Subject:	Proposal for a Council Recommendation on learning for environmental sustainability - <i>Statement by the Hungarian delegation</i>

Delegations will find in the Annex a statement by the Hungarian delegation in relation to the abovementioned proposal for a Council Recommendation.

**STATEMENT BY HUNGARY ON THE COUNCIL RECOMMENDATION ON
LEARNING FOR THE GREEN TRANSITION AND SUSTAINABLE DEVELOPMENT**

Hungary recognises and promotes equality between men and women in accordance with the Fundamental Law of Hungary and the primary law, principles and values of the European Union, as well as commitments and principles stemming from international law. Equality between women and men is enshrined in the Treaties of the European Union as a fundamental value.

Furthermore, the text of the Council Recommendation on learning for the green transition and sustainable development refers to several documents, to which previously Hungary submitted a national statement. Hungary maintains all its national statements made earlier.
