Subject: OSOA Package: Proposal to set up an Ad Hoc Working Part - Setting up a Community in the DP – Call for nomination of “nominated delegates”

In order for the proposed Ad Hoc Working Party on the implementation of the "One Substance, One Assessment" approach to chemical safety assessments (AHWP OSOA) to be operational as soon as possible, it is necessary to set up a corresponding Community in the Delegates' Portal.

For this purpose, delegations (Member States and the Commission) are kindly invited to send the name and email address of one, or maximum two, "nominated delegates" to the Council Secretariat (environment@consilium.europa.eu, [REDACTED]), by **Tuesday, 16 January 2022 cob, at the latest**.

Once inserted into the system, nominated delegates will receive a notification informing them that they can start appointing additional members to their delegation. When all delegations have appointed their "nominated delegates", the new community will become operational and all Member States and the Commission will directly receive information and documents related to the work of AHWP OSOA.
