OVERVIEW OF EU MEMBER STATES' PREFERENTIAL TAX REGIMES EXAMINED BY THE

CODE OF CONDUCT GROUP (BUSINESS TAXATION) SINCE ITS CREATION IN MARCH 1998

In paragraph 19 of the 8 March 2016 Council conclusions on the future of the Code of Conduct (business taxation), the Council "expresses its wish to facilitate the access to information on ongoing and past work in the Group including already public documents, e.g. through a dedicated page on the Council's website and by releasing, to the extent possible, documents related to (...) final decisions on individual measures".

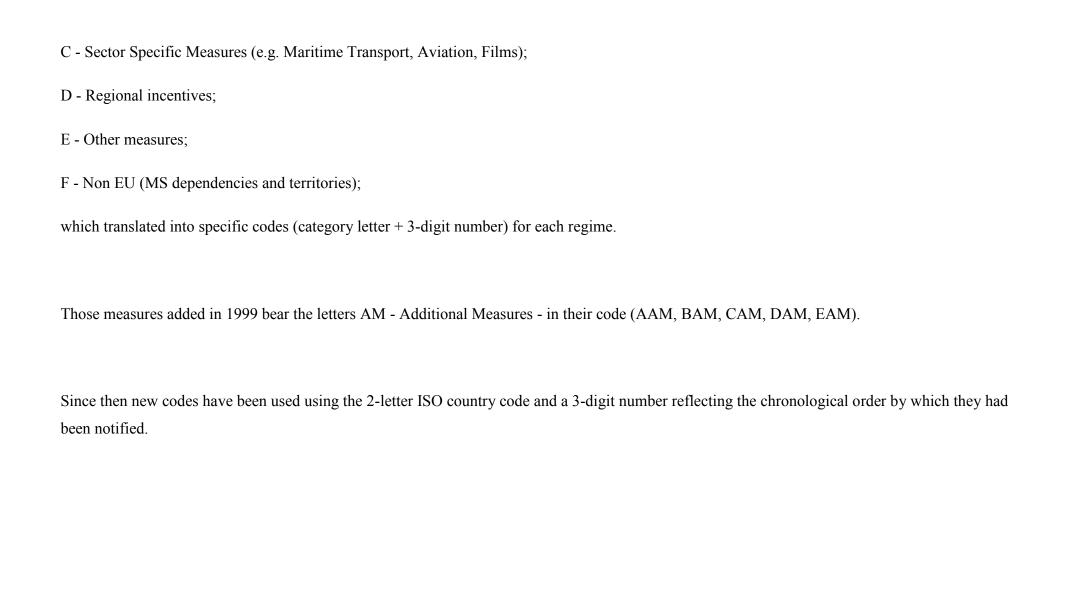

At the creation of the Code of Conduct Group in 1998, a number of preferential tax regimes were identified through its interim reports to the Council of 12 November 1998 (doc. 4748/98) and 12 May 1999 (doc. 8231/99)¹. At this occasion, regimes were classified in the following categories:

A - Intra-Group Services (Co-ordination, Distribution and Service Centres; Holdings Regimes);

B - Financial Services and offshore Companies (Financial, Insurance and Offshore Companies);

_

¹ About 150 additional measures were notified in 1999 compared to 1998.

As a reminder, the decision-making cycle on individual measures followed by the Code of Conduct Group is as follows:

- i. enactment of a new measure at national level;
- ii. identification by the group or notification² to the group by the Member State concerned at the beginning of the following year;
- iii. description agreed by the group (no broad consensus required anymore since March 2016);
- iv. assessment agreed by the group on whether the measure is harmful or not (broad consensus required, i.e. in the case of EU Member States: all Member States except the Member State concerned);
- v. abolition, or amendment of the harmful features, of the national measures deemed harmful;
- vi. notification³ of the rollback to the group at the beginning of the following year;
- vii. agreement by the group that the rollback proposed is indeed sufficient;
- viii. in cases where the repeal consisted in a closure to new entrants, the end of the benefits may occur some years after ("grandfathering"), which entailed in some cases a follow-up rollback notification.

² See COCG guidance on the notification of tax measures under paragraph E of the Code (doc. 5814/3/18, pages 84-89)
