This Regulation lays down the conditions under which the EU Digital Travel application <u>System</u> shall be developed, operated and , maintained <u>and evaluated</u> .	2. This Regulation lays down the conditions under which the EU Digital Travel System <u>application</u> shall be developed, operated, maintained and evaluated.
50a		<u>2a This Regulation applies to persons enjoying the right of free movement under Union law and to third-country nationals.</u>	
51	Article 2 Definitions	Article 2 Definitions	Article 2 Definitions
52	For the purposes of this Regulation, the following definitions apply:		

	Commission Proposal	Compromise proposal 2	DK Pcy3
53	(a) ‘border checks’ means the checks as defined in Article 2, point (11) of Regulation (EU) 2016/399;		
54	(b) ‘persons enjoying the right of free movement under Union law’ means the persons as defined in Article 2, point (5) of Regulation (EU) 2016/399;		
55	(c) ‘third-country national’ means the persons as defined in Article 2, point (6) of Regulation (EU) 2016/399;		
55a		<u>ca</u> ‘EU Digital Travel System’ means a system composed of the mobile application, the Traveller Router and the backend validation service.	ca ‘EU Digital Travel System <u>application</u> ’ means a system <u>an application</u> composed of the mobile application <u>component</u> , the Traveller Router and the backend validation service <u>and the Traveller Router</u> .
56	(d) ‘Traveller Router’ means the technical component referred to in Article 5.	(d) ‘Traveller Router’ means the technical component referred to in Article 5 <u>Articles 3(4) and 6 allowing for the secure submission of travel data and their transmission to the competent authority</u> ;	(d) ‘Traveller Router’ means the technical component referred to in Articles 3(4) <u>3c</u> and 6 allowing for the secure submission of travel data and <u>EES pre-enrolment data and</u> their <u>secure</u> transmission to the competent authority;
56a		<u>(e) ‘mobile application’ means a software application referred to in Articles 3(2) and 6 enabling travellers to create and store their digital travel credentials and enter self-declared travel data</u> ;	(e) ‘mobile application <u>component</u> ’ means a software application referred to in Articles 3(2) and 6 enabling travellers to create and store their digital travel credentials and enter self-declared travel data <u>and EES pre-enrolment data</u> ;
56b		<u>(f) ‘backend validation service’ means a software system referred to in Article 3(3) that verifies the authenticity and integrity of travel documents and compares the live facial image of the user to the image stored in the</u>	

	Commission Proposal	Compromise proposal 2	DK Pcy3
		<u>electronic storage medium (chip) of the travel document;</u>	
56c		<u>(g) ‘digital travel credential’ means the digital representation of a person travel document created or issued pursuant to Article 4 of this Regulation, Article 1(1a) of Regulation (EC) No 2252/2004, or Article 2 of Regulation (EU) XXXX/XXXX [COM(2024) 671 final];</u>	(g) ‘digital travel credential’ means the digital representation of a person travel document created or issued pursuant to Article 4 of this Regulation, Article 1(1a) of Regulation (EC) No 2252/2004, or Article 2 of Regulation (EU) XXXX/XXXX [COM(2024) 671 final];
56d		<u>(h) ‘self-declared travel data’ means the data referred to in Article 5(1), points (b) to (e) and Article 5(2);</u>	
56e			<u>(ha) ‘EES pre-enrolment data’ means the data referred to in Article 3(2);</u>
56f		<u>(i) ‘Entry/Exit System (EES)’ means the system established by Regulation (EU) 2017/2226;</u>	
56g		<u>(j) ‘travel authorisation’ means the decision as defined in Article 3(1), point (5) of Regulation (EU) 2018/1240;</u>	
56h		<u>(k) ‘European Digital Identity Wallet’ means an electronic identification means as defined in Article 3(42) of Regulation (EU) No 910/2014.</u>	(k) ‘European Digital Identity Wallet’ means an the electronic identification means as defined in Article 3(42) of Regulation (EU) No 910/2014.;
56i			<u>(l) ‘facial image’ means digital images of the face;</u>
56j			<u>(m) ‘verification’ means the process of comparing sets of data to establish the validity of a claimed identity (one-to-one check);</u>

	Commission Proposal	Compromise proposal 2	DK Pcy3
56k			<u>(n) 'identification' means the process of determining a person's identity through a database search against multiple sets of data (one-to-many check).</u>
57	Article 3 General structure of the EU Digital Travel application	Article 3 General structure of the EU Digital Travel application <u>System</u>	Article 3 General structure of the EU Digital Travel System <u>application</u>
58	The EU Digital Travel application shall be composed of:	The EU Digital Travel application shall be composed of:	<u>1. The EU Digital Travel application shall be composed of: a mobile component, a backend validation service and a traveller router.</u>
58a			<u>2. The Digital Travel application shall be a self-service system within the meaning of articles 8a and 8b of Regulation (EU) 2016/399 which travellers may use for the purposes of pre-enrolling data in the EES and for the purpose of border crossings by persons whose border crossing is subject to a registration in the EES. If a traveller uses the EU Digital Travel application for the purposes of pre-enrolling data in the EES in accordance with Regulation (EU) 2017/2226 the traveller shall provide the information listed in Article 16(1) or 17(1a-b), as applicable, of that Regulation and the data referred to in Article 5(1), point (b), (c), (d) and (f) in this Regulation.</u>
58b			<u>3. The Digital Travel application shall constitute an app for mobile devices within the meaning of article 6(2) of Regulation (EU) 2018/1240 which travellers may use for the purpose of submitting a travel authorisation</u>

	Commission Proposal	Compromise proposal 2	DK Pcy3
			<u>application in accordance with that Regulation.</u>
58c			<u>4.The Digital Travel application shall constitute an app for mobile devices within the meaning of article 2a of Regulation (EC) 767/2008 which travellers may use to submit an application for a digital visa.</u>
58d			<u>5.The EU Digital Travel application shall allow for:</u>
58e			<u>a) the creation of digital travel credentials (Moved from line 47)</u>
58f			<u>b) the issuance of digital travel credentials created in the Digital Travel application for use in the European Digital Identity Wallet in accordance with Regulation (EU) No 910/2014.</u>
58j			<u>c) the entry of self-declared travel data pursuant to Article 5 of this Regulation; (Moved from line 48)</u>
58k			<u>d) the secure submission of digital travel credentials and the self-declared travel data to the competent authority for the purpose of supporting the carrying out of border checks on persons in accordance with Article 8(2g) and (3), point (j), of Regulation (EU) 2016/399; (Moved from line 49)</u>
58l			<u>6.The Digital Travel application shall be free of charge and easily accessible for users. Specific attention shall be paid to the</u>

	Commission Proposal	Compromise proposal 2	DK Pcy3
			<u>accessibility of the mobile component for persons with disabilities.</u>
58m		<u>1.Mobile Application</u>	1. <u>Article 3a</u> Mobile <u>Applicationcomponent</u>
58n		<u>(a) The mobile application shall enable users to create and store digital travel credentials for single or multiple use and enter self-declared travel data.</u>	(a) The mobile <u>applicationcomponent</u> shall enable users to create and store digital travel credentials for single or multiple use and enter self-declared travel data <u>or EES pre-enrolment data.</u>
58o		<u>(b) The mobile application shall be designed with full respect to data protection principles and high security standards to protect against unauthorised access or use.</u>	(b) The mobile application shall be designed with full respect to data protection principles and high security standards to protect against unauthorised access or use <u>moved to art 7, as new para 1.</u>

The evaluation shall include necessary recommendations. The Commission shall transmit the report to the European Parliament, the Council, the European Data Protection Supervisor and the European Union Agency for Fundamental Rights.	5.By... [five years after the start of operations of the EU Digital Travel application <u>System</u>], the Commission shall conduct an overall evaluation of the EU Digital Travel application <u>System</u> and its use. The overall evaluation report established on this basis shall include an assessment of the application of this Regulation and an examination of results that have been achieved relative to the objectives that were set and of the impact on fundamental rights. The report shall also include an overall assessment of whether the underlying rationale for operating the EU Digital Travel application <u>System</u> continues to hold, of the appropriateness of the technical features of the application <u>system</u> , of the security of the application <u>system</u> and of any implications for future operations. The evaluation shall include necessary recommendations. The Commission shall transmit the report to the European Parliament, the Council, the European Data Protection Supervisor and the European Union Agency for Fundamental Rights.	5.By...
