Flash – Working Party on Technical Harmonisation (Dangerous Substances – Chemicals - Detergents)

16 May 2023

Dear colleagues,

We are happy to welcome you to a meeting of the Working Party on Technical Harmonisation (Dangerous Substances – Chemicals) dedicated to the Commission's new proposal for the Detergents regulation.

This **morning (only) meeting** will take place on **16 May at 10:00** in the Council Building.

During this meeting, the delegations will receive a presentation of the Commission's **proposal for a regulation of the European Parliament and of the Council on detergents and surfactants, amending Regulation (EU) 2019/1020 and repealing Regulation (EC) No 648/2004**. The Commission will also present the proposal's impact assessment. Delegations will during the meeting be invited to ask questions and share any initial reactions.

The proposal and the impact assessment are available in the Delegates Portal (ST 8904/23 + ADD 1-7). As a tool for Member States in their own examinations, the usual checklist has also been shared in the Delegates Portal (WK 6039/23).

We look forward to seeing you on the 16th of May!

Swedish Presidency Tech Harm team
