Subject:	Regulation on cross-border enforcement of unfair trading practices (UTPs) - Comments from The Netherlands

Thanks for the opportunity to provide written comments on the proposal.

The proposals are now being studied in detail and the following are only preliminary questions/comments

- Could you clarify the following extract of Article 1(1) “if the Member State so decides in accordance with paragraph 4 of Article 5” and Article 5(4). Which Member State is meant here, the Member State whose authorities are being requested to enforce national UTPs or the Member State whose authority requests enforcement of national UTPs?

We reserve our right to come up with further questions and comments at a later stage.
