#### INFORMATION NOTE

---

From: General Secretariat of the Council

To: Delegations

---

Subject: Presentation given by a representative of Nokia - Global Gateway:  
enhancing Europe's competitiveness and international partnerships

---

Delegations will find in the annex a presentation given by an external stakeholder (Nokia representative) at a meeting of the WP RELEX-HQ on 28 March 2025. The views expressed in the presentation are solely those of the third party concerned. This document cannot be regarded as stating an official position of the Council and it does not reflect the views of the Council or of its members.

---

The Nokia logo is displayed in white, uppercase letters on a blue background. The background of the slide features abstract, flowing, multi-colored lines in shades of red, orange, and blue, creating a sense of movement and connectivity. A large white circle is positioned on the right side of the slide, partially overlapping the abstract lines.

# We create technology that helps the world act together.

**Mobile networks**  
to deliver continuous connectivity

**Data center networks**  
to power the infrastructure for the cloud and AI era

**Software**  
to deploy, operate and automate networks

**Non-terrestrial networks**  
to connect the hardest to reach places

**Fixed networks**  
to transport the world's data across buildings and cities

**Private networks**  
to accelerate digitalization for industries

**Cybersecurity**  
to protect networks, people, devices, and applications

# We support global infrastructure projects to bridge the digital divide

Nokia is a trusted partner for digitalization.

We work together with private and public partners, including through the Global Gateway, to develop trusted and sustainable connectivity - to benefit countries, industries and communities.

Nokia is a European success. Our networks contribute to Europe's resilience, competitiveness, and innovative and sustainable growth.

Nokia is a European success story that has shaped the digital landscape of the continent and beyond.

Deeply rooted in Finland, and with innovative activities in 21 out of the 27 Member States.

With our 155+ years of history, Nokia has contributed to the economic development, innovation, and competitiveness of Europe for decades.

We have created thousands of jobs, supported countless businesses and services, and enabled millions of people to communicate and collaborate across borders.
