Once finished with the agenda items related to WIPO, the meeting will continue with discussions on the SPC proposals, where a revised text on the institutional set-up and the examination procedure of unitary SPC's for medicinal products will be presented.

Ahead of the meeting, a partially revised Presidency (doc. 12208/25) and an accompanying steering note (WK 10552/2025) have been published on the Delegates Portal. To help facilitate the debate, the Presidency will present a flow chart at the Working Party to illustrate the structure outlined in the steering note.

We would like to invite delegations to express their views on the revised text, particularly the new articles.

We look forward to a constructive exchange at the Working Group meeting and hope to see you at our reception the evening before.
