Presidency Flash Note
Working Party on Technical Harmonisation

Dear colleagues,

We look forward to joining you on Wednesday 14 February for a meeting of the working party on technical harmonisation motor vehicles from 2.30pm.

During this session, we will return to two proposals that are part of the additional proposals and initiatives to rationalise reporting requirements adopted by the Commission alongside its 2024 Work Programme. First (*agenda item 2*), the Commission will present its proposal on radio equipment (doc 15890/23). Delegations will be invited to submit written comments by **Friday 16 February at 10am**. Then (*agenda item 4*), we will have a final discussion on the type-approval proposal (doc 15897/23).

The Presidency will debrief the inter-institutional negotiations on NRMM and prepare with the delegations for the trialogue on 21 February (*agenda item 3*). The Commission will close the afternoon with the formal presentation of the Proposal for a COUNCIL DECISION on the position to be taken on behalf of the European Union in the World Forum for Harmonization of Vehicle Regulations of the United Nations Economic Commission for Europe (*agenda item 5*).

We are looking forward to seeing you again!

Best Regards,

Belgian Presidency Tech Harm Motor Vehicles Team
