WORKING PAPER

This is a paper intended for a specific community of recipients. Handling and further distribution are under the sole responsibility of community members.

WORKING DOCUMENT

From:	Presidency
To:	Working Party on Technical Harmonisation (Goods package)
Subject:	Presidency Flash

13 September 2018

Presidency Flash 3

CER - compliance and enforcement regulation

Dear Colleagues,

Thank you for your valuable contributions and above all for your positive attitude on our discussion paper.

In our next meeting we will continue with the examination of the remaining articles not yet discussed, starting with article 34 (information and communication system). In this article, we have streamlined the amount of information to be entered, limiting the items to those which are directly helpful for the colleagues in other MSAs in their daily work, and leaving out 'nice to know' data.

We will then have a second look at Chapter VIII (Network), which we could fine tune with the help of your input from the July meeting. Article 4 will not be on the agenda for this time, as it is closely interlinked with definitions discussed on Thursday, and time is too short to consider all your related comments and distribute a new draft in time.

If time permits we will have a first look at the amendments of the EP, which should be available on the EP website Monday.

Looking forward to seeing you on 13th of September,
on behalf of the Austrian EU Presidency team –

Gerhard Ludwar
Chair
