The rules applicable to the European Globalisation Adjustment Fund for Displaced Workers (EGF) are laid down in Regulation (EU) 2021/691 of the European Parliament and of the Council of 28 April 2021 on the European Globalisation Adjustment Fund for Displaced Workers (EGF) and repealing Regulation (EU) No 1309/2013 (the 'EGF Regulation').

The budgetary provisions related to the EGF are set in point 9 of the Interinstitutional Agreement of 16 December 2020 between the European Parliament, the Council of the European Union and the European Commission on budgetary discipline, on cooperation in budgetary matters and on sound financial management, as well as on new own resources, including a roadmap towards the introduction of new own resources.

d) Detailed grounds for the increase

In 2023, the amount of EUR 190 000 is requested in order to cover the technical assistance related to the EGF. It represents 0,09% of the annual ceiling of the EGF and is well below the 0,5% allowed by Article 11(1) of the EGF Regulation. The contribution will be used for expenditure mentioned in Article 11(1) and (4) as well as Article 12(2), (3) and (4) of the EGF Regulation, as detailed hereunder.

Administrative expenditure – EUR 90 000:

- The Expert Group of Contact Persons of the EGF, with two members from each Member State, will be holding its regular meetings. Based on the experiences made with virtual meetings, and in line with the Commission's ambitions to lower the environmental footprint of its activities, we will continue to have one virtual meeting and one in presence in 2023;
- In order to promote networking among the Member States, the Commission will organise one seminar with the participation of EGF implementing bodies and social partners. In 2023, the seminar will be scheduled the day preceding an Expert Group meeting and will likely take place as a physical meeting;
- Information activities: the EGF's online presence, which the Commission has set up within its Employment, Social Affairs and Inclusion area, and which it is maintaining as required under Article 12(2) of the EGF Regulation, will be regularly updated and expanded, with each new element being translated into all EU languages. General awareness of the EGF will be increased and its visibility promoted. The EGF will be covered in various Commission publications and audio-visual activities as provided for in Article 11(1) of the EGF Regulation.

Technical expenditure – EUR 100 000:

- Maintenance and update of an electronic data exchange system. The Commission is continuing its work on standardised procedures for EGF applications and management, using the functionalities of the Shared Fund Management Common System (SFC). This allows applications under the EGF Regulation to be simplified, their processing sped up and various reports more easily extracted. The SFC interface is also facilitating the EGF financial operations. This includes in particular:
 - a) maintenance of the SFC 2014 application and final report modules for the closure of cases for the EGF 2014-2020;
 - b) development and maintenance of the EGF 2021-2027 interface in the SFC2021 application, in particular new functionalities, such as the final report module, and adjustments to align SFC2021 with the requirements of the EGF Regulation 2021-2027;
- Monitoring and data gathering: the Commission will collect data on applications received, paid and wound up, and measures proposed and implemented. This data will be made available on the web site and compiled in appropriate form for future biennial reports.
