- Signed Written Record

Delegations will find attached the signed Written Record of fisheries consultations on 7 and 8 March 2024 between the United Kingdom and the European Union about sandeels for 2024, signed on 12 March 2024.

Personal data have been redacted.

Written Record of fisheries consultations on 7 and 8 March 2024 between the United Kingdom and the European Union about sandeels in 2024

1. The Trade and Cooperation Agreement ('the TCA') between the United Kingdom (UK) and the European Union (EU) includes the objective of cooperating with a view to ensuring that fishing activities for shared stocks in their waters are environmentally sustainable in the long term and contribute to achieving economic and social benefits, and requires the Parties to hold consultations annually to agree the total allowable catches (TACs) for the following year for the stocks listed in Annex 35 to the TCA. Sandeels are included in that Annex.

2. A Delegation from the European Union, headed by Dr Norman GRAHAM and a Delegation from the United Kingdom, headed by Ms Grace ROSINSKI, met in a virtual format on 7 and 8 March 2024 to consult on fishing opportunities for sandeels in 2024 in accordance with Article 498 (Fishing Opportunities) of the TCA. This Written Record documents the outcome of those consultations.

3. The Heads of Delegations agreed to recommend to their respective authorities the fishery arrangements for 2024 set out in this Written Record, including Annex 1. Accordingly, where this Written Record refers to the Delegations (or the Parties) having agreed on a matter, it should be read as an agreement to recommend to the Delegations' respective authorities to implement the arrangements in this Written Record, including Annex 1.

4. The Delegations considered the sandeel stocks listed in Annex 35 to the TCA and agreed to establish the total allowable catches (TACs) for 2024, and the associated special conditions, flexibilities and footnotes, shown in Annex 1.

5. The parties note that ICES recommends the establishment of a monitoring TAC in 2024 in Sandeel Management areas 4 and 3r. A monitoring TAC has been established for Sandeel Management area 3r within EU waters only, but no monitoring TAC has been established for Sandeel Management area 4 this year.

6. The other relevant arrangements for jointly managed stocks in the Written Record of fisheries consultations between the United Kingdom and the European Union for 2024 signed on 6 December 2023 ("the Written Record of 6 December 2023") will continue to apply for sandeels.

7. The Delegations agreed in paragraph 13(d) of the Written Record of 6 December 2023 to update the data quarterly in 2024 on provisional landings of non-quota stocks to cover the period 1 October to 31 December 2023 and subsequently the period 1 January to 30 September 2024 and attach it to the next Written Record or the minutes of the next SCF meeting. The updated data is in the Annex 2 to this Written Record.
