Convention)**

ANNEX

Directives for the negotiation of amendments to the Convention on the Conservation of European Wildlife and Natural Habitats (Bern Convention)

- (1) The Commission should endeavour to ensure that an agreement leading to any revision of the Convention on the Conservation of European Wildlife and Natural Habitats (Bern Convention) and its application is consistent with relevant European Union legislation and policies, and in particular Union legislation in the field of nature and biodiversity¹ as well as Union commitments under other relevant multilateral environmental agreements.
- (2) With regard to proposals to amend the Convention on the Conservation of European Wildlife and Natural Habitats (Bern Convention) to introduce an obligatory financial contribution, the Commission should engage in the negotiations on how to best address the issue of establishing a secure and predictable financial basis for the Convention and should endeavour to ensure, in accordance with the position of the Union, that the amendment:
 - (a) should not impose an obligatory contribution with regards to the programmatic budget
 - (b) should not result in a Union contribution of more than 2.5% of the total contributions
 - (c) should not affect existing obligations of the Parties under this Convention.
- (3) The Commission should conduct negotiations in accordance with relevant European Union legislation in force or agreed positions of the Union established specifically for the purposes of these negotiations within the special committee of representatives of the Member States referred to in Article 1(2) of this Council Decision or within the Council.
- (4) The Commission should report to the Council on the outcome of the negotiations and, where appropriate, on any problem that may arise during the negotiations.
