Working Party on Technical Harmonisation (Dangerous Substances- Chemicals)

CLP Regulation

FLASH 23 October 2023

Dear colleagues,

We are happy to welcome you to the first meeting under the Spanish Presidency of the Working Party on Technical Harmonisation (Dangerous Substances - Chemicals) on the CLP proposal.

It will be a 1+1 morning-only meeting with interpretation on the 23 October, starting at 10:00 in the Justus Lipsius Building.

During the meeting, the Presidency will inform delegations about the state of play of the negotiations in trilogues with the European Parliament.

Afterwards, delegations will be invited to express possible flexibilities towards some of the amendments tabled by the European Parliament in its recently adopted report (WK 13317/2023). To structure the discussions we have grouped these amendments in the following thematic blocks:

- 1) MOCS and essential oils: amendments 3, 19, 106, 24, 28 and 116.
- 2) Procedure for harmonisation and notification:
amendments 9, 52, 55, 101 and 60.
- 3) Right to request action and access to justice: amendments 64 and 65.
- 4) Environmental claims: amendment 102.
- 5) Child-resistant fastenings: amendment 94.

- 6) Labelling obligations + Minimum dimension of labels, pictograms and font size: amendments 46, 87, 88, 89 and 90.
- 7) Refill stations: amendment 98.
- 8) Other amendments: delegations will be invited to raise their concerns about amendments, other than the ones mentioned in the previous blocks.

We foresee 4 rounds of discussions covering these blocks in the following order:

- First: Blocks 1 & 2.
- Second: Blocks 3 & 4.
- Third: Blocks 5, 6 & 7.
- Fourth: Block 8.

We are looking forward to seeing you on the 23rd!
