Proposal for a

COUNCIL DECISION

on the signing of an agreement between the European Union and the People's Democratic Republic of Algeria on the cooperation between the European Union Agency for Criminal Justice Cooperation (Eurojust) and the authorities of the People's Democratic Republic of Algeria competent for judicial cooperation in criminal matters

EXPLANATORY MEMORANDUM

The present proposal concerns the signature of an Agreement between the European Union and Algeria on the cooperation between the European Agency for Criminal Justice Cooperation (Eurojust) and the authorities of Algeria competent for judicial cooperation in criminal matters (hereafter “the Agreement”).

1. CONTEXT OF THE PROPOSAL

• Reasons for and objectives of the proposal

The European Union Agency for Criminal Justice Cooperation (Eurojust) coordinates investigations and prosecutions of serious cross-border crime in Europe and beyond. As the European Union’s (EU) hub for judicial cooperation in criminal matters, Eurojust supports national investigating and prosecuting authorities.

In a globalised world, the need for cooperation between judicial authorities involved in the investigation and prosecution of serious crimes does not stop at Union borders. With the increase of cross-border crime, it is crucial to obtain information from outside one’s jurisdiction. Therefore, Eurojust should be able to cooperate closely and exchange personal data with judicial authorities of selected third countries to the extent necessary for the accomplishment of its tasks within the framework of the requirements set out in Regulation (EU) 2018/1727¹ (hereafter “Eurojust Regulation”). At the same time, it is important to ensure that adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals are in place for the protection of personal data.

Eurojust can exchange operational personal data with third countries where one of the requirements set out in Article 56(2) points (a) to (c) of the Eurojust Regulation is met:

- The Commission has decided pursuant to Article 57 that the third country or international organisation in question ensures an adequate level of protection, or in the absence of such an adequacy decision, appropriate safeguards have been provided for or exist in accordance with Article 58(1), or in the absence of both an adequacy decision and of such appropriate safeguards, a derogation for specific situations applies pursuant to Article 59(1);
- a cooperation agreement allowing for the exchange of operational personal data has been concluded before 12 December 2019 between Eurojust and that third country or international organisation, in accordance with Article 26a of Decision 2002/187/JHA²; or
- an international agreement has been concluded between the Union and the third country or international organisation pursuant to Article 218 of the Treaty on the Functioning of the European Union (TFEU) that provides for adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals.

At present, Eurojust has cooperation agreements based on Article 26a of Decision 2002/187/JHA, which allow for exchanges of personal data, in place with Montenegro,

¹ Regulation (EU) 2018/1727 of the European Parliament and of the Council of 14 November 2018 on the European Union Agency for Criminal Justice Cooperation (Eurojust), and replacing and repealing Council Decision 2002/187/JHA, OJ L 295, p. 138, 21.11.2018.

² OJ L 063, 06/03/2002 P. 0001 – 0013.

Ukraine, Moldova, Liechtenstein, Switzerland, North Macedonia, the USA, Iceland, Norway, Georgia, Albania and Serbia. Under Article 80(5) of the Eurojust Regulation these cooperation agreements remain valid.

Since the entry into application of the Eurojust Regulation on 12 December 2019 and pursuant to the Treaty, the Commission is responsible, on behalf of the Union, for negotiating international agreements with third countries for the cooperation and exchange of personal data with Eurojust. In so far as necessary for the performance of its tasks, in line with Chapter V of the Eurojust Regulation, Eurojust may establish and maintain cooperative relations with external partners through working arrangements. However, these cannot by themselves be a legal basis for the exchange of personal data.

The Agreement provides a legal basis for the exchange of personal data for judicial cooperation in criminal matters by ensuring for adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals.

In order to strengthen the judicial cooperation between Eurojust and selected third countries, the Commission adopted a Recommendation for a Council Decision authorising the opening of negotiations for Agreements between the European Union and Algeria, Armenia, Bosnia and Herzegovina, Egypt, Israel, Jordan, Lebanon, Morocco, Tunisia and Turkey on cooperation between the European Union Agency for Criminal Justice Cooperation (Eurojust) and the competent authorities for judicial cooperation in criminal matters of those third States³.

The Council granted that authorisation on 1 March 2021 and adopted a set of negotiating directives and appointed a special committee to assist the Council in this task⁴.

Several negotiation rounds and written exchanges took place between April 2022 and August 2025, when the negotiators reached an agreement at technical level on a text. This proposal was discussed with EU Member States in the Working Party on Judicial Cooperation in Criminal Matters (COPEN)s. Algeria had given its final agreement on 3 February 2026.

- **Consistency with existing policy provisions regarding judicial cooperation between Eurojust and third countries**

The Agreement was negotiated taking into account the comprehensive negotiating directives adopted by the Council together with the authorisation to negotiate on 1 March 2021. The present Agreement is also consistent with existing Union policy in the area of judicial cooperation.

³ Recommendation for a Council Decision authorising the opening of negotiations for Agreements between the European Union and Algeria, Armenia, Bosnia and Herzegovina, Egypt, Israel, Jordan, Lebanon, Morocco, Tunisia and Turkey on cooperation between the European Union Agency for Criminal Justice Cooperation (Eurojust) and the competent authorities for judicial cooperation in criminal matters of those third States, 19 November 2020, COM(2020) 743 final.

⁴ Council Decision authorising the opening of negotiations for Agreements between the European Union and Algeria, Argentina, Armenia, Bosnia and Herzegovina, Brazil, Colombia, Egypt, Israel, Jordan, Lebanon, Morocco, Tunisia and Turkey on cooperation between the European Union Agency for Criminal Justice Cooperation (Eurojust) and the competent authorities for judicial cooperation in criminal matters of those third States, see 6153/21 + ADD 1, Council Decision adopted by written procedure on 1 March 2021 (CM 1990/21).

In recent years, progress was made to improve the exchange of information cooperation among Member States as well as between Union agencies and third countries. Regulation (EU) 2023/2131 amending Regulation (EU) 2018/1727 and Council Decision 2005/671/JHA, as regards the digital information exchange in terrorism cases,⁵ strengthens the framework for cooperation with third countries on the side of Eurojust by providing for a solid legal basis for the secondment of a third country liaison prosecutor to Eurojust and the cooperation with Eurojust.

Also, Regulation (EU) 2022/838 amending Regulation (EU) 2018/1727, as regards the collection, preservation and analysis of evidence relating to genocide, crimes against humanity and war crimes at Eurojust⁶, has a strong nexus to third countries. Both legislative acts underline the importance of close cooperation with third countries to investigate and prosecute serious crimes.

- **Consistency with other Union policies**

The proposal is also consistent with other Union policies.

Relations between the EU and Algeria are based on the Association Agreement, which entered into force in 2005. The Partnership Priorities adopted in 2017 guide the relationship for the period 2021-2027 including political dialogue, governance, rule of law and promotion of fundamental rights, as well as strategic and security dialogue.

Existing Commission strategic documents underpin the necessity of improving the efficiency and effectiveness of law enforcement and judicial cooperation in the European Union (EU), as well as of expanding the cooperation with third countries. These include, among others, the European Internal Security Strategy (ProtectEU)⁷, the Counter-Terrorism Agenda for the EU⁸, and the EU Strategy to tackle organised crime⁹.

In line with these strategic documents, international cooperation has also been enhanced in the area of law enforcement. Based on the authorisation by the Council¹⁰, the Commission has negotiated an Agreement with New Zealand on the exchange of personal data with the European Union Agency for Law Enforcement Cooperation (Europol).

2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY

- **Substantive legal basis**

Given that the main objectives and components of the Agreement are the cooperation between Eurojust and Algeria in criminal matters and the establishing adequate safeguards with respect

⁵ Regulation (EU) 2023/2131 of the European Parliament and of the Council of 4 October 2023 amending Regulation (EU) 2018/1727 of the European Parliament and of the Council and Council Decision 2005/671/JHA, as regards digital information exchange in terrorism cases.

⁶ Regulation (EU) 2022/838 of the European Parliament and of the Council of 30 May 2022 amending Regulation (EU) 2018/1727 as regards the preservation, analysis and storage at Eurojust of evidence relating to genocide, crimes against humanity, war crimes and related criminal offences.

to the protection of privacy and other fundamental rights and freedoms of individuals for this cooperation, the substantive legal bases are Article 16(2) and Article 85 TFEU.

- **Procedural legal basis**

Article 218(5) TFEU provides that, where the agreement envisaged does not relate exclusively or principally to the common foreign and security policy, the Commission shall submit a proposal to the Council. The Council shall adopt a decision authorising the signing of the agreement.

The Commission proposes to authorise the signing of the Agreement between the European Union and Algeria on the cooperation between the European Agency for Criminal Justice Cooperation (Eurojust) and the authorities of Algeria competent for judicial cooperation in criminal matters (hereafter “the Agreement”), subject to its conclusion at a later date.

The procedural legal basis for the proposed decision to authorise the signing of the envisaged agreement is Article 218(5) TFEU.

Therefore, this proposal is based on Article 16(2) and Article 85 TFEU in conjunction with Article 218(5) TFEU.

- **Union competence**

The Union has competence to determine Eurojust's structure, operation, field of action and tasks as well as to provide for safeguards concerning personal data protection.

- **Subsidiarity (for non-exclusive competence)**

N/A

- **Proportionality**

The Union’s objectives with regard to this proposal as set out above can only be achieved by entering into a binding international agreement providing for the necessary cooperation measures, while ensuring appropriate protection of fundamental rights. The provisions of the agreement are limited to what is necessary to achieve its main objectives. Unilateral action of the Member States towards Algeria does not represent an alternative, as Eurojust has a unique role. Unilateral action would also not provide a sufficient basis for judicial cooperation between Eurojust and third countries and would not ensure the necessary protection of fundamental rights.

- **Choice of the instrument**

This proposal for a Council decision is submitted in accordance with Article 218(5) TFEU, which envisages the adoption by the Council of a decision authorising the signing and the provisional application of the agreement. There exists no other legal instrument that could be used in order to achieve the objective expressed in this proposal.

- **Fundamental rights**

The exchange of personal data and its processing by the authorities of a third country concerns the fundamental rights to privacy and data protection. In that regard, the Agreement ensures the application of adequate safeguards to the processing of personal data transferred under the Agreement itself, in line with Union law.

In particular, Chapter II provides for the protection of personal data. On that basis, Articles 10 to 20 lay down provisions that provide for data protection principles (including purpose limitation and data minimisation), safeguards for the processing of special categories of data, obligations applicable to controllers (including on retention, keeping of records, data security and as regards onward transfers), enforceable individual rights (including on access, rectification and judicial redress) and , independent supervision, as on each side one or more independent public authority responsible for data protection (supervisory authority) shall oversee the implementation of the Agreement in order to protect the fundamental rights and freedoms of natural persons in relation to the processing of personal data.

In line with Union law, the exercise of certain individual rights can only be delayed, limited or refused to the extent that it is necessary and proportionate, taking into account the fundamental rights and interests of the data subject, on important public interest grounds, in particular to prevent harm to an ongoing criminal investigation or prosecution.

Article 10(6) of the Agreement guarantees that no information exchanged under the agreement may be used in connection with death penalty or human rights violations at large.

In accordance with Article 31(3) of the Agreement, the Agreement shall not enter into application until both parties have notified each other of the fulfilment of the obligations contained in the Agreement, including those related to the protection of personal data, and this notification has been accepted. In addition to that, and to further strengthen the safeguards for the protection of personal data, Article 34(4) of the Agreement states that a Party may postpone the transfer of personal data for as long as the other Party has not provided for in law and implemented the safeguards and obligations contained in Chapter II of the Agreement (Information exchange and data protection).

Furthermore, the Agreement guarantees that the exchange of personal data between Eurojust and Algeria is consistent with both the principle of non-discrimination and Article 52(1) of the Charter, which ensure that interferences with fundamental rights guaranteed under the Charter are limited to what is necessary to genuinely meet the objectives of general interest pursued, subject to the principle of proportionality.

4. BUDGETARY IMPLICATIONS

There are no budgetary implications for the Union budget.

5. OTHER ELEMENTS

- **Implementation plans and monitoring, evaluation and reporting arrangements**

There is no need for an implementation plan, as the Agreement will enter into force on the first day of the second month following the month during which both Parties have notified each other that the respective procedures have been completed.
