### Legend

General implementing provisions (GIP)

Rule adopted by agreement between the institutions

Other implementing rule (IR)

*In the “Article” column, the same colour coding is used to indicate when the Staff Regulations or the Conditions of Employment of Other Servants prescribe a specific form to the implementing rule, i.e. respectively, general implementing provisions, other implementing rules, or rules adopted by agreement between the institutions. The full list of rules adopted by agreement between the institutions is provided for in Annex I.*

*When the respective field is white, the adoption of an implementing rule has either not been explicitly foreseen by these acts or these acts do not prescribe any specific form to such an implementing rule.*

*In the tables, the following method of counting was applied:*

- *An implementing rule was counted once, even if it covered more than one subject matter;<sup>1</sup>*
- *A rule amending an already existing rule was not counted separately;*
- *If an implementing rule was replaced during the period covered by the report, only one implementing rule was counted.<sup>2</sup>*

<sup>1</sup> An exception was made in the case of "omnibus decisions" adopted by the EEAS, i.e. general decisions that adopt, *en bloc* and by way of analogy, several special decisions of other institutions. In such a case, the respective number of special decisions was counted.

<sup>2</sup> However, when a general implementing rule was replaced by a different type of implementing rule (or vice versa), two implementing rules were counted (one for each category of rules).
