Subject: Code of Conduct Group (Business Taxation)
– Overview of the preferential tax regimes examined by the Code of Conduct Group (Business Taxation) since its creation in March 1998

Delegations will find attached an Overview of the preferential tax regimes examined by the Code of Conduct Group (Business Taxation) since its creation in March 1998.

OVERVIEW OF THE PREFERENTIAL TAX REGIMES EXAMINED BY THE CODE OF CONDUCT GROUP (BUSINESS TAXATION) SINCE ITS CREATION IN MARCH 1998

In paragraph 19 of the 8 March 2016 Council conclusions on the future of the Code of Conduct (business taxation), the Council "expresses its wish to facilitate the access to information on ongoing and past work in the Group including already public documents, e.g. through a dedicated page on the Council's website and by releasing, to the extent possible, documents related to (...) final decisions on individual measures".

At the creation of the Code of Conduct Group in 1998, a number of preferential tax regimes were identified through its interim reports to the Council of 12 November 1998 (doc. 4748/98) and 12 May 1999 (doc. 8231/99)¹. At this occasion, regimes were classified in the following categories:

- A - Intra-Group Services (Co-ordination, Distribution and Service Centres; Holdings Regimes);
- B - Financial Services and offshore Companies (Financial, Insurance and Offshore Companies);
- C - Sector Specific Measures (e.g. Maritime Transport, Aviation, Films);
- D - Regional incentives;
- E - Other measures;
- F - Non EU (MS dependencies and territories);

which translated into specific codes (category letter + 3-digit number) for each regime.

Those measures added in 1999 bear the letters AM - Additional Measures - in their code (AAM, BAM, CAM, DAM, EAM).

¹ About 150 additional measures were notified in 1999 compared to 1998.

Since then new codes have been used using the 2-letter ISO country code and a 3-digit number reflecting the chronological order by which they had been notified.

As a reminder, the decision-making cycle on individual measures followed by the Code of Conduct Group is as follows:

- i. enactment of a new measure at national level;
- ii. identification by the group or notification to the group by the Member State concerned at the beginning of the following year;
- iii. description agreed by the group (no broad consensus required anymore since March 2016);
- iv. assessment agreed by the group on whether the measure is harmful or not (broad consensus required, i.e. in the case of EU Member States: all Member States except the Member State concerned);
- v. abolition, or amendment of the harmful features, of the national measures deemed harmful;
- vi. notification of the rollback to the group at the beginning of the following year;
- vii. agreement by the group that the rollback proposed is indeed sufficient;
- viii. in cases where the abolition consisted in a closure to new entrants, the end of the benefits may occur some years after the abolition (grandfathering), which entailed in some cases a follow-up rollback notification.

The present overview is organised in three parts:

- i. preferential regimes of EU Member States (including Gibraltar with regard to the UK);
- ii. dependent or associated territories of EU Member States to which EU treaties don't apply (as of the date of notification of the regime);
- iii. other jurisdictions (now covered by the EU listing exercise).

In total, as of the date of the present document, this overview concludes that the COCG has examined 638 preferential regimes (including 280 in 1998-1999), 254 of which were deemed harmful and have been (or are being) rolled back.

I. Preferential regimes of EU Member States (including Gibraltar with regard to the UK)
