Subject: Working Party Meeting on Technical Harmonisation (Dangerous Substances -
Chemicals) on 13 March 2023
- Presidency Flash

Swedish Presidency
of the Council of the
European Union

Flash – Working Party on Technical Harmonisation (Dangerous Substances – Chemicals)

13 March 2023

Dear colleagues,

We are happy to welcome you to the fourth meeting of the Working Party on Technical Harmonisation (Dangerous Substances – Chemicals) on the revision of the **CLP Regulation** during the Swedish Presidency. The meeting on 13 March will start at 10:00 in the Justus Lipsius building of the Council, and will be a full day meeting.

During this meeting, we will continue the **article-by-article examination of the CLP proposal** in the order of the clusters as set out in document WK 1216/2023. We will start with sub-cluster A4 and thereafter continue to clusters B, C, and D.

Additionally, we will include an AOB item on the question posed by Belgium concerning nanomaterials (see WK 1806/2023).

After the meeting, the Presidency would like to invite Member States to submit their comments and drafting suggestions by 20 March. Please send your submissions to both se23.techharm-chem@gov.se and chemicals@consilium.europa.eu using the table that will be sent to you in connection with the meeting, and indicate in your email if you do not approve of circulation through the Delegate's Portal.

We look forward to seeing you on the 13th of March!

Swedish Presidency CLP team
