

ANNEX**Proposal for a Regulation establishing the Asylum and Migration Fund**

As part of the ongoing inter-institutional negotiations, and in light of the latest state of play as presented in document WK 12483/20, the Presidency invites delegations to send feedback on the AMF-specific lines listed in the table below and as indicated in the respective 'comment' column.

Please note that possible compromise proposals are being suggested on certain points. Delegations are invited to consider these compromise proposals as part of an overall compromise package, to be confirmed at the end of the negotiations. Should delegations have serious concerns and not be in a position to agree to the possible compromise, they are kindly invited to provide justifications.

Line	Provision	Comment
240, 242	Art 26	Delegations are invited to comment on the EP's proposed terminology 'unforeseen large or disproportionate inflow of persons' instead of 'heavy migratory pressure'. The Presidency also invites delegations to consider the following phrase reflecting the provisional agreement in NDICI: "crisis resulting from migratory flows and forced displacement". Delegations are also invited to indicate any preference between the two, if any. Any specific comments / concerns with including reference to 'natural disasters' line 242 as proposed by the EP?
274	Art 30 (2)(f)	Delegations are invited to consider the possible compromise text as part of an overall compromise package.
