Subject: Industrial Emissions Directive and Industrial Emissions Portal Regulation: Impact Assessment - Indicative Checklist

Based on the Interinstitutional Agreement (IIA) on Better Law-Making of 13 April 2016 and following a Coreper decision on examination of Commission impact assessments (IAs), it was agreed that IAs are to be examined at working party level with the help of an indicative checklist. To this end and with a view to the discussions on the above proposal, delegations will find attached the indicative checklist, which is intended to help delegations prepare their views on the IA as part of their consideration of the Commission's proposal.

Please note that the checklist is purely indicative and non-exhaustive, and should be used in a flexible way taking into account what is relevant and appropriate for each legislative file. Delegations are not required to provide written replies, but can do so if they wish.
