Subject:	Regulation on the certification of carbon removals: agricultural and forestry aspects - <i>Information from the Commission</i> - <i>Policy debate</i>

With a view to the debate on the agricultural and forestry aspects of the above-mentioned proposal at the meeting of the “Agriculture and Fisheries” Council on 25 April 2023, the Presidency suggests the following question:

«Which aspects are the most important for the future certification framework to provide long term climate benefits while at the same time creating opportunities to foster innovation and increase the competitiveness of the EU agriculture and forest sectors?
