Monitoring & evaluation (Art 20)

- To guide the effective and efficient implementation of the regulation and foster country knowledge (mutual learning).
- Topics of specific interest:
 - (a) the implementation of the EIF by the Member States;
 - (b) the take-up of the interoperability solutions in different sectors, across the Member States, and at local level;
 - (c) the development of open-source solutions for the public services, public sector innovation and the cooperation with GovTech actors in the field of cross-border interoperable public services to be delivered or managed electronically in the Union.
- Focus on reuse and automated data collection.
- First evaluation after 3 years, and every 4 years thereafter.

Chapters

1. General provisions
2. Interoperable Europe Solutions
3. Interoperable Europe support measures
4. Interoperable Europe Governance
5. Interoperable Europe planning & monitoring
6. Final provisions

Final provisions

Costs & entry into force

Costs (Art. 21)

- Subject to the availability of funding, the general budget of the Union shall cover the costs of:
 - (a) the development and maintenance of the Interoperable Europe portal;
 - (b) the development, maintenance and promotion of the Interoperable Europe solutions;
 - (c) the Interoperable Europe support measures.
- These costs shall be met in compliance with the applicable provisions of the relevant basic act.

Entry into force (Art. 22)

20 days after publication in Official Journal. Application 3 months after.

Chapters

1. General provisions
2. Interoperable Europe Solutions
3. Interoperable Europe support measures
4. Interoperable Europe Governance
5. Interoperable Europe planning & monitoring
6. Final provisions
