Industry Working Party Flash WP February 27th

Dear colleagues,

We are looking forward to welcoming you to the second WP meeting where we prepare for the trilogues on the **Chips Act**. The meeting will take place on **February 27th**, morning session only, starting at 10:00 am.

As announced in an earlier flash, at this meeting we ask the delegations to express concerns of high importance about the EP's amendments relating to pillar 3 and the new elements on mapping and due diligence.

To enable the delegations to prepare their interventions we want to inform you that the session will be divided in two blocks. We start with delegations' **important concerns** on topics from Article 14a (row 212a) to Article 18 (row 249), that is including the new EP elements on long-term strategic mapping and due diligence. We then continue with the rest of pillar 3 and will ask delegations if they have **any important concerns** on this and the remaining parts of the EP proposal.

Thank you for the input last Monday and we are looking forward to continuing the exercise on the 27th !

Best regards,

The Swedish Chips Team
