RECOMMENDATION

on addressing the deficiencies identified in the 2022 evaluation of Spain on the application of the Schengen *acquis* in the field of return

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EU) No 1053/2013 of 7 October 2013 establishing an evaluation and monitoring mechanism to verify the application of the Schengen *acquis* and repealing the Decision of the Executive Committee of 16 September 1998 setting up a Standing Committee on the evaluation and implementation of Schengen *acquis*¹, and in particular Article 15(3) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) A Schengen evaluation in the field of return was carried out in respect of Spain in February-March 2022. Following the evaluation, a report containing the findings and assessments, listing best practices and deficiencies identified during the evaluation was adopted by Commission Implementing Decision [C(2023) 150].
- (2) Recommendations should be made on remedial actions to be taken by Spain in order to address deficiencies identified as part of the evaluation. In light of the importance of complying with the Schengen *acquis*, in particular Directive 2008/115/EC, priority should be given to implementing recommendations 1, 2, 3, 7, 9 and 14 below.

¹ OJ L 295, 6.11.2013, p. 27.

- (3) In order to ensure a uniform application of the Return Directive, following the relevant ECJ case law, implementation of Recommendation 2 is to be supported by the dedicated discussions in the Contact Group – Return Directive. That clarification of the interpretation of the said recommendation should be without prejudice to the implementation of the other Council recommendations addressing deficiencies identified in the evaluations carried out pursuant to Council Regulation (EU) 2022/922¹.
- (4) This Decision should be transmitted to the European Parliament and to the national Parliaments of the Member States.
- (5) Council Regulation (EU) 2022/922 applies as of 1 October 2022. In accordance with Article 31(3) of that Regulation, the follow-up and monitoring activities of evaluation reports and recommendations, starting with the submission of the action plans, should be carried out in accordance with Regulation (EU) 2022/922.
- (6) Within two months of the adoption of this Decision, Spain should, pursuant to Article 21(1) of Council Regulation (EU) 2022/922, establish an action plan to implement all recommendations and to remedy the deficiencies identified in the evaluation report. Spain should provide that action plan to the Commission and to the Council.

2. amend the national law to ensure that third-country nationals illegally staying in Spain within the meaning of Directive 2008/115/EC are issued a return decision as required by Article 6(1) of Directive 2008/115/EC, and not just a fine ;

8. ensure that interviews preceding the issuance of return decisions systematically include questions concerning potential risks to the person's safety if return were to take place, so as to allow for a comprehensive assessment of the principle of *non-refoulement* in line with Article 5 of Directive 2008/115/EC;

Detention
