Subject:	European Union Contribution to the Global Digital Compact - Statement by Hungary

#### **HU statement on item I. 53. on the EU contribution to the Global Digital Compact**

*Hungary recognizes and promotes equality between women and men in accordance with the Fundamental Law of Hungary, and the primary law, principles and values of the European Union, as well as commitments and principles stemming from the international law. Furthermore, equality between women and men is enshrined as a fundamental value in the Treaties of the European Union, in particular in Article 2 of the TEU and Article 8 and 10 of the TFEU. In line with these and its national legislation, Hungary interprets the concept of “gender” as reference to “sex” and the concept of “gender equality” as reference to the “equality between women and men”. We would like to further underline that Hungary does not consider the expressions “gendered disinformation” and “gendered misinformation” as agreed language.*
