WORKING DOCUMENT

From: Presidency
To: Working Party of Foreign Relations Counsellors (RELEX) – Horizontal Questions

Subject: Proposal for an updated and consolidated list of Global Gateway flagship projects
– Written consultation (DL 02/12 at 12:00h)

The Delegates will find below the consolidated and updated list of flagship projects. Unless the Presidency (relex.horizontal@consilium.europa.eu) is notified of any objection by **12:00 (Brussels time) on Tuesday, 2 December**, the updated proposal of flagship projects will be considered as agreed at Working Party level.

WK 16135/2025 INIT

LIMITE

EN

1. The yearly flagship projects exercise is carried out in line with the Global Gateway governance (ST 13888/22 REV 1) with the input from the Commission, the EEAS and the Member States taking into account the criteria for identifying flagships (ST 10532/22) and the political priorities identified both by the EU, the Member States and our partners. The previous flagship projects were all endorsed by COREPER as follows: flagship projects for 2025 (ST 15281/24), flagship projects for 2024 (ST 15369/1/23), and the flagship projects for 2023 (ST 6738/23). Drawing on the insights from the 2023, 2024 and 2025 flagship list exercises, it is essential to keep the list as concise and focused as possible to ensure it serves its communication purpose. The current exercise updates all flagship projects and consolidates them into one list.
2. The Commission and the Member States were invited to review and update the flagship projects identified for 2023, 2024, and 2025 via the Global Gateway Platform, proposing their merging, separation, or, where necessary, deletion.
3. The Delegates will find below the consolidated and updated list of flagship projects, as extracted from the Global Gateway Platform. Projects' descriptions can be consulted on the Global Gateway platform. Wherever necessary, they were updated.
4. In line with the last year's process, the Delegates are invited to review the updates in title, milestones and/or region and endorse the consolidated list.
5. Unless the Presidency (relex.horizontal@consilium.europa.eu) is notified of any objection by **12:00 (Brussels time) on Tuesday, 2 December**, the updated proposal of flagship projects will be considered as agreed at Working Party level.
6. In line with the Global Gateway Governance defined in document ST 13888/22 REV1, COREPER will be thereafter invited to endorse the consolidated and updated list of Global Gateway flagship projects.

Global Gateway Flagship Projects: proposed for removal

(stroke through in the table below)

(proposed for removal by the Commission)

1. Strategic partnership with Kazakhstan on raw materials, batteries and renewable hydrogen (№43 in the consolidated list)
2. Preservation of terrestrial and marine landscapes (Talaky Be), Madagascar (№82)
3. Deployment of 5G infrastructure to foster digital transformation, Brazil (№137)
4. Electrification of social infrastructures, Colombia (№147)
5. Extension of digital connectivity, Democratic Republic of Congo (№150)
6. Accelerating pharma manufacturing, Costa Rica (№193)
7. Darkhan Hospital construction in Mongolia (№194)
8. Expansion and rehabilitation of the Port of Banjul, Gambia (№221)
9. Aqaba Electric Bus Project in Jordan (№230)

(proposed for removal by Member States)

10. Modernisation of the industrial tool and energetic transition of Sodecoton (№90)

Global Gateway Flagship Projects: proposed for split in two

(proposed by the Commission)

1. BELLA II - Building Europe Links with Latin America and the Caribbean (№132-133)

This project currently includes, among its milestones, another project, i.e. The Copernicus Centres, which are unrelated to Bella II. The proposal is to treat the Copernicus Centres as a standalone flagship project, separate from Bella II.

Sector	Country – Region	Year ¹	Title of GG Flagship Project	Milestones	No ²
CLIMATE AND ENERGY					
Climate and Energy	Madagascar	2023	320 MW increase of renewable energy production with various sub-projects in Madagascar	2023 Signature of contribution agreement for rural electrification with AFD	1.
Climate and Energy	Jordan	2023	Aqaba Amman Water Desalination and Conveyance project	2023 Signature of the agreement with EIB for financing our EUR 50 million contribution. EIB signed the loan agreement with the Government last December. Start of construction is currently scheduled for 2024.	2.
Climate and Energy	Bangladesh	2023	Bangladesh Renewable Energy Facility: Development of solar and wind power energy	2023 Launch event to mark the start of the project/financing in Bangladesh (date tbc, likely once the technical assistance tendering procedure has been finalised) 2023 Signature of EIB Finance Contract with the Government and signature of EU Grant Contribution Agreement with EIB in 2030	3.
Climate and Energy	Georgia	2023	Black Sea Connectivity submarine electricity cable to export green energy from the South Caucasus to the EU	2023 Finalisation of World Bank feasibility study	4.
Climate and Energy	Namibia	2023	Construction of 85 MW solar PV plant combined with electrolyzers in Namibia	2023 Signature in the context of planned EIB operations	5.
Climate and Energy	Tunisia	2023	Construction of a first undersea high-voltage electricity cable interconnection between Italy and Tunisia (ELMED interconnection).	2023 Project proposal-to support the renewable energy part approved at NIP Board During Q2-2023, launching ceremony in Tunis with donors (KfW, BM, EIB, EBRD) Once the financial package has been finalised on the side of the EUR 306.7 million allocated by CEF to the project, CINEA will probably hold a separate launch ceremony with STEG and TERNA in Brussels 2024 Start of construction work expected	6.
Climate and Energy	Nigeria	2023	Construction of about 150 small photovoltaic-hybrid mini-grids in Nigeria	2023 Potential signature of EIB loan	7.
Climate and Energy	Morocco	2023	Construction of hydrogen power plant	2023 Conducting a call for proposals for P2X hydrogen power plant (Public Private Partnership)	8.

¹ Included in the Flagship projects list for the year indicated

² Project number in this consolidated table (does **not** refer to any other numbers in previous Flagship projects lists)

Climate and Energy	Tanzania	2023	Construction of Kakono Hydropower Plant in Tanzania	2023 Signature of Agreement with AFD	9.
Climate and Energy	Mozambique	2023	Construction of National Control Centre for Energy Infrastructure, and improvement of the reliability and sustainability of the power supply in Mozambique	2023 Selection of the Owner Engineer Launch of tender process for the works	10.
Climate and Energy	Cape Verde	2023	Construction of Pump and Storage Facility in Santiago island in Cape Verde	2023 Signature of agreement with EIB	11.
Climate and Energy	Fiji	2023	Construction of Qaliwana and Vatutokotoko hydro power plants in Viti Levu, Fiji	2023 Feasibility study finalized 2024 Formal financing request submitted to EIB	12.
Climate and Energy	Democratic Republic of the Congo; Burundi; Rwanda	2023	Construction of Ruzizi III hydropower plant for the Democratic Republic of the Congo, Rwanda and Burundi	2023 Launch of studies A joint TEI trip to Tshopo province is planned with the Development Cooperation Heads of the Embassies, to visit several activities in the regions and to launch the TEI at the university of Kisangani.	13.
Climate and Energy	Costa Rica	2023	Conversion of urban bus fleet to electric: 40 public e-vehicles contributing to a reduction of 5000 CO2 ktons/yr.	2023 Launch of TEI	14.
Climate and Energy	Sub-Saharan Africa	2023	Development of Congo Basin forest ecosystems, Transhumance landscapes in Central Africa, West Africa Forests, Sudano-sahelian savannahs of West Africa, Eastern Rift savannahs and watersheds, Transfrontier conservation areas of Southern Africa.	2023 Two (simplified) Financing Agreements are foreseen to be signed in 2023 on the regional NaturAfrica	15.
Climate and Energy	Argentina Chile	2023	Development of critical raw materials value chains for lithium and copper in Chile and Argentina	2023 Potential for MoU in Chile and Argentina to be signed on cooperation on raw materials, building on the trade agreement.	16.
Climate and Energy	Nigeria	2023	Development of generation and evacuation infrastructure for on-grid renewable energy projects and construction of six small hydropower plants of a total of approximately 2MW (approx. 2MW) in Nigeria	2023 Signature of Financing Agreement	17.

Climate and Energy	Argentina	2023	Development of Gran Chaco and expansion of the electricity transmission network cover	2023 Energy Dialogue	18.
Climate and Energy	Ecuador	2023	Development of green urban infrastructure projects	2023 Launching of the National Decarbonisation Strategy for Ecuador. Launch of national competition for project ideas from municipalities for the development of EU investment projects (financed by EIB, KfW, AFD) to support green urban infrastructure projects in Ecuadorian municipalities for the development of EU investment.	19.
Climate and Energy	Côte d'Ivoire	2023	Development of solar power plant in Boundiali and Serebou and extension, reinforcement, and upgrading of networks in Ivory Coast	2023 Inauguration of 37.5 MW grid connected solar plant (Boundiali, north part of the country)	20.
Climate and Energy	Djibouti	2023	Doubling the capacity of the desalination plant, construction of a solar energy plant and waste water treatment in Djibouti	2023 Signature of EIB Finance Agreement with the Government in 2023	21.
Climate and Energy	Panama	2023	Sustainable access to electricity through the extension of grids, construction of mini-grids. Implementation of isolated systems powered by renewable sources of energy. Metro lines extension. Energy Transition in Panama	2023 May 2023 : EU-Panama Dialogue on Financing the Energy Transition (EUROCLIMA) Launch of the universal access to energy project in Ngäbe-Buglé LAGreen invests USD 10M in CIFI green bond to finance renewable energy projects	22.
Climate and Energy	Mongolia	2023	Implementation of Forest partnership EU-Mongolia Forest Partnership	2023 Launch of the TEI Green economic growth – together with the national launch of the forest partnership and its roadmap. National launch of the Forest Partnership, together with the roadmap.	23.
Climate and Energy	Israel	2023	Euro-Asia submarine electricity interconnection cable linking Greece, Cyprus and Israel.	2023 Construction is scheduled to start in 2023 and be completed by the end of 2026	24.
Climate and Energy	South Africa; Mozambique; Uganda	2023	Expansion of a biogas plant (Bio2Watt project) producing biogas from animal waste and other waste sources	2023 Planned expansion of the South Africa plant to 9.8MW. Extension of the project to Mozambique and Uganda would lead to communication events in these countries marking these developments.	25.

Climate and Energy	Nepal	2023	Implementation of Team Europe Initiative on Green recovery Green Recovery in Nepal	2023 Launch event for the TEI February during a visit of the Commissioner with HoMs, government, EIB, Development partners, local government representatives	26.
Climate and Energy	Egypt	2023	High voltage electrical interconnection in the Eastern Mediterranean between Europe and Africa passing from Egypt to Greece (GREGY project)	2023 The project promoter, ELICA, a member of Kopelouzos Group, is expected to complete the project's feasibility study within 2023 and is currently evaluated by the European Commission regarding its potential status as a PCI project 2025 CEF grant application, completion of the DTS and CBA/Technical Analysis studies and award of the next final studies (environmental, civil works, marine, and engineering)	27.
Climate and Energy	Namibia	2023	Implementation of partnership on raw materials value chains and renewable hydrogen in Namibia	2023 Development of roadmap with concrete actions.	28.
Climate and Energy	Brazil; Colombia; Ecuador; Guyana; Suriname; Venezuela; Peru; Bolivia	2023	Implementation of the Amazon Basin TEI and the Amazonia+ programme to prevent deforestation in Central America Implementation of the Guyana/Suriname Forest Partnership Central America: implementation of the 5 Great Forests of Mesoamerica initiative of national systems	2023 Launch of the Five Great Forests of Mesoamerica initiative (cinco bosques). Launch of the Guyana/Suriname Forest partnership TEI following signature of the Partnership Forest MoU and VPA FLEGT in December Launch of the Amazon Basin TEI and the Amazonia+ programme to prevent deforestation 2024 Energy dialogue with Chile	29.
Climate and Energy	Burundi	2023	Improving access to electricity in Bujumbura, Burundi	2024 Signature of agreement with EIB is foreseen for Q2 2025	30.
Climate and Energy	Dominican Republic ; Regional	2023	Issuance of Green Bonds	2023 Technical assistance (TA) to the Government starting Jamaica: TA to Jamaica Stock Exchange starting to develop taxonomy Colombia: TA to develop taxonomy starting Costa Rica: TA to develop taxonomy starting Latin America Green: support issuing of at least 3 green bonds (in Dec 2022 the first blue bond was issued for Ecuador). 2024 <u>Dominican Republic: Start cooperation with GGGI to support the development of the green bond market in Dominican Rep. for both the private and public sector.</u>	31.

				<u>Commencement of a comparison study between the Dominican Rep taxonomy and EU taxonomy</u>	
Climate and Energy	Indonesia	2023	Investment plan via the Just Energy Transition Partnership (JETP) to expand renewable energies, phase down on and off-grid coal-fired electricity generation <u>Just Energy Transition Partnership (JETP) with Indonesia</u>	2023 Adoption of the Indonesia JETP Comprehensive Investment and Policy Plan (CIPP) Identification of Energy related programme with EFIs in TE approach	32.
Climate and Energy	Fiji; Tonga; Samoa; Solomon Islands; Kiribati; Timor-Leste	2023	Kiwa Initiative: Strengthen the climate resilience of Pacific Islands ecosystems, economies and communities	2023 Top-up EUR 20 million. Protecting climate change resilience of Pacific island. Project started in 2020.	33.
Climate and Energy	Mongolia	2023	Choir-Sainshand energy transmission line – Regional Development Investment Program <u>Mongolia Renewable Energy</u>	2023 Approval of the Mongolian Parliament for Aimag and Soum Centers Green and Resilient Regional Development Investment Program (ASDIP) to be followed by the signature of the EIB loan first tranche and EC investment grant first tranche 2024 Choir-Sainshand energy transmission line and substations construction works launched	34.
Climate and Energy	Chile	2023	Production of Green Hydrogen in Argentina, Chile, Colombia, Paraguay, and Uruguay	2023 Energy dialogue with Chile.	35.
Climate and Energy	Brazil	2023	Protecting tropical forests, fighting deforestation and achieving sustainable and smart cities in Brazil	2024 Energy dialogue.	36.
Climate and Energy	Nigeria	2023	Provision of combi-tracks solar energy and horticulture	2023 Signing a partnership contract between TomatoJos (major tomato paste processor), First City Monumental Bank and HortiNigeria (NL program). Launch of our Youth in Agribusiness (YAS!) programm.	37.
Climate and Energy	Jordan	2023	Rehabilitation and upgrading of As Salt sewage treatment plant, construction of biogas plant	2023 Start of operation of one of two treatment facilities	38.
Climate and Energy	Zambia; Zimbabwe	2023	Rehabilitation of the Kariba Dam between	2023 Construction works ongoing. Signature FA with the Government of Zambia	39.

			Zambia and Zimbabwe to minimise the risk of failure		
Climate and Energy	Papua New Guinea	2023	Rehabilitation of the port of Rabaul. Development of economic corridors and agricultural trade	2023 Formal financing request from PNG and the start of appraisal <u>Joint Letter of Intent on the port works signed among AFD, EIB, PNG Ports and DFAT kick starting the preparatory works of this initiative. Assessment ongoing.</u>	40.
Climate and Energy	Tajikistan	2023	Construction of Rogun Dam (hydro power plant) to double the energy production capacity of the country and advance the decarbonisation of the region <u>Rogun Dam hydropower plant construction in Tajikistan</u>	2023 7th EU-Central Asia High-Level Conference on Environment and Water, Rome Submission to EIB's Board and mobilisation of the EFSD+ guarantee. Finalisation of the financial our de table	41.
Climate and Energy	Democratic Republic of the Congo	2023	Strategic partnership on critical raw materials being explored	2023 Important political and business moment is foreseen in Kinshasa in March 2023 with the European Commission to build an EU approach on critical metals This project could help the negotiation of a strategic partnership between DRC and the EU	42.
Climate and Energy	Kazakhstan	2023	Strategic partnership with Kazakhstan on raw materials, batteries and renewable hydrogen	03/11/2025	43.
Climate and Energy	Papua New Guinea	2023	Support to rural entrepreneurship and trade & integrated sustainable landscape management in Enga province <u>Support to Rural Entrepreneurship, Investment and Trade in Papua New Guinea (STREIT PNG)</u>	2023 Maintenance of 127 KM of farm-to-market feeder/ring roads completed Maintenance and improvement of 5 airstrips completed Construction and improvement of 2 jetties completed	44.
Climate and Energy	Serbia; Montenegro; Bosnia and Herzegovina	2023	Regional – Western Balkans Trans-Balkan Electricity Corridor in Serbia, Montenegro, Bosnia and Herzegovina, 400kV Interconnection linking electricity transmission systems to those of Croatia, Hungary, Romania and Italy. <u>Trans-Balkan Electricity Corridor</u>	2023 Section 4 (Bajina Basta - BH/ME borders): The KfW loan agreement will be signed on 23 January. The tender documents are to be prepared this year. Section 3 (Obrenovac - Bajina Basta): Additional KfW loan: planned signing of loan agreement planned towards the end of Q1 2023. The construction works are expected to start in Q2 2024. The construction works are expected to start in Q1/Q2 2025	45.

Climate and Energy	Benin	2023	Upgrade of large-scale solar power plant and photovoltaic minigrids by the West African Power Pool (WAPP) in Benin	2023 WAPP (West African Power Pool) information and coordination centre inaugurated in 2023	46.
Climate and Energy	Vietnam	2023	Vietnam Just Energy Transition Partnership	2023 EIB to start consultations under Article 19 procedure Adoption of the Vietnam JETP Resource Mobilisation Plan (JETP - RMP) EIB's board to take investment decision 2025 Hydropower plant Tri An: KfW starts due diligence. The Tra Vinh project: Impact assessment and a decision on a phase 2 expansion	47.
Climate and Energy	Tunisia	2024	1.7 GW renewable energy programme	2024 Tender award. (EBRD)	48.
Climate and Energy	Jordan	2024	Aqaba Solid Waste Project	2024 Project signature - Aqaba Solid Waste Project	49.
Climate and Energy	Uzbekistan	2024	Aral Sea project	2024 Signature of AFD and EIB loans.	50.
Climate and Energy	Senegal	2024	Cleanup of Hann Bay (Dakar) in Senegal	2025 Inauguration of the wastewater treatment plant Adoption of the polluter pays principle	51.
Climate and Energy	Sub-Saharan Africa	2024	Climate adaptation and resilience in Africa	2024 Developed framework for climate adaptation finance in Africa	52.
Climate and Energy	Pakistan	2024	Climate Resilient Infrastructure (hydropower and irrigation systems) and TVET Centres Climate Resilient Infrastructure and Technical and Vocational Education and Training (TVET) Centres in Pakistan	2024 Launching Ceremony for PEACE II Launch ceremony for Energy+ and TVET IV Tech. & Vocational Training Centers launch ceremony	53.
Climate and Energy	Mozambique	2024	Coastal Protection Beira	2024 Tendering and start project	54.
Climate and Energy	Togo	2024	Coastal protection Togo	2024 Milestone 2024: start of construction (contract will be signed in 2023).	55.
Climate and Energy	Rwanda	2024	Construction and development of the Kigali Wholesale Market in Rwanda	2025 Final agreement on the financing architecture of the project	56.
Climate and Energy	Asia and Pacific	2024	Critical Raw Materials (CRM) in Central Asia	2024	57.

				<p>Launch event of the CRM technical assistance as part of the new regional Prosperity programme - Q3</p> <p>First investments with EBRD on CRM - Q4</p> <p>Top-Up of Central Asia Prosperity Programme by EUR13m, with a focus on CRM</p> <p>Top-Up of Central Asia Prosperity Programme with a focus on CRM</p> <p>Signing of MoU with Uzbekistan on CRM (April 2024)</p>	
Climate and Energy	Zambia	2024	Critical raw materials (CRM) Partnership Roadmap in Rwanda, Tanzania, Uganda and Zambia	<p>2024</p> <p>Signature of MoUs and Signature / Endorsement of CRM Partnership Roadmap</p>	58.
Climate and Energy	Albania; Bosnia and Herzegovina; Kosovo under UN Security Council Resolution 1244; Moldova (Republic of); Montenegro; North Macedonia; Serbia; Turkey; Ukraine	2024	Critical Raw Materials Exploration Facility	<p>2024</p> <p>The CRM facility is fully operational in 2024, with first investments expected.</p>	59.
Climate and Energy	Trinidad and Tobago	2024	Decarbonising the petrochemical industry through renewable energies in Trinidad and Tobago	<p>2024</p> <p>Wind Resource Assessment Programme in T&T launched Q3</p> <p>Revision of the Renewable Energy legal framework by Q4</p>	60.
Climate and Energy	Argentina	2024	Developing the sustainable lithium value chain in the Salta and Jujuy provinces in Argentina	<p>2024</p> <p>Roadmap for CRM: analysis of the eco-system around the Lithium value chain in Jujuy</p> <p>2nd lithium business mission to Argentina</p>	61.
Climate and Energy	Malawi	2024	Eastern Backbone Power Transmission in Malawi	<p>2024</p> <p>Signature financing agreement with government Q4</p>	62.
Climate and Energy	Not Applicable	2024	Energy Efficiency of Buildings	<p>2024</p> <p>Inauguration of the 1st rehabilitated building Q4</p>	63.

Climate and Energy	Barbados	2024	Energy transition through green hydrogen storage in Barbados	2024 Signature of loan with EIB Q3 By Q4 start of Construction under the Renewable Barbados project.	64.
Climate and Energy	Egypt	2024	Expansion of the Gabal Asfar Wastewater Treatment Plant	2024 Start of construction work Q2	65.
Climate and Energy	Namibia; South Africa	2024	Financial platforms for green hydrogen	2024 Investment commitments to 4 projects in the green hydrogen value chain in South Africa. Formal investment commitments to 4 green hydrogen production projects in Namibia. Several fundraising milestones in 2024.	66.
Climate and Energy	Albania	2024	Floating Solar Photovoltaic Power Plant in Vau i Dejës in Albania	2024 Start of construction work expected.	67.
Climate and Energy	Ecuador	2024	Forest Partnership Alliance to promote bioeconomy and trade in Ecuador	2024 Signature of the loan with AfD LACIF (Latin American and Caribbean Investment Facility) blending agreed.	68.
Climate and Energy	Moldova (Republic of)	2024	GrCF2 W1- Termoelectrica: Chisinau District Heating	2024 Project signature - GrCF2 W1- Termoelectrica: Chisinau District Heating	69.
Climate and Energy	Egypt	2024	Green and Sustainable Industries	2024 Official launch of the programme	70.
Climate and Energy	Côte d'Ivoire	2024	High voltage transmission line (backbone)	2024 Beginning of implementation. Consultant contract.	71.
Climate and Energy	Democratic Republic of the Congo	2024	Improving and securing electricity generation	2024 Signing of implementation agreement (Ruzizi II hydropower plant), Completion of the rehabilitation work INGA I and II and inauguration (Q2)	72.
Climate and Energy	Laos (People's Democratic Republic)	2024	Increasing trade, investment, and connectivity in agriculture and forestry (TICAF) Increasing investment, connectivity and trade in agriculture and forestry in Laos	2024 Signature of the forest-based value chain agreement with GIZ - Q1 Signature of the EU-EIB Contribution Agreement on the rehabilitation of National Road No. 2 (NR2) Signature of the TICAF Agriculture (Coffee & tea) value chain contribution agreement signed by EU and AFD in Dec. 2023	73.
Climate and Energy	Somalia	2024	Irrigation infrastructure in Somalia	2024 Q2 completion of the irrigation canals assessment Q4 First Somali international conference on agricultural value chains and investment opportunities	74.

Climate and Energy	Senegal	2024	Irrigation programme PARIIS; and rural development programme PADAER II.	2024 Tender; and Financial Agreement Signature	75.
Climate and Energy	Nigeria	2024	Jigawa Solar PV project	2024 The grant agreement was signed in autumn 2023 and will finance the feasibility study. 2nd half of 2024: AFD financing for the project implementation phase. End 2024: completion of the project feasibility study. 2025 <u>Signing of the financial agreements with Nigeria (2027)</u>	76.
Climate and Energy	Senegal	2024	Just Energy Transition Partnership (JETP).	2024 Finalization of the long-term strategy (LTS) for low greenhouse gas emission development; Definition of an investment plan, by Senegal to identify the opportunities to implement its fair and equitable energy transition.	77.
Climate and Energy	South Africa	2024	Just Energy Transition Partnership in South Africa	2024 Signature of the loan framework agreement between EIB and South Africa; the EIB Board is expected to approve the loan in mid-November. Signature and launch of the grants (Annual Action Plan 2023) to support SMEs, expand TVET opportunities and reinforce state capacity. Launch of the infrastructure IIPSA (Infrastructure Investment Programme for South Africa) grants. Signature is expected in the coming months First deliverables of the MAVAL mapping of value chains in South Africa (presentation of the mapping of Critical Raw Materials value chains).	78.
Climate and Energy	Zambia; Democratic Republic of the Congo	2024	KOLWEZI – SOLWEZI interconnector in Zambia and the Democratic Republic of Congo	2024 MoU and feasibility studies for rail line expansion (Luacano, Angola to Chingola, Zambia). Completion of due diligence studies and launch of feasibility studies for rehabilitation of Dilolo-Kolwezi section in DRC. Completion of feasibility study on solar power. Signature of Contribution agreement with the AfDB.	79.

Climate and Energy	Mozambique	2024	Modernisation of two hydropower plants	2024 Feasibility Study.	80.
Climate and Energy	Kenya	2024	Olkaria I & IV Uprating project	2024 Start of construction end of Q1.	81.
Climate and Energy	Madagascar	2024	Preservation of terrestrial and marine landscapes (Talaky Be) in Madagascar	23/10/2025	82.
Climate and Energy	Brazil	2024	Project Paulo Freire II	2024 Financing approval.	83.
Climate and Energy	Barbados	2024	Reduce chronic water shortages and improve wastewater systems <u>in Barbados</u>	2024 TA for the design of the water academy starts, including partnerships with EU Universities (e.g. NL). GIS mapping and design for 9km of pipeline and environmental sustainability studies for decentralised water treatment plants completed. Investment for South Coast Water Treatment Plant secured.	84.
Climate and Energy	Democratic Republic of the Congo	2024	Rehabilitation and expansion of drinking water infrastructure in the major city of Mbuji Mayi.	2024 Finalisation of works.	85.
Climate and Energy	Ethiopia	2024	Renewable, Integrated, Sustainable Energy and Digitalisation in Ethiopia (RISED Ethiopia) Rehabilitation and modernisation of the national transmission grid in Ethiopia	2024 AFD Award.	86.
Climate and Energy	Uganda	2024	Rehabilitation of Nalubaale-Kiira Hydropower Plant (380MW) <u>in Uganda</u>	2024 Signature of loan agreement (AFD)	87.
Climate and Energy	Jamaica	2024	Renewable energy production	2024 Business Forum in 2024 focused on the digital dimension.	88.
Climate and Energy	Honduras	2024	Rural development and productivity.	2024 In 2024: an event of exchange of best practices and dialogue among producers of challenges of rural development under climate change.	89.
Climate and Energy	Cameroon	2024	SODECOTON – Modernisation of the industrial tool and energetic transition of Sodecoton	24/10/2025	90.

Climate and Energy	Angola	2024	Solar Park for Rural Electrification	2024 Start and finalisation of construction works in different provinces.	91.
Climate and Energy	Ghana	2024	Solar power plant Kaleo	2024 Opening of Kaleo foreseen for 2024.	92.
Climate and Energy	Dominica Republic	2024	Solid waste management	2024 Financial agreement signature.	93.
Climate and Energy	Bangladesh; Bhutan; India; Nepal; Sri Lanka	2024	South Asia Energy connectivity	2024 Signature of framework loan Bhutan Q1 2024 (EIB) Inauguration of transmission lines Nepal Q2 2024 (KfW) Dudhkoshi Storage Hydroelectric Project signature in Q4 2024	94.
Climate and Energy	Mexico	2024	Sustainable multidimensional Energy Project	2024 High-level mission with companies in 2024.	95.
Climate and Energy	Egypt – Neighbourhood South Morocco	2024	Sustainable urban development with the FEC	2024 Signature of the convention planned in T4	96.
Climate and Energy	Ukraine	2024	The Energy efficiency of buildings	2024 Start of rehabilitation works from Q1	97.
Climate and Energy	Kenya; Rwanda	2024	Transfer of innovative Polish biogas technology to the agricultural sector in Kenya	2024 Conducting market research to understand local conditions, availability of raw materials, energy needs. Carrying out a so-called substrate inventory.	98.
Climate and Energy	Americas and Caribbean	2024	Turning the Tide - Sustainable Practices & Economic Opportunities Turning the tide - Sustainable practices and economic opportunities for sargassum value chain development in the Caribbean Basin	2024 Signature of the convention with AFD Financing and Launch of a feasibility studies' programme by AFD Groupe. By end Q2 regional event to unveil commercial opportunities for sargassum application. By end Q4 launch of one-stop-shop platform for sargassum action.	99.
Climate and Energy	Ukraine	2024	Ukrenergo power transmission and support to other companies (energy grid)	2024 Development of detailed power transmission grid reconstruction and development investment plan. 2025 Delivery of critical equipment such as autotransformers	100.
Climate and Energy	Colombia	2024	Urban climate resilience	2024 Announcement of this new financial commitment for 2024 during the Colombia-	101.

				German intergovernmental consultations in Berlin in June.	
Climate and Energy	Côte d'Ivoire	2024	WASUNA project	2025 Conclusion of the AFD feasibility studies to be shared.	102.
Climate and Energy	Paraguay	2024	Water and Sanitation Programme	2024 Kick off / Tender	103.
Climate and Energy	Jordan	2024	West Irbid Wastewater Treatment Plant	2024 Project signature. (EBRD) - West Irbid Wastewater Treatment Plant	104.
Climate and Energy	Zambia; Tanzania; Kenya	2024	Zambia – Tanzania – Kenya (ZTK) Interconnector	2024 Signature of contribution agreement with the AfDB	105.
Climate and Energy	Cameroon	2024	Construction of a hydroelectric dam (420 MW) NACHTIGAL Construction of the Nachtigal hydroelectric dam (400 MW) in Cameroon	2024 Inauguration and start of production of the first turbine.	106.
Climate and Energy	Cambodia	2024	Water treatment plant in Phnom Penh in Cambodia	2024 Ground breaking ceremony - Q2	107.
