Working Party on Technical Harmonisation (SMEI omnibus) FLASH 27 July 2023

Dear colleagues,

We are happy to welcome you to a new meeting of the Working Party on Technical Harmonisation (SMEI omnibus), the last one before the summer break.

It will be a 1+1 morning only meeting on the 27 July starting at 10:00 in the Council JL Building.

During the meeting, we will go through the third Presidency compromise text on the template articles of the SMEI Omnibus proposals. Member States will be invited to express their views on this new compromise text and to state clearly their red lines.

After the discussion on the text, we will look at the scope of the Omnibus proposals and delegations will have the opportunity to comment on the products highlighted in the Presidency discussion paper distributed for the meeting (ST 12104/2023).

After the meeting, the Presidency will invite Member States to submit written comments by August 20 cob. Please send your submissions to techharm.U2023ES@reper.maec.es and tech.harmonisation@consilium.europa.eu following the instructions you will receive from the Council Secretariat.

We look forward to seeing you on the 27th! Summer holidays are almost there!
