NOTE

From:	General Secretariat of the Council
To:	Delegations
No. prev. doc.:	15152/3/19 REV 3 + COR 1
Subject:	Proposal for a Regulation of the European Parliament and of the Council on streamlining measures for advancing the realisation of the trans-European transport network - Working Party on Transport - Intermodal Questions and Networks: Outcome of written consultation

The next trilogue with the European Parliament on the above proposal will be based on the mandate given by COREPER on 11 March 2020 (doc. ST 6462/20).

However, in order to make progress on the other articles of the proposal in the absence of Working Party meetings and in view of continuing negotiations with the European Parliament, delegations were invited to provide written comments on the new compromise proposals in the revised four-column table presented in docs. ST 15152/3/19 REV 3 + COR 1 by 10 April 2020.

Several Member States submitted their comments (cf. WK 3792/20). Some Member States indicated that they did not have specific comments on the document.

In the light of the comments received, the Presidency concludes that further work on a number of compromises will be necessary.

Regarding the questions and concerns raised in relation to the compromises on specific lines, the Presidency has provided detailed explanations in doc. WK 4081/20.

Based on the comments received, the Presidency plans to issue a new compromise proposal in the coming weeks. Delegations will be informed in due course.
