PRESIDENCY STEERING NOTE

WORKING PARTY ON THE ENVIRONMENT (WPE) – 20 February 2025 GREEN CLAIMS DIRECTIVE (GCD) 2023/0085(COD)

At the meeting of the Working Party on the Environment on 20 February 2025, the Presidency will inform the delegations about **the state of play of the interinstitutional negotiations** concerning the **Green Claims Directive**.

During the meeting, delegations will have the opportunity to briefly signal their flexibilities on the EP amendments and Council general approach in one general round of discussion to help guide the Presidency's work in the upcoming technical negotiations.

Based on the input from delegations, the Presidency will continue the technical work ahead of the second trilogue scheduled for 24 April 2025. Prior to the trilogue, delegations will have another opportunity to express their views in the Working Party with a view to preparing a revised mandate for Coreper in April.

Delegations are kindly invited to consult the updated **four-column table** that will be circulated to delegations and refer to the row number(s) in that document and indicate clearly whether they are intervening on the Council or EP position.

The Working Party starts at **around 15:00** right after concluding the previous agenda item – *Presidency debriefing on the outcome of the second trilogue on the revision of Waste Framework Directive*.
