**COUNCIL DECISION**

**on the provisional application of the Fisheries Partnership Agreement between the  
European Union and Solomon Islands**

## **EXPLANATORY MEMORANDUM**

The Community and Solomon Islands have negotiated and initialled, on 26 September 2009, a Fisheries Partnership Agreement which provides EU fishermen with fishing opportunities in Solomon Islands fishing zone. This Partnership Agreement, accompanied by a Protocol and the annexes thereto, has been signed for a period of three years and is renewable. On the date of its entry into force, this Agreement repeals and replaces the Fisheries Partnership Agreement between the European Community and Solomon Islands on fishing off Solomon Islands which entered into force on 9 October 2006.

The Commission's negotiating position was based in part on the results of an evaluation carried out by external experts.

The new Partnership Agreement aims to strengthen cooperation between the European Union and Solomon Islands and promote a partnership framework in which to develop a sustainable fisheries policy and responsible exploitation of fishery resources in Solomon Islands fishing zone in the interests of both Parties.

The two Parties have agreed to cooperate with a view to implementing a sectoral fisheries policy adopted by Solomon Islands and to that end shall initiate a policy dialogue on the necessary reforms. The financial contribution under the Protocol is set at EUR 400 000 per year, corresponding to fishing opportunities in the tuna highly migratory species. 50% of this financial contribution is earmarked for the support and implementation of objectives identified in the context of the sectoral fisheries policy drawn up by the Solomon Islands authorities.

In terms of fishing opportunities, 4 purse seiners will be authorised to fish. No fishing possibilities for longliners have been negotiated. However, the new protocol includes a clause which allows for the possibility to introduce new fishing possibilities, including for longliners, should the need arise.

EU shipowners shall pay fishing fees of EUR 13.000 per purse seine vessel. Furthermore, EU shipowners shall undertake to employ at least 25% seamen of ACP origin, giving priority to Solomon Islands seamen and to contribute towards the observers programme.

The Partnership Agreement also provides for economic, financial, technical and scientific cooperation in the fisheries sector with a view to promoting responsible fishing in Solomon Islands fishing zone to guarantee the conservation and sustainable exploitation of fishery resources and developing Solomon Islands fisheries sector.

The Commission proposes, on this basis, that the Council adopt by Decision the provisional application of the Fisheries Partnership Agreement between the European Union and Solomon Islands.

A proposal for a Council Decision on the conclusion of this new Fisheries Partnership Agreement and the Council Regulation concerning the allocation of the fishing opportunities among the Member States are the subject of separate procedures.

**Agreement in the form of an exchange of letters on the provisional application of the Fisheries Partnership Agreement between the European Community and Solomon Islands**

A. Letter from the Government of Solomon Islands

Sir,

I am delighted that Solomon Islands and European Community negotiators have been able to reach a consensus on a Fisheries Partnership Agreement between Solomon Islands and the European Community, and on a Protocol setting out the fishing opportunities and financial contribution and the annexes thereto.

The result of these negotiations improves on the earlier Agreement and will strengthen our fisheries relations and establish a true partnership framework in which to develop a sustainable and responsible fisheries policy in Solomon Islands' waters. To this end, I would propose launching in parallel the procedures for approval and ratification of the texts of the Agreement, the Protocol and the Annex and Appendices thereto in accordance with the procedures in force in Solomon Islands and the European Community and necessary for their entry into force.

In order to avoid interrupting fishing activities by Community vessels in Solomon Islands' waters, and referring to the Agreement and the Protocol initialled on 26 September 2009 and setting out the fishing opportunities and financial contribution from 9 October 2009 to 8 October 2012, I have the honour to inform you that the Government of Solomon Islands is willing to apply this Agreement and this Protocol provisionally from 9 October 2009 pending their entry into force in accordance with Article 18 of the Agreement, provided that the European Community is prepared to do likewise.

This is on the understanding that the first instalment of the financial contribution, laid down by Article 2 of the Protocol, must be paid before 1<sup>st</sup> December 2010.

I should be grateful if you would confirm the agreement of the European Community to such a provisional application.

Please accept, Sir, the assurance of my highest consideration.

### *Article 4*

#### *Review of fishing opportunities by mutual agreement*

1. The fishing opportunities referred to in Article 1 may be increased by mutual agreement provided that the conclusions of the annual meeting of the “Palau Arrangement” members and the annual review of the status of stocks made by the Secretariat of the Pacific Community confirm that such an increase will not endanger the sustainable management of Solomon Islands’ resources. In this case the financial contribution referred to in Article 2(1) shall be increased proportionately and pro rata temporis.

2. Conversely, if the Parties agree to adopt a reduction in the fishing opportunities provided for in Article 1, the financial contribution shall be reduced proportionately and *pro rata temporis*.

2. The Parties may carry out joint exploratory fishing surveys in Solomon Islands fishing zone, subject to an opinion by a scientific meeting to be set up by the Parties. To this end, they shall hold consultations whenever one of the Parties so requests and determine, on a case-by-case basis, relevant new resources, conditions and other parameters.
3. The two Parties shall carry out exploratory fishing activities in accordance with scientific and administrative parameters adopted by mutual agreement. The authorisations for exploratory fishing shall be granted for test purposes, for a duration and a starting date to be decided by mutual agreement between the two Parties.
4. Where the Parties conclude that the exploratory surveys have produced positive results, while preserving ecosystems and conserving living marine resources, new fishing opportunities may be awarded to Community vessels following the consultation procedure provided for in Article 4 of this Protocol and until the expiry of the Protocol and in accordance with the allowable effort. The financial contribution shall be increased accordingly and calculated using agreed formula.

#### *Article 6* *Suspension and review of the payment of the financial contribution* *in the event of unusual circumstances*

1. Where unusual circumstances, other than natural phenomena, prevent fishing activities in Solomon Islands exclusive economic zone (EEZ), the European Community may suspend payment of the financial contribution provided for in Article 2(1) of this Protocol.
2. The suspension decision in the cases provided for in paragraph 1 above shall be taken following consultations between the two Parties within a period of two months following the request of one of the Parties, and provided that the Community has paid in full any amounts due at the time of suspension.
3. Payment of the financial contribution shall resume as soon as the Parties find, by mutual agreement following consultations, that the circumstances preventing fishing activities are no longer present and/or that the situation allows a resumption of fishing activities.

4. Where the validity of the fishing authorisations granted to Community vessels is suspended along with the payment of the financial contribution, it shall be extended by a period equal to the period during which fishing activities were suspended.

#### *Article 7*

#### *Promotion of responsible fishing in Solomon Islands waters*

1. 50% of the financial contribution of this Protocol shall be allocated each year to the support and implementation of objectives identified in the context of the sectoral fisheries policy drawn up by the Solomon Islands authorities and approved by the two Parties as detailed below.

Solomon Islands shall manage the corresponding amount following the identification by mutual agreement between the two Parties, in accordance with the current priorities of Solomon Islands fisheries policy for ensuring sustainable and responsible management of the sector, of the objectives to be attained and the annual and multiannual programming required to attain them, pursuant to paragraph 2 below.

2. On a proposal from Solomon Islands and for the purposes of implementing the preceding paragraph, as soon as this Protocol enters into force and no later than three months after that date, the Community and Solomon Islands shall agree, within the Joint Committee provided for in Article 9 of the Agreement, on a multiannual sectoral programme and detailed implementing rules covering, in particular:
  - (a) annual and multiannual guidelines for using the percentage of the financial contribution referred to in paragraph 1 above for the initiatives to be carried out each year;
  - (b) objectives, both annual and multiannual, to be achieved with a view to promoting over the long term responsible fishing and sustainable fisheries, taking account of the priorities expressed by Solomon Islands in its national fisheries policy and other policies relating to or having an impact on the promotion of responsible fishing and sustainable fisheries;
  - (c) criteria and procedures for evaluating the results obtained each year.
3. The two Parties agree, however, to place particular emphasis on all the support measures for implementing the Oceanic Tuna Fisheries Strategy.
4. Any proposed amendments to the multiannual sectoral programme must be approved by both Parties within the Joint Committee.

For the first year of application of the Protocol, that allocation shall be notified to the Community as soon as possible and in any event before the multiannual sectoral programme is approved within the Joint Committee. For each year thereafter, Solomon Islands shall notify the Community of the allocation no later than 45 days before the anniversary date of this Protocol.

3. Suspension of application of the Protocol shall require the interested Party to notify its intention in writing at least three months before the date on which suspension is due to take effect.
4. In the event of suspension, the Parties shall continue to consult with a view to finding an amicable settlement to their dispute. As soon as an amicable settlement is reached, application of the Protocol shall resume and the amount of the financial contribution shall be reduced proportionately and *pro rata temporis* according to the period during which application of the Protocol was suspended.

## ANNEX

### CONDITIONS GOVERNING FISHING ACTIVITIES BY COMMUNITY VESSELS IN SOLOMON ISLANDS FISHING ZONE

#### Chapter I Application and formalities for issuance of fishing authorisations

##### *Section 1 Issue of fishing authorisations*

1. Only eligible vessels may obtain an authorisation to fish in the Solomon Islands fishing zone.
2. For a vessel to be eligible, the shipowner, the fishing master/skipper and the vessel itself must not be prohibited from fishing in Solomon Islands. They must be in order vis-à-vis the Solomon Islands authorities insofar as they must have fulfilled all prior obligations arising from their fishing activities in Solomon Islands under fisheries agreements concluded with the Community.
3. All Community vessels applying for a fishing authorisation must be represented by an agent resident in Solomon Islands. The name and address of that agent shall be stated in the fishing authorisation application.
4. The relevant Community authorities shall submit electronically to the Permanent Secretary of the Ministry of Fisheries and Marine Resources of Solomon Islands (hereinafter “the Permanent Secretary”), with copy to the Delegation of the European Commission in Solomon Islands (hereinafter “the Delegation of the Commission”), an application for each vessel wishing to fish under the Agreement at least 20 working days before the date of commencement of the period of validity requested.
5. Applications shall be submitted to the Permanent Secretary in a prescribed form in accordance with the specimen in Appendix I.
6. The Solomon Islands authorities shall take all the necessary steps to ensure that the data received as part of the fishing authorisation application are treated as confidential. Those data shall be used exclusively in the context of the implementation of the Fisheries Agreement.
7. All fishing authorisation applications shall be accompanied by the following documents:
  - name and address of the agent shall be stated in the fishing authorisation application;
  - proof of payment of the flat-rate advance for the period of validity of the fishing authorisation;

- any other documents or certificates required under the specific rules applicable to the type of vessel concerned pursuant to this Protocol.
8. The fee shall be paid into the account specified by the Permanent Secretary (Government Revenue Account No. 0260-002 with the Central Bank of Solomon Islands, Honiara).
  9. The fees shall include all national and local charges except for port taxes and service charges.
  10. Fishing authorisations for all vessels shall be issued to shipowners or their agents via the Delegation of the European Commission within 20 working days of receipt of all the documents referred to in point 6 by the Permanent Secretary .
  11. If a fishing authorisation is signed at a time when the Delegation of the European Commission offices are closed, it shall be sent direct to the vessel's agent and a copy shall be sent to the Delegation of the Commission.
  12. Fishing authorisations shall be issued for a specific vessel and shall not be transferable.
  - 13.1 At the request of the European Community, in the event where *force majeure* is proven, a vessel's fishing authorisation shall be cancelled and a new fishing authorisation shall be issued to, upon application by a vessel of the same category, as referred to Article 1 of the Protocol.
  - 13.2 An application under paragraph 13.1 of this Section is subject to Section 1 (2) and shall be with no further fee due.
  - 13.3 Upon submission of the application for a new fishing authorisation, the owner of the fishing vessel whose fishing authorisation has been cancelled or his agent shall return the cancelled fishing authorisation to the Solomon Islands authorities, via the Delegation of the Commission.
  - 13.4 In this case, the calculation of the catch levels to determine whether an additional payment should be made shall take account of the sum of the total catches of the two vessels.
  14. The new fishing authorisation shall take effect upon the notification of the Solomon Islands authorities to the vessel operator/agent on the day that the shipowner returns the cancelled fishing authorisation to the Permanent Secretary. The Delegation of the Commission shall be informed of the issuance of the new fishing authorisation.
  15. The fishing authorisation must be kept on board at all times.
  16. The two Parties shall seek agreement for the purposes of promoting the introduction of a fishing authorisation system based exclusively on the electronic exchange of all the information and documents described above. The two Parties shall seek agreement for the purposes of promoting the rapid replacement of the paper fishing authorisation by an electronic equivalent such as the list of vessels authorised to fish in Solomon Islands fishing zone, as specified in point 1 of this section.

*Section 2*  
*Fishing authorisation conditions – fees and advance payments*

1. Fishing authorisations shall be valid for a period of one year. They shall be renewable.
2. The fee shall be EUR 35 per tonne caught within the Solomon Islands fishing zone.
3. Fishing authorisations shall be issued once the following standard amounts have been paid to the Government Revenue Account No. 0260-002 with the Central Bank of Solomon Islands, Honiara:
  - EUR 13 000 per tuna seiner, equivalent to the fees due for 371 tonnes of tuna and tuna-like species caught per year;
4. Member States shall inform the European Commission not later than 15 June each year of the tonnages caught during the past year, as confirmed by the scientific institutes referred to in point 5 below.
5. The final statement of the fees due for year n shall be drawn up by the European Commission by 31 July of year n+1 at the latest on the basis of the catch declarations made by each shipowner and confirmed by the scientific institutes responsible for verifying catch data in the Member States, such as the *Institut de Recherche pour le Développement* (IRD), the *Instituto Español de Oceanografía* (IEO), the *Instituto Português de Investigação Marítima* (IPIMAR). It shall be sent via the Delegation of the European Commission.
6. This statement shall be sent simultaneously to the Permanent Secretary and to the shipowners.
7. Any additional payments shall be made by the shipowners to the Solomon Islands authorities by 31 August of year n+1, into the account referred to in point 7 of Section 1 of this Chapter, on the basis of EUR 35 per tonne.
8. However, if the amount of the final statement is lower than the advance referred to in point 3 of this Section, the resulting balance shall not be reimbursable to the shipowner.

**Chapter II**  
**Fishing zones**

1. The vessels referred to in Article 1 of the Protocol shall be authorized to engage in fishing activities within Solomon Islands fishing zone except for thirty (30) nautical miles around the Main Group Archipelago (MGA) and the archipelagic and territorial waters of the other archipelagos. 2. All vessels authorised to fish in Solomon Islands' waters under the Agreement shall notify their catches to the Solomon Islands authorities for verification purposes. Catches shall be notified as follows:
  - 2.1 During an annual period of validity of the fishing authorisation within the meaning of Point 1, Section 2 of Chapter I of this Annex, declarations shall include the catches made by the vessel in Solomon Islands waters during each trip. The original of the declarations shall be transmitted on a physical medium to the Solomon Islands authorities within 45 days following the end of the last trip made during the period.
  - 2.2 As a preliminary report, declarations shall be transmitted within 15 days after the completion of a trip. These notifications shall be made by fax (+677.387.30 or +677.381.06) or e-mail ([logsheets@fisheries.gov.sb](mailto:logsheets@fisheries.gov.sb)).
  - 2.3 Vessels shall declare their catches on the corresponding form in the logbook, in accordance with the specimen in Appendix II. The words "Outside Solomon Islands fishing zone" shall be entered in the logbook in respect of periods during which the vessel is not in Solomon Islands fishing zone.
  - 2.4 The forms shall be filled in legibly and signed by the fishing master/skipper of the vessel.
  - 2.5 Catch declarations shall be reliable in order to contribute to the monitoring of the state of the stocks.
3. Where the provisions set out in this Chapter are not complied with, Solomon Islands authorities reserves the right to suspend the fishing authorisation of the offending vessel until formalities have been completed and to apply the penalty laid down in current Solomon Islands legislation to the shipowner. The European Commission and the flag State shall be informed thereof.
4. The two Parties shall seek agreement for the purposes of promoting a catch reporting system based exclusively on the electronic exchange of all the information and documents described above. The two Parties shall seek agreement for the purposes of promoting the rapid replacement of the written declaration (logbook) by an equivalent in the form of an electronic file.

## **Chapter IV**

1. Shipowners who have been issued fishing authorisation under the Agreement shall contribute to the practical vocational training of Solomon Islands nationals and to an improvement of the labour market subject to the conditions and limits set out below.
2. Shipowners shall undertake to employ, for the tuna-fishing season in Solomon Islands fishing zone, at least 25 % seamen of ACP origin, giving priority to Solomon Islands seamen. Where those provisions are not complied with, the shipowners concerned may be considered by Solomon Islands not to be eligible for a fishing authorisation under Section 1 of the Chapter 1 of this Annex.
3. Shipowners shall endeavour to take on board additional Solomon Islands seaman.
4. Shipowners shall be free to select the seamen they take on board their vessels from the names on a list submitted by the Permanent Secretary.

6. The International Labour Organisation (ILO) Declaration on Fundamental Principles and Rights at Work shall apply as of right to seamen signed on by Community vessels. This concerns in particular the freedom of association and the effective recognition of the right to collective bargaining, and the elimination of discrimination in respect of employment and occupation.
7. The employment contracts of ACP seamen shall be drawn up between the shipowners' agent(s) and the seamen and/or their trade unions or representatives in consultation with the Permanent Secretary. A copy of these contracts shall be given to the signatories. These contracts shall guarantee the seamen the social security cover applicable to them, including life assurance and sickness and accident insurance.
8. The wages of the ACP seamen shall be paid by the shipowners. 1. At the time of lodging a fishing authorisation application, each Community vessel concerned shall contribute EUR 1 500 into Government Revenue Account No. 0260-002 with the Central Bank of Solomon Islands, Honiara, specifically for the national observer's programme.
2. Vessels authorised to fish in Solomon Islands waters under the Agreement shall take on board observers appointed by the Solomon Islands authorities on the terms set out below:
  - 2.1 at the request of Solomon Islands authorities, Community vessels shall take on board an observer designated by the organisation in order to check catches made in Solomon waters,
  - 2.2 Solomon Islands authorities shall draw up a list of vessels designated to take an observer on board and a list of the appointed observers. These lists shall be kept up to date. They shall be forwarded to the European Commission as soon as they have been drawn up and every three months thereafter where they have been updated,
  - 2.3 Solomon Islands authorities shall inform the shipowners concerned, or their agents, of the name of the observer appointed to be taken on board their vessel at the time the fishing authorisation is issued, or no later than 15 days before the observer's planned embarkation date.
3. The time spent on board by observers shall be fixed by the Solomon Islands authorities, but as a general rule it should not exceed the time required to carry out their duties. The Solomon Islands authorities shall inform the shipowners and their agents when notifying them of the observers appointed. However, at the express request of the Solomon Islands authorities, this embarkation may be spread over several trips according to the average duration of trip for a particular vessel. This request shall be made by the Solomon Islands authorities when the name of the observer appointed to board the vessel in question is notified.
4. The conditions under which observers are taken on board shall be agreed between shipowners or their agents and the Solomon Islands authorities.
5. Observers shall be taken on board in a manner chosen by the shipowners after notification of the list of designated vessels.

7. Where observers are taken on board in a foreign port, their travel costs shall be borne by the shipowner. Should a vessel with Solomon Islands observer on board leave the Solomon Islands fishing zone, all measures shall be taken to ensure the observer's return as soon as possible at the expense of the shipowner.

8. If the observer is not present at the time and place agreed or within the twelve hours following the time agreed, shipowners shall be automatically absolved of their obligation to take the observer on board.

10. Fishing masters/skippers shall do everything in their power to ensure the physical safety and welfare of observers during performance of their duties.
11. Observers shall be offered every facility needed to carry out their duties. The fishing master/skipper shall give them access to the means of communication needed for the discharge of their duties, to documents directly concerned with the vessel's fishing activities, including in particular the logbook and the navigation log, and to those parts of the vessel necessary to facilitate the exercise of their tasks.
12. While on board, observers shall:
  - 12.1 take all appropriate steps to ensure that the conditions of their boarding and presence on the vessel neither interrupt nor hamper fishing operations;
  - 12.2 respect the material and equipment on board and the confidentiality of all documents belonging to the vessel.
13. At the end of the observation period and before leaving the vessel, observers shall draw up an activity report to be transmitted to the competent authorities, with a copy to the European Commission. They shall sign it in the presence of the fishing master/skipper, who may add or cause to be added to it any observations considered relevant, followed by the master's/skipper's signature. A copy of the report shall be handed to the master/skipper when the observer is put ashore.
14. Shipowners shall bear the cost of accommodating observers in the same conditions as the officers, within the confines of the practical possibilities offered by the vessel.
15. The salary and social contributions of observers shall be paid by the Solomon Islands authorities.

16. The two Parties shall endeavour to consult each other as regards the development of the regional or sub-regional observer programme, in consultations with Forum Fisheries Agency (FFA) and other competent regional fisheries organisations.

## **Chapter VII**

3. Any vessel not displaying its name and radio call sign or signal letters in the prescribed manner may be escorted to a Solomon Islands port for further investigation.
4. A fishing master/skipper shall ensure the continuous monitoring of the international distress and calling frequency 2182 kHz (HF), and/or the international safety and calling frequency 156.8 MHz (Channel 16, VHF-FM) to facilitate communication with the fisheries management, surveillance and enforcement authorities of the Government.
5. A fishing master/skipper shall ensure that a recent and up to date copy of the International code of Signals (INTERCO) is on board and accessible at all times.

## **Chapter VIII**

## **Chapter IX**

### **Control**

#### **1. Entering and leaving the zone:**

- 1.1 At least 24 hours in advance Community vessels shall notify the Solomon Islands authorities of their intention to enter or leave the Solomon Islands fishing zone. They shall also declare the overall quantities and the species on board.
- 1.2 When notifying their intention to leave, vessels shall also communicate their position and the volume and species in catches kept on board. These communications shall be made preferably by fax (+677.387.30 or +677.381.06) but failing this, in the case of vessels without a fax, by e-mail ([logsheets@fisheries.gov.sb](mailto:logsheets@fisheries.gov.sb)).
- 1.3 Vessels not complying with these reporting requirements shall be regarded as vessels in breach of the terms and conditions of the fishing authorisation.
- 1.4 Vessels shall also be informed of the fax and telephone numbers and e-mail address when the fishing authorisation is issued.

#### **2. Control procedures**

- 2.1 Masters/skippers of Community fishing vessels engaged in fishing activities in Solomon Islands fishing zone shall allow and facilitate boarding and the discharge of their duties by any Solomon Islands official responsible for the inspection and control of fishing activities.
- 2.2 These officials shall not remain on board for longer than is necessary for the discharge of their duties.
- 2.3 Once the inspection and control has been completed, a certificate shall be issued to the master/skipper of the vessel.

#### **3. Boarding**

- 3.2 The flag State and the European Commission shall at the same time receive a brief report of the circumstances and reasons leading to the boarding.

#### **4. Statement of boarding**

- 4.1 After the Solomon Islands authority has drawn up a statement, the master/skipper of the vessel shall sign it.
  - 4.2 This signature shall not prejudice the rights of the master/skipper or any defence which he may make to the alleged infringement. If the master/skipper refuses to sign this document, he shall specify the reasons for doing so in writing and the inspector shall write "refusal to sign" on it.
  - 4.3 The master/skipper shall take the vessel to the port indicated by the Solomon Islands authorities. In the case of minor infringements, the Solomon Islands authorities may authorise the boarded vessel to continue fishing.
5. Consultation meeting in the event of boarding

  - 5.2 At the meeting, the Parties shall exchange any relevant documentation or information helping to clarify the circumstances of the findings. The shipowner or his agent shall be informed of the outcome of the meeting and of any measures resulting from the boarding.
6. Settlement of boarding
  - 6.1 Before any judicial procedure, an attempt shall be made to resolve the presumed infringement by means of an amicable settlement. This procedure shall end no later than 15 working days after the boarding.
  - 6.2 In the event of an amicable settlement, the amount of the fine shall be determined in accordance with Solomon Islands legislation.
  - 6.3 If the case cannot be resolved by means of an amicable settlement and has to be brought before a competent judicial body, a bank security set to take account of the boarding costs and the fines and compensation payable by the parties responsible for the infringement shall be paid by the shipowner into Government Revenue Account No. 0260-002 with the Central Bank of Solomon Islands, Honiara.
  - 6.4 The bank security shall be irrevocable until the legal proceedings have been concluded. It shall be released once legal proceedings end without a conviction. Similarly, in the event of a conviction leading to a fine of less than the security lodged, the balance shall be released by the Solomon Islands authorities.
  - 6.5 The vessel shall be released and its crew authorised to leave the port:

- once the obligations arising under the amicable settlement have been fulfilled, or
- when the bank security referred to in point 6.3 above has been lodged and accepted by the Solomon Islands authorities, pending completion of the legal proceedings.

## 7. Vessel Monitoring System (VMS)

Each Community vessel shall be required to comply with the regional VMS currently applicable in the Solomon Islands EEZ. Each Community vessel shall have installed, maintained, and fully operational at all times on board, a mobile transmission unit (MTU) approved by FFA.

9. Masters/skippers of Community fishing vessels engaged in landing or transshipment operations in a Solomon Islands prescribed port shall allow and facilitate the control of such operations by Solomon Islands inspectors.
