17a				<i><u>(8a) Non-harmonised products can also be crisis-relevant goods. Therefore, some of the relevant mechanisms under this Regulation, notably the presumption of safety based on national requirements, national or international standards, could provide an additional avenue to establish the presumption of safety of non-harmonised crisis-relevant goods during the crisis. This would facilitate the placing on the market of non-harmonised crisis-relevant goods in times of crisis.</u></i>
