Working Party on Competitiveness and Growth (Industry) **Flash- 6 November 2023**

Dear colleagues,

We are happy to welcome you to this meeting of the Working Party on Competitiveness and Growth (Industry).

It will be a full day meeting with interpretation on the 6 November, starting at 9:00 in the Council Building.

After the adoption of the agenda, we will have a round of discussion to prepare further work for the trilogues of the Critical Raw Materials Act. Afterwards, we will switch to the topics related to the Net-Zero Industry Act (NZIA).

Still in the morning session, the Commission will make a presentation on the '2023 progress report on competitiveness of clean energy technologies'. Then, we will delve into the discussion paper prepared by the Presidency for this meeting and will start discussing the partial compromise text on the Monitoring chapter.

The afternoon session will begin with a presentation by the Commission about the relation between the Strategic Technologies for Europe Platform (STEP) and the NZIA.

Finally, we will continue the examination of the proposals included in the discussion paper, taking those related to scope.

We look forward to seeing you on the 6th!
