| Subject: | Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on the financing, management and monitoring of the common agricultural policy and repealing Regulation (EU) No 1306/2013<br>- Comments from the Slovenian delegation |

Delegations will find attached comments from the Slovenian delegation on the voted EP amendments on the proposed Horizontal Regulation.

**Proposed Horizontal Regulation:**  
**views of delegations on EP's amendments (doc. 12146/20)**

**Comments from Member State: SLOVENIA**

General comments on:

1. The Governance system (GS): the governance bodies as set out in Article 2 (definitions) are essential elements of GS. Proposed amendments would mean a change in the concept of GS.
2. The New delivery model: Slovenia opposes a system that combines the current and the new model, thus creating unnecessary administrative burdens and is therefore difficult to implement. At the same time, such a hybrid model is unacceptable from a financial and time point of view. The concept of the area monitoring system and the concept of on the spot checks are not compatible.
3. The EP uses the word "co-financing" instead of the word "contribution" in several articles. The term "EAFRD contribution" has always been used in CAP regulations.
