316/2013, which shall continue to apply to the actions concerned until their closure. 	AM 166 - Art. 27 par. 2a (new) 2a. Regulation (EU) No 347/2013 shall be revised in time for the next MFF, in order to align the guidelines with the Union energy and climate targets for 2030 and the EU long-term decarbonisation commitment, and to integrate the energy efficiency first principle. [Am. 10]	1. Regulations (EU) No 1316/2013 and (EU) No 283/2014 shall be repealed. 2. Without prejudice to paragraph 1, this Regulation shall not affect the continuation or modification of the actions concerned, until their closure, pursuant to Regulation (EU) No 1316/2013, which shall continue to apply to the actions concerned until their closure.	Compromise The Commission shall evaluate the effectiveness and policy coherence of Regulation (EU) No 347/2013 and submit an evaluation to the European Parliament and to the Council with the result of this review by 31 December 2020. In that evaluation the Commission shall consider, inter alia, the Union energy and climate targets for 2030, the EU longterm decarbonisation commitment, and the energy efficiency first principle. The evaluation may, where appropriate, be accompanied by a legislative proposal to revise that	
	1316/2013 and (EU) No 283/2014 shall be repealed. 2. Without prejudice to paragraph 1, this Regulation shall not affect the continuation or modification of the actions concerned, until their closure, pursuant to Regulation (EU) No 1316/2013, which shall continue to apply to the actions concerned until	TRANSITIONAL AN Art Repeal and tran 1.
