	potential – An intellectual property action plan to support the EU’s recovery and resilience’, the Commission committed itself to considering, based on an impact assessment, whether to propose a Union system of geographical indications (GIs) protection for non-agricultural products.	potential – An intellectual property action plan to support the EU’s recovery and resilience’, the Commission committed itself to considering, based on an impact assessment, whether to propose a Union system of geographical indications (GIs) protection for non-agricultural products.	potential – An intellectual property action plan to support the EU’s recovery and resilience’, the Commission committed itself to considering, based on an impact assessment, whether to propose a Union system of geographical <del>indications (GIs)</del> <b>indication</b> protection for non-agricultural products.	
12a		<u><a href="#">(2a) In its Resolution of 11 November 2021 on an intellectual property action plan to support the EU’s recovery and resilience, Parliament highlighted that</a></u>		

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
		<p><u>recognition of GIs for non-agricultural products is relevant for the priorities of EU programmes currently in development, citing the fact that Parliament is supporting the Commission in its initiative to establish, based on a thorough impact assessment, an effective and transparent EU-level protection of GIs for non-agricultural products, in order to align with, inter alia, the Geneva Act of the Lisbon Agreement on Appellations of Origin and Geographical Indications, which the EU has signed and which includes the option to protect GIs for both agricultural and non-agricultural products.</u></p>		

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
12b			<p><b>(2a) In order for the Union to be able to exercise fully its exclusive competence in relation to the common commercial policy of the Union, and in full compliance with its commitments under the Agreement on the Trade-Related Aspects of Intellectual Property Rights (TRIPS) of the World Trade Organization, on 26 November 2019, the Union acceded to the 2015 Geneva Act of the Lisbon Agreement on Appellations of Origin and Geographical Indications<sup>1</sup> ('the</b></p>	

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
			<p>Geneva Act'), which is administered by the World Intellectual Property Organization (WIPO). The Geneva Act offers a means to obtain protection of geographical indications, regardless of the nature of the goods to which they apply, and therefore includes craft and industrial products. In order to comply fully with these international obligations, ensuring uniform recognition and protection throughout the Union for geographical indications for craft and industrial products is therefore a priority for the Union.</p> <p>_____</p> <p>1. OJ L 271, 24.10.2019, p. 15.</p>

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
21a		<p><u>(11a) Recognising that in certain geographical areas there is only one producer who wants to submit an application for the registration of a name as geographical indication, the possibility for a single producer to be considered an applicant should be ensured. However, a single producer should not be allowed to apply for protection for its own land or workshop; the geographical area should always refer to natural features and not private property boundaries.</u></p>		

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
21b			<p><b>(11a) Geographical indications for craft and industrial products, which have characteristics, attributes or a reputation linked to their place of production or manufacturing, are a collective right accessible to be used by all eligible producers in a designated area willing to adhere to a product specification, in accordance with this Regulation. Producers acting collectively have more market power than individual producers and can make use of synergies when managing their geographical indications. Geographical indications reward producers for their efforts to produce a diverse</b></p>	

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
			range of quality products.	
21c			<p>(11b) Applications for registration of geographical indications should therefore be submitted by producer groups. By way of exception, a local or regional authority or a private entity designated by a Member State may be an applicant if it is not feasible for the producers to form a group, for example, due to their number, geographical location or organisational characteristics. In such cases, the application for registration of a</p>	

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
			geographical indication should state these reasons for such designation.	
21d			(11c) The system of geographical indications aims at enabling consumers to make more informed purchasing choices and, in this context, labelling and advertising helps them to identify correctly quality products on the market. Geographical indications, as an intellectual property right, help operators and companies to valorise their intangible assets. To avoid	

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
			<p>creating unfair conditions of competition and to sustain the internal market, any producer, including a third-country producer, should be able to use a registered name and to market products designated as geographical indications throughout the Union and in electronic commerce, provided that the product concerned complies with the requirements of the relevant specification and that the producer is subject to a system of controls.</p>	
21e				

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
			<p>(11d) A product is eligible for protection as a geographical indication if it complies with three cumulative criteria: the product should be rooted in or have its origin in a specific place, region, locality or country; at least one of the production steps should take place in this geographical area; and the given quality, reputation or other characteristic of the product is essentially attributable to this geographical origin. To fulfil these criteria, it needs to be demonstrated that the geographical origin is an essential factor in the quality, reputation or other characteristic of the product. These criteria are in line with the</p>	

	Commission Proposal	EP Mandate	Council Mandate	Draft Agreement
			<p>requirements for geographical indications as set out in the Geneva Act and in Union legislation on the protection of geographical indications for agricultural products, foodstuff, wine and spirits. However, products that are contrary to public policy should be excluded from being the subject of a ‘protected geographical indication’. The necessity to apply the public policy exception should be assessed on a case-by-case basis, and the exception should be applied in accordance with the Treaty on the Functioning of the European Union and the relevant case law of the Court of Justice of the European Union.</p>
