Acting in accordance with the ordinary legislative procedure, Whereas:

- (1) Directive (EU) 2015/2302 of the European Parliament and of the Council³ modernised the legal framework for package travel in light of developments in the market and technology. That Directive aimed to cover new ways of booking travel services that had emerged, including customised combinations of travel services, which were not covered by Council Directive 90/314/EEC⁴ or which were in a legal grey area, and strengthened the rights of travellers in different respects. At the same time, it aimed to ensure fairer competition between the different types of travel businesses active in the package travel market.
- (2) In order to pursue those objectives, Directive (EU) 2015/2302 broadened the definition of the term ‘package’ compared to Directive 90/314/EEC. Directive (EU) 2015/2302 further specified existing rights of travellers and introduced new ones, such as the right for travellers to terminate a package travel contract without termination fees, under certain conditions, in the event of unavoidable and extraordinary circumstances. In addition, Directive (EU) 2015/2302 created the new concept of ‘linked travel arrangement’, which encompassed bookings carried out at one point of sale and bookings at different points of sale which a trader ‘facilitates in a targeted manner’. ~~Linked travel arrangements are largely treated like stand-alone services, but payments received by a trader facilitating a linked travel arrangement are to be protected against such trader’s insolvency. Directive (EU) 2015/2302 aimed to ensure transparency by obliging traders to inform travellers on the nature of travel product offered to them and on the associated rights through standard information forms contained in Annexes I and II to that Directive.~~

³ Directive (EU) 2015/2302 of the European Parliament and of the Council of 25 November 2015 on package travel and linked travel arrangements, amending Regulation (EC) No 2006/2004 and Directive 2011/83/EU of the European Parliament and of the Council and repealing Council Directive 90/314/EEC (OJ L 326, 11.12.2015, p. 1).

⁴ Council Directive 90/314/EEC of 13 June 1990 on package travel, package holidays and package tours (OJ L 158, 23.6.1990, p. 59).

- (3) While, overall, Directive (EU) 2015/2302 has worked well, several challenges have emerged since the start of its application on 1 July 2018. The COVID-19 pandemic and related government measures had a significant impact on both the travel industry and travellers and exposed certain weaknesses in prevailing business models and showed that specific provisions of the Directive could be clarified.
- (4) Therefore, it is necessary to close the gaps identified in the current rules, as well as to clarify and simplify certain concepts and provisions, thus enhancing the effectiveness of Directive (EU) 2015/2302 for the benefit of travellers and travel businesses, amongst which there is a large number of micro, small and medium-sized enterprises.
- (5) ~~While, overall, the definition of ‘package’ is considered to have been effective. By contrast, the rules on linked travel arrangements introduced in 2015 have led to considerable complexity in the legislative framework, including in the information to be provided to travellers. This created scope for legal uncertainty in the delimitation between packages and linked travel arrangements as well as between linked travel arrangements and stand-alone travel services, while there is no evidence that linked travel arrangements provided tangible benefits for travellers. Therefore, it is appropriate to simplify the provisions through a few adjustments in the definition of ‘package’, while removing the provisions on linked travel arrangements from Directive (EU) 2015/2302. At the same time, in certain booking situations not leading to the creation of a package, travellers should be warned that they will not enjoy the protection associated with packages.~~ the definition of and the rules on linked travel arrangements, as well as their delimitation from packages, should be clarified and simplified. Such clarification and simplification of the definitions and concepts ‘package’ and ‘linked travel arrangement’ should increase legal certainty for all parties, while making the protection of travellers more effective, and ensuring a level playing field for traders. At the same time, the number of information forms to be used by traders when informing travellers on their rights should be reduced.

(5a) In the context of online bookings, the term ‘invites’ should be understood as any action by the trader that actively encourages or prompts the traveller to enter into an additional contract for a different type of travel service. Such actions may include, but are not limited to, presenting the traveller with targeted offers during the booking process, or providing hyperlinks or prompts to book further services.

- (6) The principle underlying the definition of ‘package’ should remain that there is a close link between different travel services booked for the purpose of the same trip or holiday. In order to ensure that there is no overlap between the definition of ‘package’ and ‘linked travel arrangement’ and to eliminate the difficulties in distinguishing between packages and linked travel arrangements, bookings of different types of travel services for the same trip or holiday at one point of sale where the travel services have been selected before the traveller concludes a first contract should be considered as packages in the same way as travel services booked at one point of sale within a short period of time. In both cases, there is a close link between the bookings of travel services. Therefore, the definition of ‘package’, should cover both situations, while bookings made on the occasion of a single visit of or contact with one point of sale should be removed from the definition of linked travel arrangement.
- (7) In the context of bookings made within a short period of time at one point of sale, it is appropriate to replace the rather vague criterion of ‘a single visit or contact’. Therefore, bookings of different types of travel services for the same trip or holiday made within three hours should always be considered as packages. The same should apply where, before the completion of a first booking, a trader invites a traveller to book additional services for the same trip or holiday after completing the first booking, and where subsequent bookings take place within 24 hours after the conclusion of the first contract.

- (8) The definition of package formed through linked online booking processes in Article 3(2)(b)(v) of Directive (EU) 2015/2302, which ~~required~~ **requires** that the **transmission of the** traveller's name, payment details and email address ~~are all transmitted~~ from one trader to another ~~trader~~, has proved to be too narrow. Therefore, it is appropriate to consider as ~~'package'~~ bookings of different types of travel services for the same trip or holiday **as a 'package'** where the trader that is party to a first contract transfers **the traveller's personal data** to a trader that is party to a second or further contract ~~alternatively the traveller's name, payment details, email address or any other of the traveller's personal data.~~ **Such data must enable the involved traders to establish that the same traveller is party to the relevant contracts and** ~~This may include, for example, the traveller's name, payment details, and email address, telephone number, or social media account or any other information through which the traveller can be identified [as a contracting party].~~ **Data that does not enable the involved traders to establish that the same traveller is party to the relevant contracts, such as, for example, an IP address identifying a device, is not sufficient.** ~~Such transfer of~~ **The reference to the transfer of** personal data **is intended to make the definition more future-proof. Such transfer** indicates a close link between the **relevant** ~~bookings/ or~~ contracts **and thus the creation of a package** ~~so that the criterion of 24 hours for the second booking is not indispensable and should be removed.~~

- (9) ~~The definition of ‘a linked travel arrangement’ should cover situations where a trader that is party to a first contract and receives payments from or on behalf of the traveller invites a traveller to book additional types of travel services for the same trip or holiday. In this context, the trader that is party to a first contract should obtain insolvency protection. Furthermore, in order to make sure that travellers fully benefit from the rules on insolvency protection and for traders to know that they are subject to this obligation, it is appropriate that the information forms on linked travel arrangements recommend to travellers to record the invitation and the additional booking, for instance through screenshots, and to inform the trader with whom a first contract was concluded that a contract on an additional type of travel service has been concluded for the same trip or holiday within 24 hours following the invitation from the trader. The trader should be obliged to make available to travellers a facility, such as an email address or a website, where travellers can register such information and shall acknowledge receipt of such information.~~
- (10) Regarding packages where, for example, accommodation is combined with other tourist services, but which do not contain any carriage of passengers, the general criterion of ‘a significant proportion’ of the value of the combination, applying to tourist services as referred to in Article 3(1)(d), should be replaced with the more specific criterion of ‘at least 25%’ in order to increase legal certainty. **It also should be noted that different on-site activities provided as a part of accommodation, regardless of their value, do not lead to the creation of the package if these services are combined only with accommodation.**

- (11) As demonstrated, in particular, during the COVID-19 pandemic, ~~the prevailing business practice of advance payments~~, the absence of business-to-business rules on refunds to organiser of packages for services cancelled or not performed by the service providers, the absence of rules on vouchers, as well as uncertainty on whether refund claims and vouchers for cancelled packages are covered by insolvency protection, can cause difficulties in relation to refunds to travellers, in particular, where unavoidable and extraordinary circumstances lead to numerous cancellations and affect many travel destinations. Therefore, it should be provided that travellers' payments are effectively protected at all times, including in a crisis. Furthermore, it should be ensured that the national insolvency protection systems are resilient and provide more uniform protection.
- ~~(12) There are certain risks which are inherent in the business practice of requiring advance payments, in particular, in situations where organisers are obliged to refund significant amounts to travellers for cancelled trips within a short period of time. Therefore, it should be provided that downpayments, that is to say payments asked of travellers at the time of booking or shortly afterwards, should not be higher than 25% of the total price of the package, and that organisers or, where applicable, retailers should be prevented from requesting the payment of the remaining amount earlier than 28 days before the start of the package. At the same time, organisers and, where applicable, retailers should be able to request higher downpayments where this is necessary to ensure the organisation and proper performance of the package. The level of downpayments requested by organisers may be justified by advance payments to service providers, including where they belong to the same group of companies as the organiser, or the need to cover the organiser's costs directly related to the organisation and performance of the package at the time of booking or shortly afterwards. This may, where applicable, include commissions requested by retailers.~~

- ~~(13) The level of downpayments should not require different calculations for each package but can be established for groups of packages that have similar characteristics regarding the necessity of downpayment. Organisers and, where relevant, retailers should continue to be obliged to inform travellers, before the conclusion of the contract, about the downpayments they request.~~
- ~~(14) Since the limitation of advance payments is not compatible with the concept of package travel gift boxes as referred to in Article 3(5)(b)(iv) of Directive (EU) 2015/2302 and packages booked less than 28 days before the start of the package, these two types of packages should be exempted from the limitation of advance payments introduced by this Directive.~~
- (15) Where a travel service contained in a package is cancelled or not performed and where advance payments have been made to the respective service provider, organisers should be entitled to a refund of the payments made from service providers within 7 days. This right to refund should enable organisers to comply with their obligation to refund travellers within 14 days in cases where also the package travel contract as a whole is terminated. Where a travel service provider cancels or does not provide a service contained in a package but where the package travel contract continues to exist, the right to a refund within 7 days should enable organisers to make alternative arrangements.

- (16) In certain situations, ~~voluntary vouchers to travellers~~ can be a useful alternative to refunds. Vouchers can give more flexibility to organisers in particular if they are confronted with the obligation to make many refunds within a short period of time. At the same time, vouchers can be acceptable for travellers who do not need an instant refund, as long as there are specific legal guarantees. Therefore, clear rules on vouchers **providing such guarantees** should be ~~laid down~~**established** which provide such guarantees. Those guarantees should include ~~transparency~~ **compulsory information** on the voluntary nature and on the key characteristics of **the vouchers before travellers accept the voucher explicitly. It is also appropriate to specify the necessary information to be mentioned on the voucher itself,** ~~as well as on travellers' rights in relation to vouchers, for example, the fact that they are protected against the organiser's insolvency and that travellers are entitled to an automatic refund where a voucher is not redeemed during its period of validity.~~

- (16a) On grounds of legal certainty there should be rules on the validity period of vouchers and its possible extension. It is also appropriate to lay down that, during the validity period of the voucher, the traveller's right to a refund is suspended and to specify the instances where such suspension ends and the traveller regains their refund right.**
- Organisers may make vouchers more attractive, for example, by increasing the **value** ~~amount~~ of the voucher compared to the traveller's refund right. In such cases, insolvency protection should be limited to the amount of ~~payments received from~~ the traveller's **refund right**. **Since vouchers have a specific monetary value, it is appropriate to lay down that they may be used for any service offered by the organiser, may be redeemed in parts and, may be tranferred once, without organisers' being able to charge a fee for the transfer. For a valid transfer the transferor should inform the organiser on the identity of the transferee, so that they can redeem the voucher or receive a refund.**

- (17) It is conceivable for Member States to provide for mechanisms ensuring refunds to travellers in accordance with the legal requirements, for cases where packages are cancelled due to unavoidable and extraordinary circumstances and where organisers are unable comply with their refund obligations. In order to increase transparency, Member States introducing or maintaining such mechanisms should be obliged to inform the Commission and the central contact points of the other Member States about such mechanisms. Such mechanisms are normally funded exclusively through contributions from organisers. Only in exceptional **and duly justified** circumstances can such mechanisms be co-financed by Member States, and their introduction is without prejudice to the Union provisions on State aid.
- (18) The multitude of conceivable situations that may give rise to the termination of a package travel contract due to unavoidable and extraordinary circumstances which significantly affect the performance of a package requires a case-by-case assessment, for instance, in light of the nature and the extent of such circumstances. It should be clarified that the termination of a contract is possible if it can be reasonably expected that its performance will be significantly affected by unavoidable and extraordinary circumstances. **The assessment as to whether unavoidable and extraordinary circumstances will have significant effects on the performance of the package must be based on a prediction, at the moment of the termination of the contract, of the likelihood that the unavoidable and extraordinary circumstances will have significant effects on the performance of the package. Where a traveller terminates the contract, such assessment must be made from the perspective of an average traveller who is reasonably well-informed and reasonably observant and circumspect, based on information available at the date of termination of the package travel contract in question. The effects of unavoidable and extraordinary circumstances occurring at the place of departure, destination, including its immediate vicinity, and at the various places connected with the start and return of the trip in question, or affecting the journey to or from the destination, should be taken into account where they affect the performance of travel services included in the package travel contract. Circumstances affecting the journey to and from the destination or the return journey should not may be taken into account only where it if that journey is not part of the package travel contract, including the transport of the passenger to the agreed place of departure.**

- (18a) Unavoidable and extraordinary circumstances may cover not only circumstances which make it impossible to perform a package but also circumstances which, without preventing such performance, mean that the package cannot be performed without exposing the travellers concerned to risks to their health and safety. The relevance of such circumstances and their effects should be assessed objectively.**
- (19) Official warnings against travel to a particular destination issued by the authorities of the a Member State of departure or traveller's residence or the country of destination, or the fact that travellers will be subject to serious restrictions at the travel destination or in the Member State of residence or departure after returning from the trip or holiday, such as quarantine requirements for a significant period, can be elements to be taken into account in the assessment of whether a termination of the contract is justified. The relevance of specific travel warnings to the contract at issue will have to be considered on a case-by-case basis. Furthermore, the absence of official travel warnings does not prevent establishing the existence of those circumstances and their effects on the performance of the package.** During the Covid-19 pandemic, different interpretations emerged regarding cancellation rights due to 'unavoidable and extraordinary circumstances' including in relation to the relevance of travel warnings. It is, therefore, appropriate to specify that official travel warnings for the travel destination issued by the authorities of the Member State of the traveller's residence or departure or the country of destination, are important elements when assessing the justification of the termination of a contract. It should also be clarified that serious restrictions at the travel destination or applying after returning from the trip or holiday, such as quarantine requirements for a significant period, are also relevant when assessing the justification of the termination of a package travel contract.
- (20)** It should also be clarified that the 14-day refund period, which is triggered by the **any** termination of the contract, applies regardless of whether the traveller specifically asks for a refund.

(21) In order to ensure effective and uniform protection of travellers and a level playing field for organisers it should be provided that the insolvency protection of organisers covers all payments made by or on behalf of travellers in the event of the organiser's insolvency, including cases where a package is not performed in full or in part as a consequence of the ~~organiser's insolvency~~ and cases where a traveller was entitled to a refund or had received a voucher from the organiser before its insolvency.

(21a) Within the parameters laid down in this ~~directive~~ Directive, Member States should define their insolvency protection systems applicable within their territories, including the associated procedures and the methods for providing information on insolvency protection through the most effective communication channels available. It is important to lay down that, as soon as an insolvency occurs, travellers must be provided with all necessary information to benefit from insolvency protection rights. Accordingly, the Member States should designate the relevant entity or entities, which will be responsible for providing such necessary information.

- (22) In order to ensure **the** effectiveness of insolvency protection for travellers at all times, it should be provided that the security is sufficient to cover costs for refunds and repatriations in cases where an insolvency occurs at a time when an organiser holds the highest amounts of payments. Any increases of those amounts due to a higher anticipated volume of packages sold in a given period **compared to the anticipated sales** should be taken into account. It should be clarified that Member States should supervise the insolvency protection of organisers and monitor the ~~market for the provision~~ **availability** of insolvency protection ~~and that~~. If necessary **to ensure effective insolvency protection**, Member States ~~should be able to~~ **may** require an additional a second level of protection ~~mechanisms~~, such as a back-up fund **to complement, for instance, the protection provided by insurance policies**. This may be relevant, for example, where insurance policies do not provide the ~~required level of protection~~. Such back-up funds should normally be funded exclusively through contributions from organisers ~~and~~. It should be clarified that such measures can **should** be co-financed by the Member States only in exceptional **and duly justified** circumstances. ~~and reiterated that those provisions are without prejudice to the Union provisions on State aid insofar~~ **Insofar** as such measures involve State aid, **the Union provisions on State aid apply**.
- (23) Regarding refunds of **travellers'** payments in case of an organiser's insolvency, the period for refunds should be further specified, referring to ~~3-9~~ **3-9** months after the traveller has submitted the documents necessary to examine the request. **Member States should be able to provide for a shorter deadline**. It is also appropriate to lay down in a provision that Member States may require retailers to take out insolvency protection in addition to organisers.

- (24) It should be clarified that the central contact points are responsible for the exchange of information in relation to insolvency protection and related questions, including any mechanisms to ensure timely refunds for terminated package travel contracts.
- (25) It is important that travellers are properly informed on their rights, are able to understand the information provided to them and have access to that information when they need it. Therefore, certain changes should be made regarding pre-contractual information requirements, the content of a package travel contract and the standard information forms set out in the Annexes I and II to Directive (EU) 2015/2302. For example, ~~the~~ these standard information forms ~~in Annex I~~ should specify the trader responsible for refunds for cancelled packages. The right to terminate a package travel contract without a fee due to unavoidable and extraordinary circumstances should be presented next to the possibility to cancel a package subject to a cancellation fee. In addition, organisers should be obliged to add the standard information form to the contract so that it is available to travellers after the conclusion of the contract, along with contact details of the relevant traders. **As a consequence of the deletion of linked travel arrangements, Annex II should also be deleted.**
- (26) Directive (EU) 2015/2302 should, therefore, be amended accordingly.
- (27) Since the objective of this Directive, namely to contribute to the proper functioning of the internal market in relation to package travel and to the achievement of a high and as uniform as possible level of consumer protection in this sector, cannot be sufficiently achieved by the Member States, but can rather, by reason of its scale and effects, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Directive does not go beyond what is necessary in order to achieve that objective.

- (28) This Directive respects the fundamental rights and observes the principles recognised by the Charter of Fundamental Rights of the European Union. This Directive, in particular, respects the freedom to conduct a business laid down in Article 16 of the Charter, while ensuring a high level of consumer protection within the Union, in accordance with Article 38 of the Charter.
- (29) The Commission should submit to the European Parliament and to the Council a report on the application of this Directive within 5 years of its entry into force. While the impacts of this Directive on travel businesses, including on micro, small and medium-sized organisers have been carefully assessed, it is appropriate to take into account in this report the impact of its application on micro, small and medium-sized organisers. Where necessary, the report should be accompanied by legislative proposals,

HAVE ADOPTED THIS DIRECTIVE:

Article 1

Amendments to Directive (EU) 2015/2302

Directive (EU) 2015/2302 is amended as follows:

- (1) Article 1 is replaced by the following:

‘Article 1

Subject matter

‘The purpose of this Directive is to contribute to the proper functioning of the internal market and to the achievement of a high and as uniform as possible level of consumer protection by approximating certain aspects of the laws, regulations and administrative provisions of the Member States in respect of contracts between travellers and traders relating to package travel ~~and linked travel arrangements~~, as well as certain aspects of contracts between organisers of packages and service providers’, **and specific information requirements for certain situations not leading to the creation of a package.**

- (2) in Article 2, paragraph 1 is replaced by the following:

‘1. This Directive applies to packages offered for sale or sold by traders to travellers and to **specific information requirements** ~~linked travel arrangements facilitated by traders for travellers~~ **for certain situations not leading to the creation of a package.**

It also applies to refund rights of organisers as defined in Article 3(8) against travel service providers in case of cancellation or non-provision of a service that is part of a travel package.

(3) Article 3 is amended as follows:

(a) point 2 is replaced by the following:

- (iii) are advertised or sold under the term ‘package’ or under a similar term, or

- (iv) are combined after the conclusion of a contract by which a trader entitles the traveller to choose among a selection of different types of travel services, or

(v) are purchased from separate traders through linked online booking processes where ~~the traveller's name, payment details and e-mail address or the traveller's other personal data~~ **through which the traveller can be identified as a contracting party** are transmitted from the trader with whom the first contract is concluded to another trader or other traders and a contract **or contracts** with the latter trader or traders is **or are concluded at the latest 24 hours after the confirmation of the booking of the first travel service**.

A combination of travel services where not more than one type of travel service as referred to in point (a), (b) or (c) of point 1 is combined with one or more tourist services as referred to in point (d) of point 1 is not a package if the latter services:

- (a) do not account for at least 25% of the value of the combination and are not advertised as and do not otherwise represent an essential feature of the combination; or

- (b) point 5 is **deleted**, replaced by the following:

~~‘(5) linked travel arrangement’ means a combination of different types of travel services, not falling under the definition of a package in point 2, where, a trader which is party to a contract on the provision of a travel service and receives payments by or on behalf of a traveller invites a traveller to book additional type of travel service from another trader for the purpose of same trip or and where a contract on the provision of an additional travel service is concluded at the latest 24 hours after the confirmation of the booking of the first contract.~~

~~(ba) point 6 is replaced by the following:~~

~~‘(6) ‘traveller’ means any person who is seeking to conclude a contract or is entitled to travel on the basis of a contract concluded within the scope of this Directive, or who may conclude an additional contract in a situation referred to in Article 5(2a).’~~

~~(a) point (d) is replaced by the following:~~

(b) **in paragraph 1,** point (g) is replaced by the following:

‘(g) information that the traveller may terminate the contract at any time before the start of the package in return for payment of an appropriate and justifiable termination fee, or, where applicable, the standardised termination fees requested by the organiser, in accordance with Article 12(1), and that the traveller may terminate the package travel contract without paying any termination fee due to unavoidable and extraordinary circumstances as specified under Article 12(2);’.

(ba) the following paragraph 2a is inserted:

‘2a. Subject to Article 23, in online booking situations that do not lead to the creation of a package within the meaning of Article 3, point (2) but where a trader invites a traveller to conclude, after the conclusion of a first contract, an additional contract on a different type of travel service for the same trip or holiday at the same or a different point of sale, that the first trader shall inform the traveller, before the conclusion of such additional contract when making such invitation, by a clearly visible notice, that the relevant travel services will not constitute a package.

~~It~~ That notice shall be stated in a clear, comprehensible and prominent manner that the traveller will not benefit from any of the rights applying exclusively to packages under this Directive and that each trader will be solely responsible for the proper contractual performance of his-its service.’

(5) — the following Article 5a is inserted:

‘Article 5a

Payments

~~Member States shall ensure that, except for packages as defined in Article 3, point (2)(b)(iv), and packages booked less than 28 days before the start of the package, the organiser or, where applicable, the retailer shall not request downpayments exceeding 25% of the total price of the package and shall not request the remaining payment earlier than 28 days before the start of the package. The organiser, or where applicable, the retailer may request higher downpayments where this is necessary to ensure the organisation and the performance of the package. The downpayments may cover advance payments to providers of services included in the package and costs incurred by the organiser, or where applicable the retailer, specifically in relation to the organisation and performance of the package insofar as it is necessary to cover those costs at the time of booking.’~~

(6) Article 7 is amended as follows:

(a) in paragraph 2, point (b) is replaced by the following:

‘(b) information:

- (i) that the organiser is responsible for the proper performance of all travel services included in the contract in accordance with Article 13, for any refunds due to the termination of or changes to a contract, and for providing assistance if the traveller is in difficulty in accordance with Article 16;
- (ii) where applicable, that the traveller may also contact the organiser via the retailer.’

‘2. Notwithstanding paragraph 1, the traveller shall have the right to terminate the package travel contract before the start of the package without paying any termination fee **where it can be reasonably expected that the performance of the package travel contract will be significantly affected by** ~~in the event of unavoidable and extraordinary circumstances, occurring at the **place of departure**, at the travel destination or its immediate vicinity, at the place of the traveller’s residence or departure or affecting the journey to the destination, where such circumstances significantly affect the performance of the package. The traveller may terminate the **package travel** contract where it can be reasonably expected that the performance of the package travel contract will be significantly affected by unavoidable and extraordinary circumstances.~~ If the package travel contract is terminated in accordance with this paragraph, the traveller shall be entitled to a full refund of any payments made for the package but shall not be entitled to additional compensation.’

(b) ~~the following paragraph 3a is inserted:~~

~~‘3a. Official warnings against travel to a particular destination issued by the authorities of the Member State of departure or traveller’s residence or the country of destination, or the fact that travellers will be subject to serious restrictions at the travel destination or in the Member State of residence or departure after returning from the trip or holiday, shall be important elements to be taken into account in the assessment of whether a termination of the contract based on paragraph 2 and paragraph 3, point (b), is justified.’~~

(c) paragraph 4 is replaced by the following:

- ‘4. The organiser shall provide any refunds required under paragraphs 2 and 3 or, with respect to paragraph 1, reimburse any payments made by or on behalf of the traveller for the package minus the appropriate and justifiable termination fee. Standard information form for package travel contracts where the use of hyperlinks is possible

MY KEY RIGHTS AS TRAVELLER

The combination of travel services offered to you is a package within the meaning of Directive (EU) 2015/2302 on package travel.

Therefore, you will benefit from all EU rights applying to packages.

Company XY, as the organiser of this package, [where appropriate under the applicable national law] [and company XZ, as a retailer,]⁵ is [are] fully responsible for the proper performance of the package.

Additionally, as required by law, your payments to company XY [(where appropriate) and company YZ]⁶ are protected and, where the return journey is included in the package, your repatriation is guaranteed if this company/these companies were to become insolvent.

More information on key rights under Directive (EU) 2015/2302, including on payments, contract changes, cancellations, refunds, liability for improper performance and insolvency protection as well as parties to be contacted can be obtained here (to be provided in the form of a hyperlink).

Following the hyperlink, the traveller will receive the following information:

Key rights under Directive (EU) 2015/2302

⁵ The correct alternative is to be chosen by the Member States in light of their transposition of the Directive.

⁶ See footnote 1.

Information

- Travellers will receive all essential information about the package before concluding the package travel contract.
- This includes information on the **price** and on the **payments** due at the time of booking. ~~Travellers may, in principle, not be asked to pay more than 25% of the total price at the time of booking (downpayments) and the remaining payments may not be requested earlier than 28 days before departure. However, organisers may ask for downpayments higher than 25% where this is necessary to ensure the organisation and performance of the package.~~
- After concluding a package travel contract travellers will receive the contract on a durable medium (for example, on paper or per e-mail).

Liable trader and contact points

- There is always **at least one trader who is liable for the proper performance of all travel services included in a package**. This trader is **the organiser of the package** as identified by the text in the box above and in the contract. The contract must contain the organiser's contact details.
- Where a package is sold via a **retailer**, travellers can always also contact the retailer if there are any problems or to pass messages to the organiser. The retailer's contact details are also provided in the contract. Depending on the applicable national law, retailers may also be liable for the performance of the package.
- Travellers will be given an **emergency telephone number or details of a contact point** where they can get in touch with the organiser or the retailer (travel agent) while they are on their trip or holiday.

Transfer of the contract

- Travellers may transfer the package to another person, possibly subject to a fee. The traveller must give reasonable notice to the organiser or, where applicable, to the retailer.

Price increases

— The price of the package may only be increased if specific costs rise (for instance, fuel prices) and if expressly provided for in the contract, and at the latest 20 days before the start of the package. If the price increase exceeds 8% of the price of the package, travellers may terminate the contract and will, in that case, get their money back. If, in the contract, the organiser reserves the right to a price increase, travellers have a right to a price reduction if there is a decrease in the relevant costs.

Termination of the contract before the start of a package

— Travellers may **terminate the contract** without paying any termination fee and get a full refund of any payments if any of the essential elements of the package are changed significantly or if there is a price increase exceeding 8% of the price of the package.

— If, before the start of the package, the trader responsible for the package cancels the package, travellers are entitled to a refund and compensation where appropriate.

— Travellers may terminate the contract without paying any termination fee before the start of the package if **unavoidable and extraordinary circumstances** significantly affect the trip or holiday. Examples of extraordinary circumstances include natural disasters, serious security problems or public health risks which can reasonably be expected to affect the package.

— Additionally, travellers may, at any time before the start of the package, terminate the contract, including on personal grounds, in return for an appropriate and justifiable termination fee. Travellers must be informed on applicable termination fees before concluding the contract and in the contract.

Refunds

- In all cases where the organiser or the traveller cancels the package, travellers must receive a refund of their payments within 14 days (where appropriate, taking termination fees into account). The organiser of the package is responsible for the refund. Where a retailer is involved and where this is required by the applicable national law, also the retailer is responsible for refunds.
- Where the organiser offers a **voucher** to be used for **any travel service offered by the organiser** ~~a future trip~~ instead of a refund within 14 days, travellers will receive information on their rights in relation to the voucher and may choose to accept it or not.

Problems during the trip or holiday

- The organiser is obliged to remedy problems occurring during the performance of the package. Travellers must inform the organiser of problems they encounter.
- If significant elements of the package cannot be provided as agreed, the organiser must offer suitable **alternative arrangements** at no extra cost. Travellers may terminate the contract without paying any fee, where services are not performed in accordance with the contract, where this substantially affects the performance of the package, and the organiser fails to remedy the problem.
- Travellers are also entitled to a **price reduction and/or compensation** for damages where the travel services are not performed or are improperly performed under the conditions set out in Directive (EU) 2015/2302.
- The organiser has to provide **assistance** if the traveller is in difficulty, for instance through providing information on health services, local authorities and consular assistance and offering the possibility to make distance communications.

Insolvency protection

— If the organiser becomes **insolvent**, travellers' payments will be refunded. In some Member States there is also insolvency protection for payments to retailers. If the organiser or, where applicable, the retailer, becomes insolvent after the start of the package and if the return journey is included in the package, repatriation of travellers is secured. XY has taken out insolvency protection with YZ (the entity in charge of the insolvency protection, for example a guarantee fund or an insurance company). Travellers may contact this entity or, where applicable, the competent authority (contact details, including name, geographical address, email and telephone number) if services are denied because of XY's insolvency.
