INFORMATION

From:	General Secretariat of the Council
To:	Security Committee
N° Cion doc.:	7670/22
Subject:	Proposal for a Regulation of the European Parliament and of the Council on information security in the institutions, bodies, offices and agencies of the Union - Impact analysis report - presentation by the Commission

Delegations will find attached the presentation concerning the Impact analysis report related to the proposal for a Regulation of the European Parliament and of the Council on information security in the institutions, bodies, offices and agencies of the Union given by the Commission at the Council Security Committee meeting on 26 September 2022.

What's in?

- Evidence to support the policymaking
- Checks for the problem (its scale and underlying causes)
- EU dimension and proportionality
- General and specific objectives
- Impacts: administrative and financial
- Monitoring in the future

Findings

- Security of information is at the basis of an independent and efficient administration → art.298 TFEU
- Scope: all information handled by UIBs
- 2 steps policy: Regulation and UIBs internal rules
- Closer cooperation between UIBs, grouping resources
- Permanent governance, in respect of UIBs autonomy

3

Impacts

- **UIBs**
 - administrative: internal rules and organisation
 - financial: cost implications due to investments
- **Member States**
 - direct: EUCI definition
 - indirect: industrial security
